

## Full Moon of Aries, first Full Moon of this Astrological Year, on Monday, March 25, 2024, 09:00:05 in Romania:

The main Keynote or phrase to consider for all Aries Full Moons (each year): **“I come forth and from the plane of mind, I rule.”** The Aries Full Moon Keynote of Light each year is: **“The Light of Life Itself.”** (Hint 1: This is the dim point of light found at the centre of the cycle of manifestation, faint and flickering. Hint 2: It is the "searchlight of the Logos, seeking that which can be used" for divine expression.)” Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Aries is Ray 7.** So, Aries is considered to have a main energy of Ceremonial Order or what is considered as Magic. It is a recommendation to consider the Aries Keynotes as Ray 7 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021). This year we are adding information on how each Ray effects the constellations as fundamental hypotheses as Addendum 1 below. Aries is the first sign of the new Astrological year and the first of the three building energy and consciousness Full Moons of the year. It helps bring a new and ‘birthing’ energy to the higher building cycle for the astrological year of Aries, Taurus, and Gemini (April, May, and June). Addendum 3 from the last Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you).

### A. Notes on this coming Full Moon of March/Aries:

1. **Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 1 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month’s meditation notes.
2. **This is the first of twelve Full Moons of this Astrological year** and is the first of the three different ‘Building Consciousness and Energy’ full moons of this astrological year. The energy which is built and gathered during these first three ‘Building’ Full Moons at the beginning of the astrological year, which is also called the ‘higher interlude’, will then be distributed over the last nine Full Moons during the end of the astrological year, which is also called the ‘lower interlude’.
3. **Addendum 1 from the Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the sixth Astrological Year of this group formation and the group’s begining functioning.
4. **Addendum 1 below relates to** how each Ray effects the constellations as fundamental hypotheses.
5. **This Full Moon in Aries** will also be a partial lunar eclipse which should be considered energetically in relationship to the group.
6. **Spring Equinox is:** Wednesday, March 20, 2024, 05:06:00.
7. **The 2024-5 astrological year Annual Keynote is,** “LET THE GROUP DEDICATE ITSELF ANEW TO THE SERVICE OF THE COMING ONE AND DO ALL IT CAN TO PREPARE HUMAN MINDS AND HEARTS FOR THAT EVENT. WE HAVE NO OTHER LIFE INTENTION.”

### B. Notes and Activities on or since the last Full Moon February/Pisces:

1. **SuonAngelMiriam meditated at the time of the full moon and new moon, together with Safi (when she wanted).** We had what we consider very good meditations of positive grounding of the end of this astrological year’s end of the Lower Interlude. Since the first and highest of the Golden Light Presence crystals, ‘MilkyWay’ has arrived we are also tuning in to our respective Nirvana IV<sub>1&2</sub> occult group of crystals during our meditations and sensing an increase of energy due to these crystals.

2. **The Group Central Pillar Crystals** and the Esoteric and Occult crystal sets are now finalized along with any rearranging of the other crystals of the set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). **Of three new 'Circumcentral' crystals two are still on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025 and the first has arrived before the recent past Full Moon of Taurus 2023 and the second has been shipped and should be here by the coming full moon of Taurus 2024 (see photo below or <http://www.sam2013.org/crystals.html> on our website for more information).

3. **Poppy research at BioFarmland** (BFL) at Virginia's suggestion. Seeds from this year's wild Poppy harvest were collected and planted in last June 2023 for growing during the 2024 season.
4. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports.
5. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Due to challenges encountered with the political system at her home location, Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report.
6. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the law suit will be claiming as the defendants and the suit is continuing now at the appeal stage of litigation. The next court date has been set for late January 2024. We were notified last week that he case has been lost without further appeal and we are awaiting the details of the courts decision. Let us know if you have additional comments or questions.
7. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, etc.

8. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesise Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia's Certified Herbal and Aroma Therapy courses #1 and now #2 which was in March 2023 and had another meeting at EsotericFest in June 2023 (also see Item #2 below in previous activities archive). The most recent meeting was held at EsotericFest in November 2023 with plans for the next meeting in Spring 2024 once work is completed on Color and Crystal Course educational manuals. The manuals have been completed in February 2024 and a meeting is being scheduled.
9. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Latest update was in October 2023.
10. **We participated in Remus' course about Stress Management** held through anatecor which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and Anatecor organized for the professor Mircea Stefea who passed recently.
11. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
12. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The next meeting is scheduled this spring in Bucharest.

