

Full Moon of Cancer, forth Full Moon of this Astrological Year, on Thursday, July 10, 2025, at 22:36:26 in Romania:

The main Keynote or phrase to consider for all Cancer Full Moons (each year): **“I build a lighted house and therein dwell.”** The Cancer Full Moon Keynote of Light each year is: **“The Light within the form.”** (Hint 1: This is the diffused light of substance itself, the "dark light" of matter, referred to in The Secret Doctrine. Hint 2: It is the light awaiting the stimulation coming from the soul light.)”

Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Cancer is considered to be Ray 6.** So, Cancer is considered to have main energies of Devotion or what is considered as Abstract Idealism. It is a recommendation to consider the Cancer Keynotes as Ray 6 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you).

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We will be taking one example of a different individual's ray structures per month from the books, “Discipleship in the new age I & II” by Alice a. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoo.html>.

Cancer is the forth sign of the new Astrological year and the first of the nine 'grounding or anchoring energy and consciousness' Full Moons of the year. It helps manifest the new 'birthing' energy of the higher building cycle for the astrological year which happened during the past full moons of Aries, Taurus, and Gemini (April, May, and June) which is also called the Higher Interlude. Then Cancer and the following eight different full moons of the year continue to ground or anchor and manifest these higher interlude energies and consciousness and are considered the Lower Interlude. Addendum 3 from the past Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

The Key to the Ray 6 Method is: **"Let all desire cease. Let aspiration end. The search is over. Let the Soul realize that it has reached the goal, and from that gateway to eternal Life and cosmic Peace let the word sound: 'I am the seeker and the sought. I rest.'"**

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative (www.2025initiative.org) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendum started with a note from us as an introduction about the

papers and can also be found on the website at the bottom of the page at:
www.sam2013.org/group_consciousness.html.

A. Notes on this coming Full Moon of July/Cancer:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 6 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the forth of twelve different Full Moons of this Astrological year** and is the first of the nine different full moons for grounding of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Previous addendum 1 from the Full Moon report of Aries (April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we continue through this seventh Astrological Year of this group formation and the group's functioning.
- 4. Addendum 1 below relates to** information and specific individual examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group.
- 5. The 2025-6 astrological year Annual Keynote is,** "LET THE GROUP EXPRESS THE QUALITY OF THE HIDDEN VISION:" Hint: "The hidden vision is not "man's vision of God" but "God's own vision of His purpose."

B. Notes and Activities on or since the last Full Moon June/Gemini:

- 1. SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continued beginning of the new Astrological year and of the building of consciousness cycle of the astrological year and of this year of Impact on the next 100 years. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group exoteric, esoteric, and occult crystals and now some of the new hand held crystals this year.
- 2. All new crystals for this 2025 impulse year, that happens once every 100 years,** have been received and this culmination of the crystal grid as a blueprint for this group work has been anchored on this just past Summer Solstice Puja (see previous reports for more information and pictures of these crystals). Below are three pictures from this year's Summer Solstice Puja.

Puja Pictures: MilkyWay crystal with Vishnu, SuonAngelMiriam, Vishnu(close-up)

3. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. See previous reports. A small number of the poppies have come out last year (May 2024) and their seeds have been encouraged to spread more this year in 2025. Some additional poppies have come this year 2025.
4. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economic-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was at Leontina and Zoli's spring 2025.
5. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. See previous reports. Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023. A group walk to a special Lilly-of-the-Valley field near Leontina's house was held on May 1, 2025 with a group of about 25 people where she taught some more of the historical significance of that area. A shared meal with more discussion was held after the walk.
6. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
7. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. See previous reports. The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.** The consultations are continuing. Please let us know if you are interested.
8. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Updated in October 2023. **Remus passed in May 2025** however, he is still being considered as part of the group and the project at present is continuing.
9. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis

Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.

10. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update. Phone meetings are on-going.

C. Previous Activities Archive:

1. **Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.**
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'. See FM Sagittarius 2023 for final update on this report.**
3. **SuonAngelMiriam have met personally with Georghe Piperea and joined his class action law suit against the constitutionality of mandates. Suit was lost, see previous report details.**
4. **We participated in Remus' course about Stress Management held through ANATECOR** which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and ANATECOR organized for the professor Mircea Stefea who passed in 2023.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2025 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens this year 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestion, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

ADDENDUM 1:

These planned next 12 monthly addendum (during this 2025 Astrological year) and this once in 100 year, 'year of higher impulse' will be written and designed to help each person understand and apply their Ray qualities, in their Color Consultations, to the opportunities available at the time of the Full and New Moons for gaining more conscious understanding and then applying that conscious understanding in their daily lives. Hopefully you will enjoy them independent of what changes in consciousness or life they may bring as long as what comes is 'higher and forward' – SAM.

Forward notes by SAM restated from the above Report:

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We will be taking one example of a different individual's ray structures per month from the books, "Discipleship in

the new age I & II” by Alice a. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesises with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. Examples of a different individual's Ray structures from the books, “Discipleship in the new age (DINA) I & II” by Alice A. Bailey - AAB. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups (Free online at: https://www.lucistrust.org/online_books/discipleship_in_the_new_age_vol_i_obook)

Forward Notes by AAB restated from the previous Report:

These books are in many ways unique. Nothing like them have before been published, as far as I know.

