

Full Moon of Aquarius, eleventh Full Moon of this Astrological Year, on Sunday, February 1, 2026, at 22:09:51 in Romania:

The main Keynote or phrase to consider for all Aquarius Full Moons (each year): **“Water of life am I, poured forth for thirsty men (Souls).”** The Aquarius Full Moon Keynote of Light each year is: **“The Light that shines on Earth, across the sea. (Hint: This is the light which ever shines within the dark and cleansing with its healing rays that which must be purified until the dark has gone.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Aquarius is Ray 4.** So, Aquarius is considered to have a main energy of Harmony through Conflict or what is considered as Beauty. It is a recommendation to consider the Aquarius Keynotes as Ray 4 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We are again continuing to take one example of a different individual's ray structures per month from the books, “Discipleship in the new age I & II” by Alice A. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally, for now, this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschooll.html>.

Aquarius is the eleventh sign of the new Astrological year and the eighth of the nine 'grounding or anchoring energy and consciousness' Full Moons of the year. It helps to continue to manifest the new 'birthing' energy of the higher building cycle for the astrological year which happened during the past full moons of Aries, Taurus, and Gemini (April, May, and June) which is also called the Higher Interlude. Then Aquarius and the following one different full moon of the year continue to ground or anchor and manifest these higher interlude energies and consciousness and are considered the Lower Interlude. Addendum 3 from the past Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

The Key to the Ray 4 Method is: "Let the outer glory pass away and the beauty of the inner Light reveal the One. Let dissonance give place to harmony, and from the center of the hidden Light let the soul speak, let the word roll forth: 'Beauty and glory veil Me not. I stand revealed. I Am.'"

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative (www.2025initiative.org)

and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendum started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: www.sam2013.org/group_consciousness.html (or we can send you a copy).

A. Notes on this coming Full Moon of February/Aquarius:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 4 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the eleventh of twelve different Full Moons of this Astrological year** and is the eighth of the nine different full moons for grounding of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. This Full Moon and all Full Moons** for the rest of this astrological year will come before the New Moon in each astrological sign. This normally makes meditations more difficult due to the next Full Moon impulse coming before the New Moon impulse and should be given consideration in our meditations for the rest of the year.
- 4. Previous addendum 1 from the Full Moon report of Aries (April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we continue through this seventh Astrological Year of this group formation and the group's functioning.
- 5. Addendum 1 below again relates to** information and specific individual examples of how each Ray can and does effect the different parts of our being and 'determines' our roles in a Monadic Manifestation Group.
- 6. The 2025-6 astrological year Annual Keynote is,** "LET THE GROUP EXPRESS THE QUALITY OF THE HIDDEN VISION:" Hint: "The hidden vision is not "man's vision of God" but "God's own vision of His purpose."

B. Notes and Activities on or since the last Full Moon January/Capricorn:

- 1. SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continued Astrological year and of the grounding of consciousness cycle of the astrological year and of this year of Impulse on the next 100 years. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group exoteric, esoteric, and occult crystals and now also with some of the new hand held crystals this year (see previous Full Moon Reports for details).
- 2. All new crystals for this 2025 impulse year, that happens once every 100 years,** have been received and this culmination of the crystal grid as a blueprint for this group work has been anchored on this just past Summer Solstice Puja (see previous reports for more information and pictures of these crystals and the Puja).
- 3. Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was at Leontina and Zoli's spring 2025 and at Virginia's book launch in Cluj fall 2025.
- 4. Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. See previous reports. Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous updates. Pamantul Stramosesc has been dissolved as a formal association in 2025. July 27, 2025 there was a spontaneous meeting with a well known herbalist and shared meal with open discussion at Loredana's house.
- 5. SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.

6. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. See previous reports. The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.** The consultations are continuing. The set was shown in a conference at EsotericFest in November 2025 with good results. Please let us know if you are interested. Images of the 3-fold publicity flier both front and back were shown below Item 9 on the last Full Moon Report of December 2025. The publicity flier shows the Scientific Alchemical Mysterious ways that the SAM2013 Synthesis Tri-Level Color System corresponds and transfers into the hypothetical systems of Plant Distillation with Water Oil Alcohol; the Human Being with Sycal Astral Mental bodies; the Sycal-Etheric Physical with Discipline Equilibrium Tolerance; the Big Dipper of the determining Rays of Light of our Solar System and how these Rays fit into Laws; the way these laws fit into groups; the Egoic or Auric or Soul Lotus and how that translates, corresponds and into Planes, Centers, Chakras and Kingdoms (which, in our experience, is one of the greatest illustrations of the 'Constitution of Man', how we function, ever made available to humans) and which the SAM system codifies in Tri-Levels of Color with three different color progressions. An ANATECOR certification course with the set of colors took place on January 17, 2026 in Arad at the Vasile Goldis faculty with 26 participants. We will receive feedback soon from the faculty.
7. **SuonAngelMiriam are working with Remus and others onto updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. **Remus passed in May 2025** however, he is still being considered as part of the group from the Auric or Soul level and the project at present is continuing. We have been attending his remembrance services.
8. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
9. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update. Phone meetings and messaging are on-going.

C. Previous Activities Archive:

1. **2020 Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.**
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'. See FM Sagittarius 2023 for final update on this report.**
3. **2024 SuonAngelMiriam have met personally with Georghe Piperea and joined his class action law suit against the constitutionality of mandates. Suit was lost, see previous report details.**
4. **2024 We participated in Remus' course about Stress Management held through ANATECOR** which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and ANATECOR organized for the professor Mircea Stefea who passed in 2023.
5. **2025 Poppy research at BioFarmland (BFL) at Virginia's suggestion.** After three years of starting to self propagate in 2025 the project has been stopped since it would require permits to continue propagation.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2025 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens this year 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.

4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestion, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

ADDENDUM 1:

These 12 monthly addendum (during this 2025 Astrological year) and this once in 100 year, 'year of higher impulse' are being written and designed to help each person understand and apply their Ray qualities, in their Color Consultations, to the opportunities available at the time of the Full and New Moons, Solstices and Equinoxes for gaining more conscious understanding and then applying that conscious understanding in their daily lives. Hopefully you will enjoy them independent of what changes in consciousness or life they may bring as long as what comes is 'higher and forward' – **SAM**.

A. Forward notes by SAM restated from the above Report:

This month we are continuing the year of adding information with specific and general examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We are taking one example of a different individual's or a general type of individual's ray structures per month from the books, "Discipleship in the new age I & II" and "Esoteric Psychology I & II", by Alice A. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of 'Synthesis' (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates' into, determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoo.html>.

Examples of a different individual's Ray structures are from the books, "Discipleship in the new age (DINA) I & II" and "Esoteric Psychology II", by Alice A. Bailey - AAB. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups (Free online at: https://www.lucistrust.org/online_books/discipleship_in_the_new_age_vol_i_oobooks).

B. Forward Notes by AAB briefly restated from the previous Report (see previous Full Moon report of Cancer, in July 2025, for full statement):

We are taught in the esoteric philosophy that seven great divine Emanations, Aeons or Spirits (in Whom we live and move and have our being) came forth from God at the time of the Creation. The same teaching can also be traced in the Holy Bible. Upon one or other of these seven Rays, the souls of all forms of life are to be found as well as the forms themselves. These seven rays produce the seven major psychological types.

These seven rays or emanations are:

1. The first Ray of Will or Power. Many great world rulers are found on this ray, such as Julius Caesar.
2. The second Ray of Love-Wisdom. The Christ and the Buddha are to be found on this ray. It is the great teaching ray.
3. The third Ray of Active Intelligence. The mass of intelligent humanity are found on this ray.
4. The fourth Ray of Harmony through Conflict. Aspirants. Struggling, well-meaning people. Workers for unity emerge along this line.
5. The fifth Ray of Concrete Knowledge or Science. Scientists and people who are purely mental and governed only by the mind.
6. The sixth Ray of Devotion or Idealism. Many Christian people. Fanatics. Numbers of earnest Churchmen of all the world religions.
7. The seventh Ray of Ceremonial Order or Magic. Masons. Financiers. Great businessmen and organizers of all kinds. Executives are found with these energies in their equipment.

