

Full Moon of Cancer, forth Full Moon of this Astrological Year, on Wednesday, July 13, 2022 at 21:37:27 in Romania:

The main Keynote or phrase to consider for all Cancer Full Moons (each year): **“I build a lighted house and therein dwell.”** The Cancer Full Moon Keynote of Light each year is: **“The Light within the form.”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Cancer is Ray 6.** So, Cancer has a main energy of Devotion. It is a recommendation to consider the Cancer Keynotes as Ray 6 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining effects us. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us in the group. This is explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021). This year we will add information on how each constellation works as a quaternary in what are called the 3 Crosses. Addendum 1 from the April 2022 Full Moon report (three months ago) is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA. Addendum 1, below, relates specifically to Cancer and how it fits into the Crosses. Cancer is the forth sign of the new Astrological year and the first of the nine distributing energy and consciousness Full Moons of the year. It is part of the Cardinal Cross. It helps bring a beginning to the lower distribution cycle for the year after the past three building months of Aries, Taurus, and Gemini (April, May, and June).

A. Notes on this coming Full Moon of July/Cancer:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 6 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the forth of twelve Full Moons of this Astrological year** and is the first of the nine different 'Distributing Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during the past, first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', is now distributed over the next nine Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Addendum 1 from last year's Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the forth Astrological Year of this group formation and the group's beginning functioning.
- 4. Addendum 1 from April 2022's Full Moon report of Aries (three months ago)** is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA.
- 5. Addendum 1 below will give this month's expansion of how the qualifying energies of the monthly astrological sign, Cancer,** fit into the three 'Crosses' or quaternaries of constellations formed by the 12 signs which may be effecting us and how to respond to the various opportunities these Crosses of energies present to our group including each individual.
- 6. The 2022-3 astrological year Annual Keynote is,** “LET THE LIGHT OF THE SEVEN RAYS BLEND WITH THE SEVENTH RAY, AND LIGHT SUPERNAL USHER IN THE NEW CIVILIZATION.”

B. Notes and Activities on or since the last Full Moon June/Gemini:

- 1. SuonAngelMiriam meditated at the time of the new and full moon together. We had what we consider stronger** meditations of positive building of this astrological year's Highest point of the Higher Interlude cycle.
- 2. SuonAngel are talking with 2023 Timisoara Cultural Capital office about a cooperative event possibly named 'SAMatate'** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian's or other groups for the Cultural Capital celebrations rescheduled to 2023. We are organizing information for possibly submitting an application or by possibly joining in the Asociatia Cries project next year in 2022 and for the main event in 2023.

3. **The Group Central Pillar Crystals** and the Esoteric and Occult crystal sets are now finalized along with any rearranging of the other crystals of the set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022).
4. **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report).
5. **Three new 'Circumcentral' crystals have been put on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025 (see photo below).

6. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. New organic seeds have arrived and were planted for the 2022 season but did not grow again.
7. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. More discussions with Leontina last month in Timisoara.
8. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Anyone wanting a more specific update or to help with initial financing please either contact Leontina or us.
9. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). Hearing set for September 2022. Let us know if you have additional comments or questions.
10. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, etc. Meeting last month with Aviram the head of Sadhana Forest projects and received input on various topics.
11. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance course, consultations** and treatments along with the production of the SAM2013 Synthesis Tri-Level Color Set as liquids. Updated at meeting during Esoteric Fest May 2022 and continuing.
12. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know.
13. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis

Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.

14. SuonAngelMiriam are working with Mircea on ways of distributing SAMfume and other products and working more closely together on the other projects listed above.

C. Previous Activities Archive:

1. Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.

D. General Notes and considerations about the group, cycles, meditation and information flow:

- 1. We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
- 2. 2022 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
- 3. It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
- 4. It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
- 5. In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
- 6. Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
- 7. The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

Addendum 1: Cancer, The Crab, constellation hypothesizes and considerations on the 3 Crosses from EA:

This sign is not an easy one for the average student to understand for it is the polar opposite—psychologically speaking—of the state of group consciousness towards which humanity is, at this time, tending. It is difficult for the casual student to distinguish accurately between mass consciousness and group consciousness. Human beings stand today at a midway point, generally speaking, between these two states of mind, though perhaps it might be more correct to say that a fairly large minority are becoming group conscious, whilst the majority are emerging out of the mass conscious stage and becoming self-conscious individuals. This accounts for much of the present world difficulty and for the clash of idealisms. The two groups bring a different approach to the world problems as we now find them. We have, therefore, three signs which (from the angle of consciousness) are closely connected yet are widely separate and different in effect.

1. Cancer—mass consciousness—instinctual awareness.
2. Leo—self consciousness—intelligent awareness.
3. Aquarius—group consciousness—intuitional awareness.

THE CARDINAL CROSS:

This sign, Cancer, being concerned primarily with the world of causes, has about its inner meaning much indefiniteness and an apparently vague subtlety which proves most elusive to the ordinary thinker. This also is true of all the signs which go to the forming of the Cardinal Cross of the Heavens. In the last analysis, it is only the initiated disciple who can fathom the true meaning of these zodiacal influences as they pulsate throughout the manifested universe, because they are primarily the expression of spirit or life more than of soul or body. Therefore, until after the third initiation—as you have oft been told—there is little to be known or said about that "mysterious essence which is divinity in motion." When you, for instance,

read that the keynotes of this sign can be expressed in the Biblical phrase "the Spirit of God moved upon the face of the waters" does it, in reality, mean anything specific to you? You might reply by saying that it means, God moved in substance and produced by moving the outer tangible forms. But does that truly convey to you an intelligible truth? In Cancer, God breathed into man's nostrils the breath of life and man became a living soul. In these words, you have established the relation which exists in the mind of God between spirit (the breath of life) the soul (consciousness) and man (the form). However, does that statement convey an intelligible concept to your mind? I think not, because the synthesis of the final relation is beyond the average grasp and its 'linking' or essential unity (lying as it does outside of consciousness and known reality) takes place first of all in this sign—one of the most ancient of the signs and one of the first to be recognised and established as an influencing factor by ancient humanity.