...the old rules to which disciples have been subjected down the centuries still hold good, but are susceptible of fresh and often different interpretations. The training to be given during the coming New Age will be fitted to their more advanced development. The evolutionary progress - from century to century - presents a steadily ripening and developing human mind.... The standard of discipleship is consequently as steadily rising. This, in itself, demands a new approach, a wider presentation of truth and the permitting of a greater freedom of action upon the part of the disciple.

Today, in our speedier times and when the demand of humanity for help is so outstanding, the hint has given place to explanation and the disciple is trusted with information, hitherto withheld. He is regarded as having reached a stage in his unfoldment at which he can make his own decisions and proceed with rapidity, if he so chooses.

Much in this book is new. Much is very old, tried and proved. None of the people ... are saints or perfect. All are, however, true aspirants and will go on to the very end in spite of pain and sorrow, discipline, success, failure, joy and a spiritual recognition of almost unattainable goals. Some have been on this Path ... for many lives. Some are venturing for the first time - consciously and with deliberate effort - to tread the Way to God. All are mystics, learning to be occultists. All are normal people, living useful, modern lives in many different countries in the world. Some are orthodox Protestant Christians by profession; others are Roman Catholics; still others are Christian Scientists or belong to one or other of the more mental cults; some are quite unattached and free from affiliations. None of them regards his particular brand of faith or his particular religious background as essential to salvation; he knows that the only essential is belief in the spiritual realities and in the essential divinity of mankind. This belief necessarily involves a heart full of love, a mind open and illumined by right orientation to truth and a life dedicated to service and to the alleviation of human sufferings. This is the determined goal of all whose instructions are found in this book - a goal which they have not yet attained and a mode of life which they have not yet perfected. They are, nevertheless, unalterably upon their way and that way is the WAY. Christ said "I am the Way, the Truth and the Life"; these aspirants, working under a great Disciple of the Christ, are beginning to grasp some of the significance and implications of that statement which holds true for all time and for all disciples, because "as He is, so are we in this world."

Each person's instructions are given in their ordered sequence, year by year, so that a real picture of the person concerned, of his problems and his achievement or lack of achievement, emerges clearly. This

book is encouraging in that it offsets the idea that to be a pledged disciple one is, therefore, set apart by perfection of character and isolated by the aspiration which inspires the life. These are people with problems, struggling to solve them; with character limitations which they are endeavoring to overcome; they are true instances of any man or woman who turns his back upon the usual approach to the world of material affairs and takes up his cross in order to find his way back to the Father's home; they picture for us the man who, having "put his hand to the lough," turns not back but presses forward "towards the prize of his high calling in Christ."

One other reason might be mentioned here as indicative of the value of this book. In every case, the disciple is told what are the types of energy to which he most easily responds and upon which ray or divine emanation he finds himself. He, therefore, becomes aware of what constitutes his line of least resistance and where the major point of his life conflict is to be found.

We are taught in the esoteric philosophy that seven great divine Emanations, Aeons or Spirits (in Whom we live and move and have our being) came forth from God at the time of the Creation. The same teaching can also be traced in the Holy Bible. Upon one or other of these seven Rays, the souls of all forms of life are to be found as well as the forms themselves. These seven rays produce the seven major psychological types.

These seven rays or emanations are:

1. The first Ray of Will or Power. Many great world rulers are found on this ray, such as Julius Caesar.
2. The second Ray of Love-Wisdom. The Christ and the Buddha are to be found on this ray. It is the great teaching ray.
3. The third Ray of Active Intelligence. The mass of intelligent humanity are found on this ray.
4. The fourth Ray of Harmony through Conflict. Aspirants. Struggling, well-meaning people. Workers for unity emerge along this line.
5. The fifth Ray of Concrete Knowledge or Science. Scientists and people who are purely mental and governed only by the mind.
6. The sixth Ray of Devotion or Idealism. Many Christian people. Fanatics. Numbers of earnest Churchmen of all the world religions.
7. The seventh Ray of Ceremonial Order or Magic. Masons. Financiers. Great businessmen and organizers of all kinds. Executives are found with these energies in their equipment.

However, only when a man is highly developed and nearing the Path of Discipleship is it possible for the esoteric student accurately to surmise what his ray may be. People of all kinds and professions are found on all the rays. **The conflict in a disciple's life is found to lie in the fact that the ray of his soul and the ray of his integrated personality are posed against each other. At the same time, his emotional nature, his mental equipment and his physical brain are also controlled by some one or other of the rays and in this five-fold relationship lies hid much of the problem of the evolving human being.**

...the members of ...this group are told which five rays condition them and students will learn much by a study of ... of this. In the cases where I (AAB) happen to know the disciple concerned personally and something of his problems, it was amazingly interesting to me to note how infallibly right the ... diagnosis of the rays involved were. In reading these instructions will you please remember that ... in this writing the soul, and the word "ego" are used interchangeably, meaning thereby the spiritual ego and not the personal ego of the psychologists.

Introductory Notes by AAB continued in Gemini 2025 and now continued in Cancer:

... Days may go by and weeks with no record. Let this in no way disconcert you. The sensitivity of the mechanism of the soul to spiritual vibration has to be cultivated and existing sensitivity to lower psychic impressions has to be tuned out; so many voices clamor for attention, so many

impressions—emanating from the physical and astral forms around us—register upon our consciousness, that the vibrations and sounds coming from the subjective and spiritual world are lost and not registered and recorded. You will find it interesting to note, at the end of a few years, the difference in the data recorded and the development of sensitivity to the right kind of impression. This can only be realized after much time has elapsed and much spurious material has been eliminated, after being recognized for what it is: astralism, spurious claims and thoughtforms.