However, only when a man is highly developed and nearing the Path of Discipleship is it possible for the esoteric student accurately to surmise what his ray may be. People of all kinds and professions are found on all the rays. **The conflict in a disciple's life is found to lie in the fact that the ray of his soul and the ray of his integrated personality are posed against each other. At the same time, his emotional nature, his mental equipment and his physical brain are also controlled by some one or other of the rays and in this five-fold relationship lies hid much of the problem of the evolving human being.**

C. Introductory Notes by AAB continued in Capricorn 2025 are now continued in Aquarius:

...PART IV

As these groups of disciples become active in the world and their inner integration and group relationship become securely established, we shall have the germ of those characteristics which will dignify the New Age groups. I would ask you all never to forget that this group work you are attempting to do is in reality pioneer work and hence has all the difficulties which pioneer work inevitably and necessarily has. Thereby strength to grow is gained. As the number of these groups increases and the personnel is gradually supplied, the skeleton framework of a future structure will slowly emerge. How that structure [Page 31] will appear when completed is known only to the inspired vision of the architects. But the foundations must be set sure and deep; the framework must be true and rightly adjusted. These two requirements are all that any of you will see materialize in this present lifetime.

Have you realized, however, my brothers, what occult progress in the world you have been permitted to see during this present lifetime? Have you glimpsed the magnitude of the present push that is being made by the Masters and have you recognized Their plans taking shape before your eyes? Have you grasped the essentials of what the Great White Lodge has done during the past twenty-five years and the extent of the work in which disciples and aspirants everywhere have been permitted to share? I would like briefly to enlarge somewhat upon this so as to make the picture clearer to your eyes in order that you may cooperate with greater intelligence, for this is above everything else group work.

Slowly and gradually, as far as you are all concerned, I have gathered together a band of disciples upon the outer plane. As the group thoughtform integrated and disciples responded to my call, found each other and began to work together, it became possible for me to go forward with my chosen work and carry forward the plans which I set myself when I took a certain initiation.

First of all, the books were published and they came out in ordered sequence and provide a body of teaching and of truth which will serve the needs of the coming generation. It is for my disciples to safeguard this presentation of truth during this century and to see to it that the books are sent forth steadily upon their mission, until they are finally superseded next century by a newer and more adequate teaching.

Next came a happening of vital moment—of more moment than you can perhaps appreciate. An instruction upon the New Group of World Servers was sent out and given wide distribution by means of the pamphlet entitled *The Next Three Years*. This signaled the anchoring—if so I might call it—of the New Group of World Servers upon the physical plane. They are now in active existence. The group is slowly integrating and slowly making its influence felt in the primary work of educating public opinion—the only potent means of work and of far more potency and ultimate value than any legislation or emphasis upon authority.

Growing out of the integration of this new group, there is being formed in the world that "bridge of souls and servers" which will make possible the merging of the inner subjective Hierarchy of souls and the outer world of humanity. This will constitute an actual fusion or blending and will mark the initiation of the human family through the achievement of its foremost pioneering members. This is the true "marriage in the Heavens" of which mystical Christianity speaks and the result of this fusion will be the manifestation of the fifth kingdom in nature, the kingdom of God. In the past history of the race, a great event occurred which brought into manifestation the fourth kingdom in nature, the human kingdom. We stand now on the verge of a similar but still more momentous event—the appearance of the fifth kingdom, as a result of the planned activity of the New Group of World Servers, working in collaboration with the Hierarchy of perfected souls, and under the guidance of the Christ Himself. This will usher in the New Age wherein five kingdoms in nature will be recognized as existing side by side upon earth.

You have, therefore, been permitted to share in and watch the work of the Hierarchy to the extent of your individual spiritual contact and have seen the following spiritual events taking place:

1. The sending forth of the teaching for the New Age. This deals with the new psychology and with the control of the personality and with the Mysteries of the Kingdom of God.
2. The founding in embryo of those schools of esotericism which will embody the teaching for the new discipleship and make it practical in application. There are several of these schools and the Arcane School is one of the first. They prepare the way for the greater foundations, outlined in my book, *Letters on Occult Meditation*.
3. The recognition on a fairly large scale of the New Group of World Servers and their work.
4. The emergence—as yet only in symbolic indication—of the fifth or spiritual kingdom.
5. The forming of the skeleton structure of the new groups of disciples, the externalisation in embryo of the inner Ashrams. These in the New Age will multiply and so carry forward the work of integrating the inner and the outer groups and fostering the growth of the Kingdom of God on earth. This will bring to public attention the fact of the restoration of the Mysteries of Initiation.