### C. **Previous Activities Archive:**

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'**. See FM Sagittarius 2023 for final update on this report.

### D. **General Notes and considerations about the group, cycles, meditation and information flow:**

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2024 continues the new seven year cycle started in 2020**. The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
  - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
  - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
  - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

**The Zodiac and the Rays:**

What I have to say first on this subject is entirely of a preliminary nature. I seek to lay the ground for a somewhat new approach—a far more esoteric approach—to the science of astrology. Certain things I may say will probably be regarded by the academic and uninspired astrologer as revolutionary, or as erroneous, as improbable or unprovable. As yet, however, astrology has not really proved itself to the world of thought and science, in spite of many definitely demonstrable successes. I would ask all of you, therefore, who read and study this section of A Treatise on the Seven Rays to bear in mind the above comments and to preserve a willingness to consider hypotheses and to make an effort to weigh a theory or suggestion and to test out conclusions over the course of a few years. If you can do this, there may come to you an awakening of the intuition which will translate modern astrology into something of real moment and significance to the world. It is intuitional astrology which must eventually supersede what is today called astrology, thus bringing about a return to the knowledge of that ancient science which related the constellations and our solar system, drew attention to the nature of the zodiac and informed humanity as to the basic interrelations which govern and control the phenomenal and subjective worlds.

1. Three Basic Statements.

The statement is frequently made that astrology is an exact science but that is far from correct in spite of the many mathematical computations. Astrology is based, curiously enough, upon illusion for, as well you know, the zodiac is naught but the imaginary path of the sun through the heavens, and this as it appears from the standpoint of our totally insignificant planet. The sun is not, as stated, in any sign of the zodiac. It simply appears to be so as it passes between our little sphere, the Earth, and the constellations at any particular time or season.

In ancient days it was believed that the earth was the centre of the solar system and that around it revolved the sun and all the other planets. This was the exoteric knowledge and position, though not the esoteric understanding. Later, when further discoveries brought more light to the human mind, our planet was decentralised and the truth was more clearly seen, though much remains as yet to be discovered and may even be of as revolutionary a nature. From certain astrological angles, a similar process of decentralisation must take place and the solar system must no longer be regarded as a point around which the zodiac revolves or through which the sun passes in its great cycle of approximately 25,000 years. Astrologers with insight may deny that this is the commonly accepted attitude. Yet—for purposes of clarity and in connection with the general public—the inference is permitted and accepted by the ignorant. Upon this theory anent the zodiac rests very largely what we call the Great Illusion, and I would have you bear this in mind as you study with me the newer approaches of this greatest and oldest of all the sciences. Astrology is a science which must be restored to its original beauty and truth before the world can gain a truer perspective and a more just and accurate appreciation of the divine Plan, as it is expressed at this time through the Wisdom of the Ages.

The second statement which I would make is that astrology is essentially the purest presentation of occult truth in the world at this time, because it is the science which deals with those conditioning and governing energies and forces which play through and upon the whole field of space and all that is found within that field. When this fact is grasped and the sources of those energies are better comprehended and the nature of the field of space is correctly understood, we shall then see a far wider and at the same time a more closely related horizon; the relationships between individual, planetary, systemic and cosmic entities will be grasped, and we shall then begin to live scientifically. It is this scientific living which it is the immediate purpose of astrology to bring about.

At present, the position of the average believer in astrology is that he is an individual of importance (at least to himself), that he is living on that important planet, the Earth (important to humanity), and that, through astrology, he can discover his destiny and know what he ought to do. In making this comment, I do not refer to those few astrologers who possess real esoteric knowledge. They are few in number indeed, and only a handful of them are to be found practising at this time. The modern investigator likes to believe that on him impinge and through him flow all those energies which come from the sign in which the sun "finds" itself at the time of his birth. He regards himself also as responsive to the forces of the various planets as they govern the houses in his horoscope and he believes that his life trends and circumstances are thus

determined. This makes him feel himself to be a factor of isolated importance. Modern interpretations fail to emphasise the importance of the rising sign (the ascendant) and this has been due to the fact that few have been as yet ready to function as souls; small allowance has been made for the energies which play upon our planet all the time from other constellations or from the many "hidden" planets. Of these, the Ageless Wisdom claims that there are around seventy in our solar system.