Another question might here be asked: What should disciples in a Master's group look for as evidence of successful group work? First and foremost, as you well know, group integrity and cohesion. Nothing can be done without this. The subjective linking of the disciples with each other in their own group, and the linking of the group with other groups occupied with special work within the Ashram and the emergence (as a result of this) of a group and an ashramic consciousness are vital objectives. It is hoped that this will also eventuate in a telepathic interplay which will bring potent results and successful outer work. From these activities will emerge a group circulation of energy which will be of service in world salvage. Each of you should remember that purity of body, control of the emotions and stability of mind are fundamental necessities and should be daily the attempted achievement. Again and again, I come back to these prime character requirements and, tiresome as the reiteration may be, I urge upon you the cultivation of these qualities. I would like to remind you also that you are adult and mature men and women who need not specific statements as to faults and characteristics. I seek only to make suggestion as to trends of thought. Note here the word suggestion, for that is all I seek to give. The disciple must be left free to follow a suggestion or a hint as seems wise to him. This entire work might be termed an experiment in esoteric commonsense and in willingness to accept suggestion. It is a trial of the intuition and a test in discrimination. This work to which I have called you is also an experiment in impersonality, in willingness to work and learn, in freedom to choose or reject, in observation and in techniques. All have their value...

January 1933

...To my fellow disciple, who works in that loneliness which is so difficult for the second ray type, I would say the following: Your problem is twofold and when it yields to solution then your field of service, already large, will increase. You have the problem of a devitalized etheric body and also of a heart attached to many and hence unduly strained and taxed by others. There are many demands upon your sympathies...

...The problems of the etheric body will yield to treatment if the suggestions made to C.D.P. are noted and if the diet (in your case) is carefully controlled and regulated...

...You have necessarily at this stage the vices of your second ray virtues. You suffer from attachment and from a too rapid identification with other people. This can be handled if you stand steadfast as a soul and do not focus as a personality in dealing with people, both in your home circle and in your world service. You need to bear in mind that your relation is with souls and not with temporary forms and so you must live detached from personalities, serving them but living ever in the consciousness of the soul...

Carry your meditations forward exclusively in the head, therefore, except for some incidental practice in connection with the spleen (which I will give you to follow) with a view to etheric vitalization. Your heart center is sufficiently awakened for this life and greater sensitivity would be a handicap. The perfect fulfillment of your duty and your freedom inwardly from ties will spell for you that measure of liberation which will release you to fuller service...

June 1933

...Your period of difficulty and of loneliness has not lessened for you and you have found it hard to struggle along...

You have the persistence and the will (like tempered steel) of the second ray and can dismiss all fear as to your capacity to weather the storm and difficulty and to win through. Nothing can stop you....

I would like to give you a special formula or mantram and I have chosen the following phrases to be repeated by you whenever you choose:

"I am a messenger of Light. I am a pilgrim on the way of love. I do not walk alone but know myself as one with all great souls, and one with them in service. Their strength is mine. This strength I claim. My strength is theirs and this I freely give. A soul, I walk on earth. I represent the ONE."

Your work in group and your power in relation to your group brothers, consists in your compassionate comprehension. You feed their love for each other and you act as a focal point for that aspect of the soul which expresses itself in understanding. You can transmit that soul quality.

June 1934

You stand at the verge of a real expansion of your work and for this you must prepare yourself. This, I believe, you already realize. It is, however, in the use of the spiritual will on your part that the release to full liberty of action will come. Your life has been a discipline, but the fruits of that discipline will demonstrate as you open the doors and also close them upon ancient imprisoning limitations.

First, I would say to you these words: Relinquish that close attention to the lives of those around you which is the easy way of working for all who are second ray disciples. Their sense of responsibility is so great and their desire to shelter and to guard so strong that they unduly cherish those who are linked to them by karmic obligation and whose lives touch theirs in the life of every day. Go your own way with strength and silence, and do that which your soul demands. Let not the lesser voices of the loved and near deflect you

from your progress upon the path of service. You belong now to the world, and not to a handful of your fellowmen. This is not an easy lesson to learn, my brother, but all disciples have some day to learn it and it is an appropriate lesson for you at this time. The call has gone out for Servers and all who are pledged disciples must be the first to make response. This will involve sacrifice but you can be depended upon to make it.

Your health is better and will continue to be so, if you watch with care and keep the earlier rules I gave you as to diet, etc. You may find that in the coming years, your hours of sleep will be less. This will be good, not bad, my brother, for too much sleep leads to diminished etheric force. A hint suffices for the wise disciple. More air and sun, less sleep and fewer human contacts are for you the rule in the future. Into these words read their hidden meaning.

...Your main task, at this time, is to get yourself ready and in a good physical condition for the demands upon your time, your strength and your heart which will surely come...

For you this year the emphasis must be laid upon the stabilizing of your spiritual routine. Should you feel able to do so and the press of work permits write an article upon the Power of the Dedicated Will. It is the use of the will aspect that second ray disciples have to acquire and this, for you, is an immediate problem. The will of persistence you have. The dynamic will which breaks down barriers and carries all before it is your next achievement and unfoldment.