The production of the outer form on earth, through the medium of books, of esoteric schools and the educating of public opinion has been committed to a group of us who form a part of the inner world government—disciples and initiates—and to this group, I play the part of secretary and of organising contact man—if I may use words which will mean something to your ears, versed as you are in physical plane organization work; they mean little or nothing to us, versed as we are in the work of producing living organisms. This group to which I refer is composed of two oriental initiates (of whom I am one) and of five occidental initiates.

We will leave now the consideration of this general picture and return to the subject of the specific work that this particular group of my disciples can do. You must avoid the idea that you are working in a unique way and alone. This is not so. There are many today working intelligently with our plans, often isolated and alone. The main requirement in the group work which I seek at this time to emphasise is the most difficult one of a true impersonality. On two points, disciples in the past have ever been emphatic. They have seen and felt the need for reticence, where there is any inner spiritual experience, and have felt that the relating or the discussion of the spiritual and the higher psychic events in their lives produced a sense of loss and was against the occult law. They have equally demanded reticence about their personality lives, about their mistakes and failings, and have demanded it more loudly than the permission to be silent about their soul life. Their demand has been based on a true recognition that the discussion of a spiritual happening with

those who do not understand has in it a great deal of danger—the danger of misinterpretation, of glamour and of illusion. The desire for reticence in the personality life is based usually on pride, on a fear of criticism, on terror of being derided, misunderstood and judged; these are all unworthy motives.

Among the disciples of the New Age groups and ever in a Master's inner Ashram, there is no need for this theory of reticence. You are co-disciples and co-workers. If any of you have in the past or may in the future become initiates, it will not affect your relation to your fellow-disciples in these groups. The knowledges of initiation cannot be passed on by word of mouth within the initiate ranks, for they are not communicated in speech or by letters. Only those who possess certain transcendental senses can take initiation and should they try to communicate the secrets and mysteries of initiation in symbol or form, you would fail to react to or to understand their meaning.

So, in this group of my disciples, let there be the recognition of unity of thought. Experience, thought, difficulties and problems can be shared, and the cultivation of a sympathetic understanding and of mutual aid in the spiritual life can be developed. Disciples are people of mature years from the standpoint of the soul, and, therefore, the pettinesses of life and small frictional difficulties will not be shared by you with each other. There should be no temptation to waste each other's time in idle talk. It is the broad and general outline of the plan for the outer work of these groups of disciples which should engage your thoughts and communications with each other.

The groups planned will be of many different kinds and their work will be diversified and varied. I have for some time desired to write a little more fully about the groups which are forming in the world today, under direction of the Masters. They will gradually make their appearance in the world and fulfill their destined mission. Four of these groups are already formed or in process of forming and the others will gradually be created to meet advancing need.

It is essential that members of these groups have a wider vision than they now have; their membership in any of the groups constitutes an act of service which they are rendering to the work which I and other members of the Hierarchy are carrying forward under the Plan. The individual disciple must not look upon his work as a marvelous opportunity for his own spiritual advancement. All true disciples are equally distinguished by a determination to make the groups successful and all are longing to get as much out of the group work as possible. All are genuinely animated by a desire to serve but also by a general satisfaction over the interest and opportunity offered by the group work. Along with these most normal and right reactions are to be found much ignorance as to the true significance of the work, a good deal of selfish pleasure and some ambition. This is natural, for no perfection is yet to be expected among disciples. If perfection existed, you would all be found working in a different relation to the Great White Lodge.

In order to clarify this group work which the Hierarchy plans and enable you to grasp the intent clearly, I will tell you something of the purpose which lies behind the groups and of the general plan into which it is desired that they fit. In the early stages of any hierarchical experiment, much difficulty is encountered, owing to the material with which the initiating agents (such as myself) have to work. Any new idea, especially if it embodies a purpose which can only materialize later when the Plan is further perfected, fails naturally to meet with full comprehension in the early stages.

I have said that these groups constitute an experiment. This experiment is fourfold in nature and a concise statement about it may prove helpful.

I. They are an experiment in founding or starting focal points of energy in the human family through which certain energies can flow into the entire race of men.

II. They are an experiment in inaugurating certain new techniques in work and in modes of communication. I would point out that in these last three words are summed up the whole story. These groups are intended to facilitate interrelation or communication as follows:....