I desire to give you a truer and more accurate picture. This has now become possible because group awareness, group relations and group integrity are coming to the fore in the human consciousness. As this takes place, the personality which is individual, separative and self-centred will recede increasingly into the background, and the soul, non-separative, group conscious and inclusive, will come more and more to the fore. Interest, therefore, in the individual horoscope will gradually die out, and increasingly the planetary, the systemic and the universal picture will stand out in the awareness of the individual; he will then regard himself only as an integral part of a far more important whole and his world group will interest him far more than himself, as an individual.

I shall not, therefore, deal with the subject of esoteric astrology from the standpoint of the horoscope at all. Universal relationships, the interplay of energies, the nature of what lies behind the Great Illusion, the deluding "Appearances of things as they are," and the destiny of our planet, of the kingdoms in nature and of humanity as a whole—these will constitute the major part of our theme.

It is immaterial to me whether modern astrologers accept or reject these presented ideas. I will endeavour to give you certain facts as the Hierarchy recognises them; I will indicate, if I can, the subjective realities of which the outer illusion is but the phenomenal appearance, conditioned by men's thoughts throughout the ages; I will emphasise the fact of the livingness of the Sources from which all the energies and forces which play upon our planet flow and emanate; I will endeavour, above all else, to demonstrate to you that all-pervading unity and that underlying synthesis which is the basis of all religions and of all the many transmitted forces; I will seek to remove you, as individuals, from out of the centre of your own stage and consciousness and—without depriving you of individuality and of self-identity—yet show you how you are part of a greater whole of which you can become consciously aware when you can function as souls, but of which you are today unconscious, or at least only registering and sensing the inner reality in which you live and move and have your being.

This brings me to the third statement, which is so basic and fundamental that I would ask you to pause and contemplate it, even though you grasp not its full implications as yet. The Ancient Wisdom teaches that "space is an entity." It is with the life of this entity and with the forces and energies, the impulses and the rhythms, the cycles and the times and seasons that esoteric astrology deals. H.P.B. stated this in *The Secret Doctrine*. I would remind you that there is an astrological key to *The Secret Doctrine* which cannot yet be given in completeness. I can, however, give you some hints and suggest some lines of approach, and these, if carried in the consciousness of the illumined astrologers, may enable one of them at a later date to discover that key and then—turning it on behalf of humanity—reveal the fourth great fundamental of the Ageless Wisdom of which three are already given in the proem of *The Secret Doctrine*.

Space is an entity and the entire "vault of heaven" (as it has been poetically called) is the phenomenal appearance of that entity. You will note that I did not say the material appearance, but the phenomenal appearance. Speculation about the nature, the history and identity of that entity is useless and of no value. Some dim idea, providing analogy even when eluding specifications, might be gained if you will endeavour to think of the human family, the fourth kingdom in nature, as an entity, as constituting a single unit, expressing itself through the many diversified forms of man. You, as an individual, are an integral part of humanity, yet you lead your own life, you react to your own impressions, you respond to exterior influences and impacts, and in your turn you emanate influences, send forth some form of character radiation and express some quality or qualities. You thereby, and in some measure, affect your environment and those whom you contact. Yet all the while you remain part of a phenomenal entity to which we give the name of humanity. Now extend this idea to a greater phenomenal entity, the solar system. This entity is itself an integral part of a still greater life which is expressing Itself through seven solar systems, of which ours is one. If you can grasp this idea, a vague picture of a great underlying esoteric truth will emerge into your consciousness. It is the life and the influence, the radiations and emanations of this entity, and their united effect on our planetary life, the kingdoms in nature and the unfolding human civilizations, which we shall have briefly to consider.