Your suggestion, that there should be a center at X of international usefulness is of real value and can be materialized if you work without haste and keep the conditioning of it in your own hands and in the hands of no one else. Meditate much upon it but take no steps until after.... In the secret place must your plans be wrought out and two men (who could be of assistance to you) have not yet been prepared; one of them you have not yet met. Think out with clarity, therefore:

- a. The note that you seek to sound.
- b. The work on the physical plane which the proposed center should do.
- c. The principles which must govern all action which you deem should be taken.
- d. The necessary linking which should be done if the work is to be truly non-racial and planned to dispel some of the world glamour...

January 1935

It will be obvious to you now how true is the growing expansion of your work. That has happened and the past year has seen you making many contacts and the increase of your influence in your own country and throughout the world is far greater. The decisions you make and the discipline to which you may voluntarily subject yourself will determine the scope and the extent of your future possible work. Everything lies in your own hands and in your capacity to make wise adjustments.

As you well know and as I have already told you, your problems are intimate ones for they concern your home relations and your personal, physical health. These you must solve yourself in your own way and no outsider may do more than suggest and indicate. The physical weakness has its seat in a constant draining and leakage of the etheric body. This keeps you devitalized and hence the emphasis I have sought to lay upon the need for sun and air. Too long hours of sleep increase the drainage of vitality. Sleep recharges the tired body and fits it for the next day's work, but eight hours sleep each night suffices you. Your true vitalization must come from the soul. You will not get it from excessive sleep and this is surely proved to you, for you sleep much and yet are ever tired. Forget not that a weakened etheric body is easily drained by other people though they do this quite unconsciously. Therefore, for you, close contact with others is not desirable, not only from the standpoint of your health but from the angle of the status which you have reached upon the Path of Discipleship.

Your aura requires sealing and the leakage now present can then be stopped. This cannot be done, occultly speaking, until you have made some changes in your life. Close inter-mingling with the auras of other people causes in your case a constant seepage of vitality, for you are constantly oriented towards giving. Your course is obvious ...

Your problem is a very real one, but by no means an unusual one; it must be faced with common sense, loving understanding and wisdom. You must take the attitude of a disciple whose work and time is needed

by the world in this hour of urgency. All problems are susceptible of two methods of solution, once the nature of the problem is seen and realized. There is the method of a sudden and drastic adjustment, whereby the old conditions are abruptly ended and a new state of affairs is inaugurated. This method, though oft the best, is not easy for the second ray disciple. The other is that of a gradual readjustment accompanied by outer explanation, until in time the same condition is brought about as in the first method. This is the usual method for a second ray disciple. Between these two you must choose, unless you prefer to leave things as they are.

...When the heart is full of love and the head is full of wisdom, nothing then is ever done that can cause distress to others in the long run. By this, I refer not to action but to the fruits of action. A decision can be made and a line of conduct followed (and the decision can be right) but the eventuating conditions may not be harmoniously adjusted unless there is a subjective freedom from fear, a heart full of love and that loving understanding which is the truest wisdom. The man who is fearless, wise and loving can do anything and the effects will be harmless and good producing.

Persevere with the meditation upon which you are now engaged.... Meditate constantly upon the will, consecrated to active, loving service. It is the use of the will that is of importance to a disciple, for the rightly directed will is the controller of force and the disciple works in the realm of forces. And, not only karmically, there is work that you and I can do, both inwardly and outwardly in the world. There is true service that you can render. But your work is that of director and inspirer. Very seldom is the second ray disciple a good executive, unless the secondary ray makes him so. Executive work and organization are not for you. You must learn to work through others, awakening them to a sense of responsibility and galvanizing them into activity. By the steady power of your own inner radiance, you must hold your workers steady.

The task of finding the right people and of inspiring them is your immediate task... You are in training as wielder of men and a guide of aspirants in the building work of the New Age upon which the Great Ones are now engaged. You must learn discrimination and understanding and right choice, through experiment, through failure and through success. All men are souls. Yes, my brother, but all men are not yet ready for disinterested service. Right judgment is a needed quality for you when considering people. For the work which you seek to vitalize, look not for the sweet, the gentle, the kind and tender because so many very good people are oft unintelligent and lazy. Look for those strong souls who, responding to the need of humanity and reacting to the impulse of love (which you so richly shed) are yet capable of thinking in strong terms, are vital in their planning, consecutive in their activity and who waste not time in beautiful visionary dreams. The visionary mystic senses the ideal but (using not his mind) makes no compromise between the wonderful ideas which may materialize in a far distant future and the present period of hard necessity. Look for those who may not resemble you in their second ray background, but who give you of their confidence and love because they recognize your wisdom, realize your inner link with the Hierarchy and lean on your experience and soul strength. Attract not to yourself for the work you seek to do, the sweet and feeble, the weak, well-meaning, gently ineffectual person. Look for the strong souls through whom you must learn to work. Look for those who can cooperate with the Plan.

Look also for your co-workers outside the ranks of the psychologically distressed and the abnormal people.... You must refrain from welding them into any structure which you may build for the Great Ones. They are not yet ready and would constitute poor stones in the building and weak links in your work. You must build for the future.

I have spoken to you thus at length because your work as a building cooperator can now begin. Symbolically, I say to you: Look for those who have blended head and heart and above whose foreheads shines the mystic symbol of the builder.

That you may integrate more freely and more fully in the work of the Great White Lodge and enter into a closer fellowship and relationship with the builders of the New Age is the earnest wish and prayer...