D. PERSONAL INSTRUCTIONS 7 – C. A. C.:

Note 1: Some of the formatting for the Higher SAM Synthesis and Lower SAM Mergration below have been modified from the Aries, Taurus and Gemini Full Moon Report formats. This is to hopefully be more clear, especially involving the fact that the Monadic Ray is generally not specified in the DINA information by AAB but is in general being hypothesized in the SAM information.

Note 2: It is highly recommended to reread the previous **Virgo 2025 Full Moon Report Addendum 1 on the 'hypothetical generalizations of people who are in the process of integrating their Sycal, Astral, and Mental consciousnesses into an integrated personality or Soma'** for its more detailed information on: 1. The subsequent 'problems that may arise' from integrating our personality (Soma) and fusing it with our soul (Aura). 2. The definitions for the words subconscious, conscious and super-conscious used in these Addendum this year. 3. The two groups of people who are powerfully affected by this 'integrating process' (SAM – Synthesis And Mergration processes). 4. The process of establishing of a definite relation with the soul. 5. The self or therapeutic studies to be made in this new approach to help understanding of these processes. 6. What answers are the goal of this work. 7. How the two words "peace" and "good will" apply to this work. 8. SAM – the way these hypothesizes apply to our color interpretations.

You have been asked to serve in my group of disciples for three reasons. It might interest you to know what they are, for then you can serve more intelligently, and that is ever your desire. I give them to you in order of their importance, beginning with the least important at the present time and yet, perchance, with one which you can most easily recognize.

1. An ancient karmic link with me, your Tibetan Teacher, and also with a co-worker, in a chosen field of service.
2. A basic and lifelong interest in the field of education. This will make our chosen theme for study to have much significance and interest for you.
3. A definite and recognized inclination towards all that concerns the New Age. It is this consciousness of the new incoming influences which has brought you into a New Age group.

I am glad, my brother, to have you associated with this group and I believe that you will benefit much, as well as bring much of benefit to others. Such work as you are now undertaking brings with it its own difficulties and problems. These are not yet particularly apparent as the group is only in process of integrating and the true group problems (to which I am here referring) can only emerge after the group brothers have worked together for some little time. They are problems of temperament and occasionally of injudicious action, problems of understanding and of interpretation, and also problems of application of the peculiar New Age teachings to the present time. This latter problem involves also the problem of right compromise, and a true sense of the time values.

The life period ahead of you is that of the sannyasin, of the one who—having tasted to the full of life experience—is now dedicated to the life of spiritual values and to their teaching to others. Ponder on this.

I am assigning you no special work. I would ask you to study the instructions I have given to this group with care and with as much speed as is consistent with careful study and understanding. You can then take up the work intelligently along with the other group members, and proceed with them to the next step and the next unit of teaching.

I know you have thought much upon the subject of which rays condition you and which forces are available for you to use. Let me tell you what are your rays and the dominant forces with which you have to work in this incarnation:

Your soul ray is the first Ray of Will or Power, as is also the ray of your physical body. Hence, if you so choose, comes the facility and ease with which your soul can impress your brain. This tends also to make you very intuitive, though not at all psychic. It gives you—again if you so choose—organizing power, and the use of a dynamic, spiritual will which can carry you through and over all obstacles. Use it, my brother, with greater frequency—not on others but on yourself and in connection with anything you seek to do in the working-out of the Plan.

Your personality ray is the second Ray of Love-Wisdom and this enables you safely to evoke and use your first ray Will, for it will then be inevitably modified by your personality focus. You will note, therefore, how this tends to make you fairly well-balanced, when you act as a personality or as a soul.

Your mental body is on the fourth Ray of Harmony through Conflict and this, at times, upsets your balance and your equilibrium. Your desire for harmony sometimes produces short-sighted vision and you tend to act precipitately. When this occurs, you later discover that you initiated conflict instead of having instituted harmony, as had been your original intention. But you can learn much thereby, because, in the last analysis, the fourth ray governs humanity itself as well as this planet, the earth; your fourth ray mind can always, therefore, put you in touch with the world of men, and do it with greater safety than can your emotional nature. This fact, coupled with the wisdom and love of your personality, should aid you greatly in the task of working with people which is your chosen field of endeavor and expression.