The subject is so vast that I have been faced with the problem of the best method whereby to handle it. I decided on brevity, the concise statement of facts (facts to those of us who are working on the inner side of life, but which must rightly be only hypotheses to you) and the avoidance of detail and of detailed

discussion. We will endeavour to work from the universal to the particular and from the general to the specific, but our emphasis will always be on the universal and the general, and not upon the particular and specific. It will rest with those of you who are students of astrology to make due application of the truth to the specific. It is definitely in this connection that modern astrology has gone astray. It has reversed the true and right procedure and has laid the emphasis upon the specific and particular, upon the personal horoscope and the individual destiny, and has not laid the emphasis upon the great energies and their Source. These sources are ultimately responsible for the manifestation of the specific. This position and presentation of truth must be altered.

In esoteric astrology we are, therefore, dealing with the Life and Lives which inform the "points of light" within the universal Life. Constellations, solar systems, planets, kingdoms in nature and microscopic man are all of them the result of the activity and the manifestation of energy of certain Lives whose cycle of expression and whose infinite purposes lie outside the comprehension of the most advanced and illumined minds on our planet.

The next point for each of you to grasp is the fact that the ether of space is the field in and through which the energies from the many originating Sources play. We are, therefore, concerned with the etheric body of the planet, of the solar system, and of the seven solar systems of which our system is one, as well as with the general and vaster etheric body of the universe in which we are located. I employ the word "located" here with deliberation and because of the inferences to which it leads. This vaster field, as well as the smaller and more localised fields, provides the medium of transmission for all the energies which play upon and through our solar system, our planetary spheres and all forms of life upon those spheres. It forms one unbroken field of activity in constant ceaseless motion—an eternal medium for the exchange and transmission of energies.

In connection with this, and in order more correctly to understand, it will be useful to study individual man; in this way we can arrive at a faint comprehension of the basic and underlying truth. Students should never forget the Law of Analogy as an interpretive agency. Esotericism teaches (and modern science is rapidly arriving at the same conclusion) that underlying the physical body and its comprehensive and intricate system of nerves is a vital or etheric body which is the counterpart and the true form of the outer and tangible phenomenal aspect. It is likewise the medium for the transmission of force to all parts of the human frame and the agent of the indwelling life and consciousness. It determines and conditions the physical body, for it is itself the repository and the transmitter of energy from the various subjective aspects of man and also from the environment in which man (both inner and outer man) finds himself.

**To Be Continued in the next Full Moon report of Taurus.**

**To be considered below as closing for this Full Moon report of Aries.**

...Again and repeatedly, students must remind themselves that we are considering the impact of energy upon energy units (all qualified and producing appearance) and with the response of those energy units to the streams of force which reach them from "the furthest centre." It is in the development of response to distant points of contact and emanating sources of energy that the needed sensitivity is produced. Sensitivity, generally speaking, is of a threefold nature:

1. Sensitivity to that which is found within oneself. This, when the consciousness is adequately self-sufficient, opens a door for the entrance of energies coming from the "middle centre." I speak in symbols and for those whose knowledge of cosmic location and of points in time and space will enable them to comprehend; to the uninitiate, I simply say, "Respond to soul impact."
2. Sensitivity to that which emanates from the "centres left behind" or to those streams of vital energy which lie active and focussed below the threshold of the waking consciousness. They stir the threads of memory; they draw backward the glances (and there lies magic in the energy of the eye) of the onward moving Point, the Pilgrim on his way; they condition through ancient habit the responsiveness of the units in the form.
3. A developed sensitivity which emerges from the "furthest centre" at first unconsciously employed and later consciously directed and attuned - a fully magnetic and attractive sensitivity. Forget not that true interplay imposes the condition of reciprocity and that the two points or termini of a line eventually vibrate in unison.

The Rays pour through, are expressed by and are transmitted through the following constellations:

Ray I	Aries	Leo	Capricorn
Ray II	Gemini	Virgo	Pisces
Ray III	Cancer	Libra	Capricorn
Ray IV	Taurus	Scorpio	Sagittarius
Ray V	Leo	Sagittarius	Aquarius
Ray VI	Virgo	Sagittarius	Pisces
Ray VII	Aries	Cancer	Capricorn

**Conclusion (at this point):**

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