July 1935

There has been for you lately (as for so many) a time of testing; yet it has been at the same time a condition of consolidation, preparatory to the work of building. I am dealing with "building groups" those groups which are coming forth along the teaching line and which are constructing those thoughtforms which will embody the new techniques and ideas. These, during the next two centuries, will change the face of our

civilization and inaugurate a period in human history in which methods will be tried and principles established which remain as yet totally unknown to the majority. That period will lead the race into a civilization and a mutual, cooperative interplay which will bring to an end the present era of selfishness and competition.

You are predominantly the teacher and have needed to learn (and still need to do) three things:

First, you need to acquire that inner, divine detachment which sees life in its true perspective. A man is thus left free and untouched by aught that may occur. The ideal attitude for you is that of the Onlooker who is in no way identified with aught that may happen on the physical and emotional planes, and whose mind is a limpid reflector of truth. This truth is intuitively perceived because there are no violent mental reactions or emotional states of response; the vehicles of perception are quiet and therefore there is nothing to offset correct attitude. When this state of consciousness is achieved, you will be able to teach with power and at the same time possess that also which must be taught.

Secondly, you must acquire an increased ability to voice truth through the medium of the written word. Opportunity will come to you to reach the world with ideas that are relatively new; that which you write can be printed and circulated.... But, my brother, you must work for a year at the organizing of your thought and material, so that you can reach the thinkers of the world with the new ideas in the field of that oncoming major science, that newer field of service—the field of psychology....

You have a capacity for clothing an idea in its appropriate garb. You could write a book which would be a synthesis of these new psychological ideas, subordinated to a central theme, which would dominate them as the head dominates the activities of the body. It is upon this central theme that the brooding process to which you are called must take place. You must know with clarity what is the new thing which you seek to give to the world. Then and only then will the many true ideas which ferment so facily in your mind drop into place and form the pattern of the garment which will clothe your theme with beauty and give it expression. The writing of this book should be your main, subjective endeavor during the next few years. It must be wrought out in the crucible of energetic living and must not be the product of a seclusion, produced by withdrawing from outer activity. Your best work must be done in spite of all hindrances and because the urge to give these ideas to the world will surmount all obstacles.

Finally, continue with the task of finding those strong souls who can belong to the New Group of World Servers, if given right training. Train yourself in that discriminative ability which will enable you to find those who will warrant the expenditure of your time and strength and of your thought and energy, from the standpoint of the Hierarchy and of the work that the Hierarchy seeks to accomplish. Study these words, for they give you the clue to the type and quality required.

Your problems of adjustment must still continue till solved, and the processes of detaching yourself from too close a contact with the auras of others must proceed and must be carried into the field of your service to others. I see in you a better comprehension of this problem and an increased facility in application. You are learning fast and will find ample compensation as the work proceeds. Go forward to a fuller release and, therefore, to fuller power to serve.

December 1935

I have earlier indicated to you that your general sensitivity is responsible for much of your difficulty along telepathic lines and in connection with your physical condition and to let you know how well I understand all that you have lately suffered. Life has been peculiarly hard for you the past six months for you can tune in so easily on all that is around you.

The path of the World Saviours is ever a hard one; the way of the Divine Sensitives is fraught with suffering and with pain. This is the way that you have chosen to go, and the knowledge of this and its remembrance may help you to endure. Much help can also come to you if you will remember that there are certain lives in which the development of the equipment is the major goal. Then come other lives in which the prepared equipment is used. For you, this present life is primarily one of training and of unfoldment in connection with the sensitive, response apparatus. You are being rendered sensitive and so made aware. The power to tune in on the world pain and to be conscious of the world sorrow (and that sorrow indicates the world growth in responsiveness) is rapidly being brought about in you. But it is a phase. It takes a strong soul to know the sources and the roots of pain, lying deep hidden in the manifested world.

For you, at this time and temporarily, I suggest an unthinking detachment and an enforced refusal to permit the mind to ponder upon that which beats upon your sympathies from your environment. Practice this divine ignoring for the next six months. Be occupied with meeting the immediate needs of the individual; with carrying out the suggestions which I make in connection with your group work and service; and with deep, introspective reflection upon the Plan and the work of the New Group of World Servers... Persist upon the Way.

June 1936

The strain of the past six months has been great. But it is now over and your problem must be to relax, not so much in the physical sense as in the inner mental attitudes. So much of your sense of inadequacy and so much of your inability to carry forward your cherished plans over long periods of time have their basis in physical disability, primarily (as I have often told you) in a lack of vitality and not ill health. Yet the future holds for you much successful work, if right elimination of non-essential activities (with a consequent intensification of the essential and a certain measure of physical discipline) becomes possible to you. The path of the World Saviours is a hard one, owing primarily to the power to suffer which the second ray type embodies. This is of course in itself the principle of manifestation and holds the key to existence. Hence, therefore, the ability of the person upon this ray to "agonise towards the goal, carrying the burden of the world, learning, through identification with others, a detachment which, as time proceeds, negates all pain." Note the paradox here involved and learn its meaning which is your task this life.

How to discipline your physical body and how to strengthen it is your great problem and your immediate task. I mean not to infer that you are undisciplined. I seek only to point out that in the adjustments of the physical vehicle to the demands of the period and to your particular life cycle, will come for you release into service. This service will make greater effort possible with less expenditure of energy and of vitality and, therefore, less physical distress. The great psychologists always become World Saviours, because the psychological problem with themselves is faced and solved, and solved on the basis of a technique of transmutation.