Your astral body is, as I dare say you have suspected, upon the sixth Ray of Devotion. This gives you idealism, devotion to causes, your power to sacrifice and your determination always to produce good out of seeming evil. This latter characteristic is outstandingly yours. I would like here to call to your attention that there is a lack found in your equipment of the modifications of the first ray line of energy. You have none of the forces of the third, fifth, or seventh rays in you at all. Balance is preserved through your first ray aspects. Therefore we have:

1. Your soul ray—first Ray of Will or Power.
2. Your personality ray—second Ray of Love-Wisdom.
3. Ray of the mind—fourth Ray of Harmony through Conflict.
4. Ray of the astral body—sixth Ray of Devotion.
5. Ray of the physical body—first Ray of Will or Power.

August 1938

I feel that if you had to define just what the past year of experience and service has given you that you would register it as a sense of greater inner certitude and assurance, particularly in service. You will find that assurance is held before you as the goal of your spiritual endeavor. You have made much progress towards this goal lately and your first ray soul can anchor itself firmly in this personality quality and can do so with safety as the grace of humility is fundamentally natural to you.

Your field of service is growing, which is ever the reward of service rendered. You have now also gained a release from much ancient responsibility; this should leave you still more free for the future. What the future can hold for any person, it is not possible these days to foretell, for planetary conditions are such that no forecast is unalterably correct—not even for a member of the Hierarchy. For you, there will be the need for decision on various points and to this end I call your attention to another quality which is Consecration. Let all changes take place in your life as the result of right decision which must, in its turn, be based on a true soul orientation and dedication. Decisions must not be made as the result of any outer influence.

You might ask me at this point upon what a right decision should be based and I would reply in the following terms:

1. On that which offers itself to you as spiritual opportunity but which can be carried out without relinquishing right and inescapable obligations. I say right obligations and not personality inclinations.
2. On that which will give you a wider field of service so that all your powers and gifts and acquired talents may be called into play and give you that rounded out development which will equip you for your next life of activity.
3. On that which can be done best by you and by no one else. Doors open and close and the disciple in training has to cultivate that spiritual, instinctual response which will enable him to know through which door his soul desires him to pass.

The only exercise I am going to give you at this time is to ask you to take five minutes, prior to the group meditation, for pondering on the familiar words, "In quietness and in confidence shall be your strength."

January 1940

The glamour which constitutes your major limitation is in a peculiar sense a time glamour and affects you in two ways. One way affects you in strict relation to yourself and of it no one is aware; and the other affects all that you do on the outer plane of appearances and of daily living. In the adjustment of these two and in the attaining, first of all, of a mental attitude towards time as immortality and, secondly, of a command of time so that it is the agent of creative beauty in your life, you will master the last lesson which this particular incarnation has been intended to teach you. I do not desire to be more explicit.

As you steadily study time from the forward looking angle and time in reference to the future, you will discover an emphasis which needs altering in your thought life; as you study time in reference to the daily task, you will bring into your output of service to humanity and for us, a directed synthesis and an enhanced potency which is at present lacking. A sense of time and of its relation to the soul is one of the most absorbing and useful studies of the disciple; an understanding of the relation of the past to the future and their united effect in the present will create one of the levers which will open for you the Door of Initiation. I believe, my brother, that if you will meditate upon this that you will conclude—as I have done whilst studying you—that control of the time factor is the main need at this time. It will be for you to give a name to the particular glamour in connection with threefold time which is your main hindrance. Work at this problem

during the coming year and, as you work, clarification will come. You will note that I am not here dealing with faults. At your particular age, life habit, developed tendencies, acquired good, and unconquered faults are firmly established. Go forward with your equipment as it is in full self-forgetfulness but seek to establish a rhythm in connection with time which will eventuate in a re-organization, a fuller service and a more effective expression of the soul. Study, if you care to do so, the significance of rhythm as it produces melody and causes harmony.

July 1940

You have had much of strain, difficulty and mental readjustment during the past year, but then who has not in these days of world strain, world difficulty and world adjustment. I would point out here that enforced adjustment (from which there is no escape) is one thing and simply involves acquiescence, the cultivation of a willingness to accept with understanding that which may not be avoided. There is another form of adjustment which grows out of conditions which are self-initiated and which are based on the effort to handle your own life and a capacity to recognize the place and time to effect changes and, ruthlessly and as a soul, bring about those conditions and situations to which the personality—under the urgency of the soul—must adjust itself. One situation, the first, is based upon the past, under the Law of Cause and Effect. The other is based upon the fore-knowledge of the soul, sensed by the intuitive personality and concerns the future. To both, you bring a certain type of equipment and this is the thing of practical import.