The secret (so-called) of the Cardinal Cross is the secret of Life itself, just as that of the Fixed Cross is that of the soul or the mystery of self-conscious entity, whilst the Mutable Cross holds hid the mystery of form. In these words, you have the key to the secret of manifestation as a whole and to that mystery which was revealed to Christ at the final crucifixion and to which He testified His understanding reaction in the triumphant utterance recorded in The New Testament: "My God, My God, why hast Thou forsaken Me." He then left the Fixed Cross and the Identity which has hitherto been His and identified Himself with that which was then revealed. To these words, thus translated somewhat inaccurately in the Christian Bible, there are three meanings or true significances. The translation hinted at in The Secret Doctrine (S.D. II. 613), "The robe, the robe, the beautiful robe of my strength no longer serves" expresses the inner revelation of the Mutable Cross, as it was revealed to the Saviour, looking at life from the angle of the soul. In the words quoted above "My God, My God, why hast Thou forsaken Me," the mystery of the Fixed Cross was shown to Him and the secret of the Cardinal Cross was, for the first time, held before His eyes. The words, embodying that central mystery, have never yet been given out. One of the factors which distinguished the Christ from all preceding world Saviours was the fact that He was the first of our humanity Who, having achieved divinity (and this many have done), was permitted to see the "golden thread of light and of living life which links the light within the centre of all the manifested Crosses"; He was allowed to know the meaning of life as it expressed itself in the Cosmic Crucifixion, which is an episode of cosmic life and not of death, as is generally supposed.

Hercules comprehended the true meaning of the Mutable Cross and, with full knowledge, mounted the Fixed Cross, with all its attendant difficulties and labours. The Buddha comprehended, through complete illumination, the meaning of both the Mutable and the Fixed Crosses, for the secret of revelation in Taurus was His, just as the secret of directed energy in Scorpio was the source of the strength of Hercules. But the Christ, knowing both the above secrets, also understood with a living comprehension, the mystery of the Cardinal Cross, because the light of the Transfiguration (undergone in Capricorn) revealed to Him the glory and transcendent mystery.

There are two words also which convey the purpose and intent of expression upon the Cardinal Cross. They give the reason why the two "Doors of the Zodiac" open wide to the impulse and demand of the divine Spirit. One is the word "self-preservation" which leads to the impulse to incarnate in Cancer, which is the Door to the physical plane expression of spirit. This impulse (when the form is the prime object of the attention of the soul and that with which it primarily identifies itself) brings about the stage of static concretion in the earth sign Capricorn. The other word is "immortality" which is the divine aspect of self-preservation; it is the major conditioning factor in the creative process and leads to the whole revelation of evolution, to the recurrent appearance of life in form, and to the revelation of life in form. In Capricorn, at the third initiation, this life aspect assumes primary importance.

You will see, therefore, why the Cardinal Cross is so mysterious; also why both Cancer and Capricorn are so little understood by modern astrology and why, in the last analysis, only the initiated Sons of God can grasp the significance of the four signs which comprise the Cardinal Cross, or understand the relation which exists between the four major divine energies which—pouring through the four arms of this Cross—produce the vortex of force (a synthetic force) which constitutes that "pool of pure, fiery light" through which all those who take the higher initiations must eventually pass. Those taking the first two initiations must tread the Path as it passes through the Burning Ground. Those taking the higher initiations have to plunge into the sea or pool of fire which is essentially the fire of God as it has been cleansed from every aspect of the material form through the complete purification of desire.

The entire subject of rebirth is but little understood at present. Its modern presentation and the emphasis which has been laid so strongly on small and unimportant details have distorted and diverted the wide sweep of the subject and ignored the true import of the process; the broad general lines of the incarnation process have been largely overlooked. In the debate as to the length of time a man is out of incarnation and in the consideration of foolish items of unproved and unprovable information, and in the puerile reconstruction of the past lives of theosophically inclined people (none of them based on any truth), the real truth and the real beauty of the theme have been lost to sight.

1. The Mutable Cross—brings about those conditions which will produce great periods of change in the life of the planet, of a kingdom in nature or of a human being. Mercury plays a part in this.

2. The Fixed Cross—brings about, as a sequence, to these inner changes, certain great points of crisis which are unavoidable and present definite opportunity. Saturn is dominant in bringing this about.

3. The Cardinal Cross—is responsible for bringing about certain great points of synthesis, as a consequence of both change and crisis. Jupiter is responsible for the focussing of energies at this point.

For more information on the crosses and Cancer go back to the 2022 Aries and 2021 Cancer Full Moon Meditation Reports. If you need the reports sent to you again please let us know.

Conclusion (at this point):

May we consider together entering into that higher state of (group/soul) 'bewilderment' yet strength and unity from our lower state of personal certitude and isolation.