...Your problem has far less to do with your own individual equipment than it has to do with your environing conditions. It is in these conditions that you have to serve. You are excessively sensitive to impacts from those surroundings, both from the mass and from individuals, and you know not yet how to give in fullness and yet retain, how to go out to others and never leave your own poised position. To stand in spiritual being is the clue to your problem. You need thus to stand and with greater poise. A dynamic, mental focusing will save you from much depletion. If you dwell ever on the plane of the mind, you cannot so easily be reached by the majority who contact you and who at present drain you of your strength. Ponder on this suggestion.

January 1937

You are about to enter upon a period of fuller service. Much of your life has hitherto been given to objective activities and you have forced yourself to meet immediate needs. Now your work should become more subjective and more far-reaching in its effect and scope. This will only be possible if you learn the difficult lesson (peculiarly difficult to you) of leaving undone much that has hitherto been done, and by the exercise of a wise and most careful discretionary discrimination. Your work must be specific and carried forward in connection with certain souls who warrant your attention because of their capacity to be used upon the Path. Therefore, your work must in the future be given primarily to disciples and not to the rank and file of people. You can, however, work with the intelligent masses, the aspirants and the probationers, through your ability to reach them with the written and the spoken word. Your task is not to reach the unawakened, or to write that which is popular. It is the more specialized task of working with and cooperating with those in whose hands lies the guiding of the "little ones." You have an avidity for service and an acquisitiveness for knowledge and for information which must now be regulated. In the past, its expression has been of value. In the present, this must be adjusted and rightly controlled; in the future, the results of this acquisition will be employed.

You placed your finger upon a major need when you spoke of the "lack of fire" which you evidence. This is, as you know, partly due to physical causes, but I would remind you that a physical body such as you possess can house a fire of such intensity (owing to its refinement and its purity) that many can warm themselves at it and kindle their own little flame. Make not your physical body a deterrent or an excuse. Use the iron will with which you are gifted and force its compliance to your soul's demands and to humanity's need.

This appeal is one that I make to all in my group of disciples. In all of you are limitations, hindrances and certain obstacles to progress. Were it not so, you would be liberated souls and not upon some division of the Path of Approach and under my tuition, as now you are. The immediacy of surrounding need and of hierarchical request for help in world work should galvanize you into a renewed and sustained effort, emancipating you from the lethargy into which it is so easy to lapse. Disciples are prone to two things (as are all aspirants) and these tendencies they should face with courage and clear vision:

1. Lethargy or the failure to use the advice and information available for practical, experimental use.
2. Self-centredness—in some subtle or obvious form.

You will place yourself, I know, under those who, through lethargy, fail to achieve the utmost possible. I would point out to you that though you may have this liability in a physical or emotional form, you have not got it mentally. You are among those who take the kingdom of heaven by violence and enter therein.

If you will ponder upon the verse which I am now going to give you for consideration, illumination may pour in. These verses do not refer to your recognized lethargy, of that you are aware and with it I need not deal. These occult phrases deal with things basic and oft unrecognized. If recognized, they are not adequately appraised. Here are the verses:

"One star shone forth within the dark blue vault of heaven. Then another and still another could be seen until around the star were many shining points. The circle of the stars revolved and kept its place and darkness was around on every hand. Each star within its tiny orbit kept its place and slow revolved. Its contacts with the circle's edge proved adequate.

"'There is but one great circle,' came a voice, 'not many little spheres. Some stars are small and time must feed their flame. Some stars are suns and shed their light on every hand. Seek out a sun and feed its life. Shed forth your rays and live.'"

July 1937

In dealing with the rays which control and dominate your life I would remind you that it is your first ray mind that gives you undoubted mental influence. This is felt most strongly by all who contact you. Being definitely in touch with your soul (which is in its turn under second ray influence) you have a combination of forces which is definitely useful, both to yourself and others. Your mental body is governed by the first ray.

Your astral body is as definitely a second ray aggregation of energies and hence the influence of love which you carry everywhere with you. I would remind you, however, that when the soul and the astral body are both on the same ray, there is presented always an engrossing problem of balance. There will be, in such cases, a tendency to a lack of balance in the total effect of the equipment and with this, as well you know, you have constantly to deal.

The physical body is of the seventh ray type but it is so controlled by your fourth ray personality that, in a most peculiar sense, it has little life of its own. It is negative to an amazing extent and this again constitutes a definite problem. Your rays, therefore, are:

1. The soul or egoistic ray—the second Ray of Love-Wisdom.
2. The personality ray—the fourth Ray of Harmony through Conflict.
3. The ray of the mind—the first Ray of Power or Will.
4. The ray of the astral body—the second Ray of Love-Wisdom.
5. The ray of the physical body—the seventh Ray of Ceremonial Order or Magic.

1. Your soul energy seeks expression through 2nd Ray Astral Body.
2. Your personality force is focused in the 2nd Ray Astral Body.

I have an idea that the above statement will carry much illumination to you and that it will enable you to make real progress.

January 1938

The past year has seen the many changes which have taken place in the relationship between your soul and your personality. These have now worked through on to the physical plane and have brought about definite outer changes in your life and circumstance. The uprooting to which you have been subjected should be a cheering indication to you of the emergence into a fuller life of service of a much better equipped worker, better, because he is a freer and less clogged channel for soul force. You have now the use of a renewed and more forceful personality in outer manifestation. Upon this thought I would ask you to ponder and carefully reflect. If you do this, you will be enabled wisely to make certain needed changes and adjustments which have been your inner realized goal for some long time and which can be more easily brought about in unison with the many other adjustments which change of environment have made possible.