You will note how this fits in with my comments on time found in my instruction to you last January. I might almost call this the second lesson upon the right use of time which is so essential in your case, though not exactly in the sense that your personality would apply my words. Time has to be grasped by you in its cyclic nature and in the inevitable swing of the pendulum between past and future as they both affect the present; secondly, in the adjustment which you have to make in the present in relation to these two. Later, as you come to know yourself more wisely and to comprehend the working out in the present life of the established habits, qualities and tendencies brought into expression in past lives, you will find yourself increasingly being conditioned by emerging tendencies which are the effect of soul contact and soul impulse. These concern the future. You will then come to a fresh understanding of time and to a sense of the urgency and importance of each moment in the present. It is this process of interplay between that which has been, that which will be and that which is at any given moment which creates you, the personality, and this is for you the most needed concept. It serves to give importance to the present and also directs the future. You may perhaps wonder why I emphasize this question of time in your particular case. There is always in each disciple at any given moment of his incarnated life some one aspect of development which is of more importance than another. The right understanding and the right use of time is for you the major significant lesson. When understood and relegated to its rightful place and when wisely used, you will experience an amazing release. The implication of these words is far deeper than you might think.

These basic requirements in a disciple, expressed and understood, are conditioned by the quality of the energy pouring through the etheric body. I have given to each of you an analysis of your rays, five in number. Later, I will endeavor to show you all the state of the etheric body which is the prime conditioning factor as far as physical plane expression is concerned. This body is the aggregate manifestation of all the energies at any one moment which may be concentrated through the seven centers. It is these centers which indicate to us who watch the point in evolution, the immediate limitation, need and the inherent possibilities. The response of the physical body is purely automatic to the impression or impulses coming from the vital body. This in itself is responsive to certain sources of energy—these may be one or other of the personality vehicles, the personality note or the direction of the soul, producing impression in varying degrees.

During the coming period until such time as I give out the next group instruction, I would ask you to discipline your time, making each moment count; I would ask you to perfect each life episode and event (which is only another word for time) so that they are as constructive in expression of the group will as you can make them. This, you will never regret doing.

As regards your personal meditation, we will pursue the same theme. You have a capacity to use the will and at the same time to be inclusive (more inclusive in your consciousness than you yet are in expression) which is very real. The one calls into activity your soul; the other deepens and sweetens your personality, and I think you will be the first to admit that both these qualities are desirable.

PERSONAL MEDITATION

1. Relax and focus yourself in the soul. Then sound the O.M., breathing it out upon the world of men and saying to yourself inaudibly:

"The will of God moves the world." This is the thought lying behind your use of the O.M.

2. Then ponder upon the significance of time as an expression of the will, realizing that this expression is a thought—instantaneous and effective—in the mind of the planetary Logos. Think out carefully some of the implications of this last statement.

3. Then say slowly and thoughtfully:

"The past has gone. I am that past. It makes me what I am. The future comes. I also am the coming destiny and, therefore, I am that. The present flows from out the past. The future colors that which is. I make the future also by my present knowledge of the past and the beauty of the present. And, therefore, I am that I am."

4. Sound the O.M. softly three times.

I am responsible for this work and I would ask you to proceed as indicated and, my brother, to trust me, your teacher and friend.

AAB FINAL COMMENT NOTE:

This disciple was given the opportunity to work but did not carry through and resigned early in the work.

SAM Synthesis And Mergration Consultation and Interpretation Notes:

A. SAM Synthesis Interpretation Notes: Although NOT a lot has been given about this person it is given that they are older and set in their habits of work in their spiritual life or Path.

There is almost always a lot to note since so much can be drawn from a persons determining colors, however, this will be done only briefly and left to the rest of the group to carry further what has be said above and these brief comments to determine how this may relate to our own lives and our color readings.

1. Monad 'Hypothetical' Blue - 2nd Ray considered due to their indicated educational determining factor in the group.
2. Aura Red - 1st Ray considered Willful and Powerful ability to work out Auric, Karmic and Soul relationships and within themselves and groups from an Auric level.
3. Soma Orange - 2nd Ray considered as a person striving for Loving Wisdom in life of the integrated personality.
4. Mental Indigo - 4th Ray considered a person who is mentally implementing intuition from a Willful Soul to resolve conflicts and Harmonize those in their sphere of influence. In this case this is a major lesson for the person of how to do this without the conflicts dominating.
5. Astral Indigo - 6th Ray considered also a person who is Devoted emotionally and intuitive on the path forward.
6. Sycal Red - 1st Ray considered a person who is physically incorporating Will and Power in their life.
7. The Higher Equilibrium relationship of Blue Monad over Yellow Aura produces a Green of a person striving for the Green path of harmony on the higher levels of being. This is hypothesized due to the Monadic Education searching for Monadic group relationships influenced by a Willful Auric Soul.
8. The Lower Equilibrium relationship of the Yellow Aura over the Orange Soma considered as a Enlightened soul with still some work to do 'Over-Lighting' the Loving Wisdom of the Soma or personality.
9. The Hypothetical Soul-Ution relationship of Blue Monad with the Orange Soma and therefore, Blue Brown Soul-Union is considered the real Soul-Ution of the highest loving truth when compared to

the loving wisdom of the Aura or Soul carried out through the paths of either Green of Harmony or Violet of Balance.

10. The Synthesis is the Blue Brown of the Soul-Union plus the Yellow of the Aura which indicates either the Green path of Harmony through Conflict, the Orange path of Loving Wisdom or the Yellow path of Divine Enlightened Intelligence.
 1. A synthesis, which contains a more synthetic truthful love, of the person's being which can be 'capped' by the 'Enlightenment of the Soul' Yellow if the Soul is made the 'Goal' of Enlightenment instead of going higher on to the Monadic Love of Truth and its use in life through the paths of Harmony or Balance. (Note: The Monadic level is also looked at as a Synthesis Level, therefore the Tri-Level Synthesis between the three levels of the Monad, Aura and Soma, that contains a synthetic determining Ray already through the Ray of the Monad).
 2. However, the Soul-Union could be used to 'uncap' the 'Enlightenment of the Soul' Yellow if the Soul is not made the 'Goal' and is progressed to a higher state of consciousness based on the highest loving truth and wisdom of the Soul-Union.
 3. Much more could be said but for us, SAM, the insights lay in the paths (Green, Orange and Yellow) of the Synthesis, working through the three lower vehicles (Sycal Astral Mental) and the personality (Soma).

B. SAM Mergration Interpretation Notes:

1. Mental Indigo - 4th Ray considered a intelligent and sensitive movement towards intuitive understanding and harmony.
2. Astral Indigo - 6th Ray considered desire for karmic/Auric or higher Intuition.
3. Sycal Red - 1st Ray considered incorporating Willful Power centered on needs in their life.
4. Higher Balance relationship of Indigo/Indigo which forms Indigo and another search for the highest or best intuitive insights both mentally and astrally (SAM - Kama Manas or Emotional Mind).
5. Lower Balance relationship of Indigo/Red which forms Violet. The appropriate path of violet balanced healing is used through the Astral into the physical Sycal vehicle.
6. Soma-Union (union of Mental and Sycal) Indigo + Red = Violet in a search for Balanced Healing is available verses the selected Astral Indigo of Intuitive understanding. In other words the person 'needs' to manifest their healing and their role as healer/balancer more in the world rather than only intuitively knowing the answers.
7. Mergration of Astral Indigo over the Violet of the Soma-Union forming Marine Blue of a person (depending on which rays are more or less active) who could, if they can successfully use the Marine as a deeply loving understanding and be guided, protected, and blessed by an willfully powerful Aura and impulsed by a Truthfully Loving Monad become a significantly constructive member of a group and society.

SAM FINAL COMMENT NOTE ON ADDENDUM 1:

Hopefully everyone can see and focus on the Divine beauty, harmony, dance and game (Lila), symphony, intelligence, glory, universality, mystery, science, order, evolution, progressions, hierarchies, etc. in these concepts, hypothesizes, theories, realities, teachings, techniques, methods, insights, impressions, intuitions, thoughts, 'Kama-manas' (emotional thought forms), sensations, kingdoms, realms, etc. and increase their usefulness in our lives and increase the usefulness of our lives.

Conclusion (at this point) on ADDENDUM 1:

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