A period of intensified service lies ahead of you, beginning in September of this year. This gives you an interlude wherein to think with clarity, to subject yourself to self-imposed discipline, and to heighten your magnetic vibration. Your task is not to go forth into the difficult places of the earth but to work from your own center through the magnetic radiance of your soul. This you have always done and I ask of you no new thing but only an increased magnetic radiance, based upon an inner freedom which makes possible the relinquishing of outer shackles and chains, thus gaining a liberty which will extend through every department of your being.

In connection with the problem of service and the finding of right cooperators, I might endorse your own opinion that up till now no true well-balanced cooperator has appeared. You are asking yourself if this lack of cooperators is your own fault and if there is anything you could do yourself which would attract the right person and establish a fruitful and enduring fellowship in the work. I would reply to this subjective questioning of yours in the following terms: Decisive action, carried forward and persisted in for the needed period of time is, for you, as yet, only in the formative stage. I refer not to your power to speak with decision to those you seek to help, physically and psychologically, for that you can always succeed in doing. I refer to the ability always to act with a wise, clean-cut decision in relation to yourself and your own immediate problems. You are learning to do this and the next two years will see you making much advance in this matter, but you are only at the beginning of your training. Always has your problem been that of the true second ray disciple. This involves the ability to identify yourself with others, their ideas and reactions and you thereby limit and hinder your own activity from the indecision which arises from too much understanding and too great a sympathy with the personality problems and the form side of expression. When you can stand with greater firmness in spiritual being and when you can work more definitely and consciously with the soul aspect and less engrossingly with the personality, your life will simplify and certain of your unique personality problems will disappear. Then and only then will your soul call to you those who can be your true cooperators.

One hint I will here give you: **Look NOT for those who are potential spiritually but who are NOT yet expressive, but look for those mature souls who do not need your help but who seek your collaboration as you seek theirs. You have sought for your collaborators among those you help, but there you will not find them. (SAM – This is a common mistake for Mondic Manifestation, 'Trans-Soul', or Way of Nirvana II Group members. The concept and hypothesis of these, and this 'our', group members is that we are beyond or 'Trans Soul or Karmic relationships' that are determining and bringing us together in our work (of helping to heal humanity and the planet as wholes).**

It was this idea I had in mind when I told you in an earlier communication to "seek out a sun and feed its life." I gave you no suggestion to do more than let time take care of those stars whose size is small and their radiance limited. One of the difficult things for humble aspirants to grasp is that peculiar moment in their life history when they must shift into the realm of discriminating work. This fits them to work as we, the teachers upon the inner side, have learned to work. We work not with all who would demand our aid but leave the "lesser lights" to be handled by our disciples and the lesser teachers. We confine ourselves to training those stronger souls, those more potent people whose lives can be "focused in radiance" and whose response and effort warrant our endeavor. There are many gathered around you, my brother, to whom you have given much strength and teaching and whose tendency is to confuse acquiescence in your teaching and acceptance of your strength for the more difficult task of achieving divine self-confidence and innate, not borrowed, strength. Let such people go and, standing as a radiant center of magnetic force, draw to yourself cooperators in the Plan and not consumers of your energy. Go through the lists of those you have sought to help and relinquish them to their own souls. Mind not their criticism but dedicate yourself to more important work, a work which will appear when you have freed yourself from the clinging

hands of well-meaning but weak-minded aspirants. Then, around the star which is your soul will be many "shining points." There have been times when I have been hard put to it to find you because of the obscurity brought about by those who surround and well nigh smother you as they cling to you. Stand Free.... Having pointed this out go forward towards the goal and the vision with confidence, sure judgment and the knowledge that I am standing by with understanding and with confidence in you.

January 1939

You will note how you reverse the problem of B.S.D. because your personality ray, your soul ray and your astral ray are all along the same line of force, the line of the second ray. I have already pointed out to you the difficult nature of your problem which is that most subtle one of the right balancing of energies. You have no third ray energy in you at all (the energy of the ray of the intellect) and this in spite of the fact of your physical constitution. It accounts for your intense feeling that you have no racial relationship to the Jews at all in spite of the fact that you are of the Hebrew race. This is a true feeling, and the only thing which relates you to the Jewish race is the fact that your mental body is on the first ray which is the same as the soul of Judaea. The soul knows no distinctions or differences and on soul levels no problem of any kind exists except the problem of understanding love. Of this you know much.

Your soul ray focuses itself in and through your astral body and your personality ray does the same. Hence your problem and hence the facility with which you can relate the soul and personality rays and can carry through their blended energies to the heart center. The increasing use of this line of force is one of your practical demonstrations of the future. The second thing which you need to do is to take these energies of the soul and of the personality, add to them the energy of the heart center and then learn how to carry all three to the head center and there blend them with the power of your first ray mind. This first ray mental power, you must learn to bring definitely down into the head center by an act of the creative imagination and hold it steadily there....

I would ask you, as far as you possibly can, to insulate yourself from fear and from the effect of the world situation and its allied problems. The future for you is planned and you can take the right steps through the power of your illumined mind. I would ask you to carry forward this insulation along the line of love, using the ancient method which has been called "the wheel of living fire which burns not but ever heals." This method is occult and safe and constitutes no barrier to relationships as does the building of a separative wall. The method is as follows:

See before you a wheel of fire with seven spokes. See it immediately before your eyes. Then, by an act of the creative imagination, see yourself standing in the center at the hub of the wheel; there regard yourself as if you were that hub. From that central position, send out the seven streams of living love, radiating upon the world. When you do this you serve and are, at the same time, completely protected. This exercise can be come instantaneous and effective. It generates a protective force and at the same time makes you a living center of light and love.

Be not distressed, my brother, but in calmness and in peace pursue your way. There is no life, at this time, without its difficult lot to bear, and what matter what it is? Love all. Serve all. Preserve your mental integrity and be not influenced by those whose hearts are bitter or whose tongues are cruel. Life is initiation and for this you are prepared. The crises in the life of the soul work out along certain lines as major initiations. I am here giving you a hint. For this too you are, as you know, being prepared.

AAB FINAL COMMENT NOTE:

Under the most trying conditions, this disciple is steadily carrying on and working with K.H. and serving with the Tibetan's group.

SAM Synthesis And Mergration Consultation and Interpretation Notes:

A. SAM Synthesis Interpretation Notes: There is a lot to note, however, this will be done only briefly and left to the rest of the group to carry further what has be said above and these brief comments to determine how this may relate to our own lives and our color readings.

1. Monad Hypothetical Red - 1st Ray considered due to their indicated 'directiveness' in finding and working with group members.
2. Aura Orange - 2nd Ray considered Lovingly Wise ability to work out Auric, Karmic and Soul relationships, situations and feelings but has more to learn from the hypothetically directive Monad.
3. Soma Green - 4th Ray considered as a person Harmonizing their life of the integrated personality through Conflict.

4. Mental Orange - 1st Ray considered a person who is mentally overcoming duality and implementing Love Wisdom.
5. Astral Orange - 2nd Ray considered also a person who is emotionally overcoming duality and implementing Love Wisdom.
6. Sycal Violet - 7th Ray considered a person who is physically incorporating higher order in their life.
7. The Higher Equilibrium relationship of Red Monad over Orange Aura produces a Red Orange of a possibly willful and lovingly wise person. This is hypothesized due to the Monadic will searching for Monadic group relationships but still under the influence of a Loving yet not so Wise Auric Soul.
8. The Lower Equilibrium relationship of the Orange Aura over the Green Soma considered as a confusion of Yellow Brown (various combinations of different levels of experience and intelligence mixed up and unclear to the person so they have made the Love of the Aura or Soul as the goal instead of moving onto the Monadic will and synthesizing that with the Somatic Green and the Auric Orange through the Violet path of Ceremonial Order and/or the Orange path of True Love Wisdom.
9. The Hypothetical Soul-Ution relationship of Red Monad with the Green Soma or Red Brown is considered the real Soul-Ution of true paths of either Orange Love Wisdom or Violet Ceremonial Order.
10. The Synthesis is the Red Brown of the Soul-Ution plus the Orange of the Aura which now form another Red Brown:
 1. A true synthetic Love Wisdom or Ceremonial Order of the person's being but it is being 'capped' by the 'Love-Wisdom of the Soul' (the chosen Orange Auric color).
 2. A confusion of Red Brown from the Soul-Union and Yellow Brown from the Lower Equilibrium instead of seeing clearly the paths that these Browns conceal.
 3. Much more could be said but for us, SAM, the insights lay in the Higher Equilibrium Red Orange, a Willful Love Wisdom and the concealed paths of Love Wisdom and Ceremonial Order in the persons life.

B. SAM Mergration Interpretation Notes:

1. Mental Orange - 1st Ray considered very strong (highest mental level color).
2. Astral Orange - 2nd Ray considered very strong yet limiting.
3. Sycal Violet - 7th Ray considered strong but mainly inaccessible due to stronger personality.
4. Higher Balance relationship of Orange/Orange confusing levels of Will and Loving Wisdom.
5. Lower Balance relationship of Orange/Violet forms Red Brown of possible paths of the:
 1. Green of Harmony through Conflict,
 2. Orange of Love Wisdom
 3. Red of Will.
 4. Violet of Ceremonial Order of life.
6. Soma-Ution (union of Mental and Sycal) Orange + Violet = Red Brown (see section B.5. above) except related now to the Mental and Sycal levels uniting verses the Astral and Sycal levels interacting.
7. Mergration of Astral Orange over the Red Brown of the Soma-Ution (see again section B.5. Above) except related now to the Astral Orange interacting with the Soma-Ution Red Brown into another Red Brown of the:
 1. Mergration or a merging integration of the Orange of the very significant and controlling Astral body into a Red Brown with the True Soma-Ution Red Brown. Four of the same paths merging into one whole Soma in this case of the Green of Harmony through Conflict – the perfect 'cherry on top of this 'Mergration Pie'!

SAM FINAL COMMENT NOTE ON ADDENDUM 1:

Hopefully everyone can see and focus on the Divine beauty, harmony, dance and game (Lila), symphony, intelligence, glory, universality, mystery, science, order, evolution, progressions, hierarchies, etc. in these concepts, hypothesizes, theories, realities, teachings, techniques, methods, insights, impressions, intuitions, thoughts, 'Kama-manas' (emotional thoughtforms), sensations, kingdoms, realms, etc. and increase their usefulness in our lives and increase the usefulness of our lives.

Conclusion (at this point) on ADDENDUM 1:

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
