

Full Moon of Capricorn, tenth Full Moon of this Astrological Year, on Saturday, January 7, 2023 at 02:07:42 in Romania:

The main Keynote or phrase to consider for all Capricorn Full Moons (each year): **“Lost am I in light supernal, yet on that light I turn my back.”** The Capricorn Full Moon Keynote of Light each year is: **“The Light of Initiation. (Hint 1: This is the light which clears the way to the mountain top, and produces transfiguration, thus revealing the rising sun. Hint 2: This month’s Capricorn keynote on Light Supernal is particularly linked to this year’s annual keynote.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Capricorn is Ray 5.** So, Capricorn has a main energy of Concrete Knowledge or in a word Science. It is a recommendation to consider the Capricorn Keynotes as Ray 5 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining effects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This is explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021). This year we will add information on how each constellation works as a quaternary in what are called the 3 Crosses. Addendum 1 from the April 2022 Full Moon report (nine months ago) is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA. Addendum 1, below, relates specifically to Capricorn and how it fits into the Crosses. Capricorn is the tenth sign of the new Astrological year and the seventh of the nine distributing energy and consciousness Full Moons of the year. It is part of the Cardinal Cross. It helps bring a continuing energy to the lower distribution cycle for the astrological year after the first three building months of Aries, Taurus, and Gemini (April, May, and June).

A. Notes on this coming Full Moon of January/Capricorn:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 6 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the tenth of twelve Full Moons of this Astrological year** and is the seventh of the nine different ‘Distributing Consciousness and Energy’ full moons of this astrological year. The energy which is built and gathered during the past, first three ‘Building’ Full Moons at the beginning of the astrological year, which is also called the ‘higher interlude’, is now distributed over the next nine Full Moons during the end of the astrological year, which is also called the ‘lower interlude’.
- 3. Addendum 1 from last year's Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to view** some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the forth Astrological Year of this group formation and the group’s beginning functioning.
- 4. Addendum 1 from April 2022’s Full Moon report of Aries (nine months ago)** is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA.
- 5. Addendum 1 below will give this month’s expansion of how the qualifying energies of the monthly astrological sign, Capricorn,** fit into the three ‘Crosses’ or quaternaries of constellations formed by the 12 signs which may be effecting us and how to respond to the various opportunities these Crosses of energies present to our group including each individual.
- 6, The 2022-3 astrological year Annual Keynote is,** “LET THE LIGHT OF THE SEVEN RAYS BLEND WITH THE SEVENTH RAY, AND LIGHT SUPERNAL USHER IN THE NEW CIVILIZATION.” This month’s Capricorn keynote on Light Supernal is particularly linked to this year’s annual keynote.

B. Notes and Activities on or since the last Full Moon December/Sagittarius:

- 1. SuonAngelMiriam meditated at the time of the new and full moon together. We had what we consider** meditations of positive distributing of this astrological year’s continuing of the Lower Interlude and now after the Winter Solstice a beginning movement towards the coming new astrological year.

- 2. SuonAngel are talking with 2023 Timisoara Cultural Capital office about a cooperative event possibly named 'SAMatate'** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian's or other groups for the Cultural Capital celebrations rescheduled to 2023. We are organizing information for possibly submitting an application or by possibly joining in the Asociatia Cries project next year in 2022 and for the main event in 2023 a final decision as to whether we will want to participate will be made soon. SuonAngelMiriam attended a one day conference: "Socio-Economico-Cultural Rebirth of the Romanian Village" Conference, Date: 19 th Nov 2022, Location: Zimand Cuz, jud Arad with the guest speaker Dr. Avram Fitiu. If anyone would like a copy of our report on the meeting let us know.

We also attended a book signing in Bucharest on December 10, 2022 by Calin Georgescu of his new book, "The Great Rebirth: Truth, Freedom, Sovereignty, The Exit from the Matrix". If anyone is interested in borrowing the book or in the details of the book release and how it relates socially, culturally or politically to the conference on November 19th please let us know.

We also attended a Hemp fair in Bucharest on December 11, 2022 and learned more about the current legal and commercial aspects of the hemp industry in Romania through the Asociatia patronala Planta Romanica. The chair person at the head of this association also knows Virginia and we are studying more of how these organizations are and can more effectively, efficiently and cooperatively work together.

And finally we assisted in the building and celebrating of the second Christmas Fair in Singureni for the last two weeks of December 2022.

- 3. The Group Central Pillar Crystals** and the Esoteric and Occult crystal sets are now finalized along with any rearranging of the other crystals of the set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022).
- 4. The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report).
- 5. Three new 'Circumcentral' crystals have been put on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025 (see photo below).

- 6. Poppy research at BioFarmland (BFL)** at Virginia's suggestion. New organic seeds have arrived and were planted in October 2022 for the 2023 spring season.

7. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the “Socio-Economico-Cultural Rebirth of the Romanian Village” conference in Item 2 above.
8. **Based on Leontina’s previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Anyone wanting a more specific update or to help with initial financing please either contact Leontina or us.
9. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the law suit will be claiming as the defendants and is continuing. Recent meetings at Singfest in September. Let us know if you have additional comments or questions. Next meetings were held at the end of 2022 at the second Singureni Christmas Fair.
10. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, etc.
11. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesise Tri-Level Color Set as liquids. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
14. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair.

C. Previous Activities Archive:

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2022 continues the new seven year cycle started in 2020.** The final major group ‘impact’ has been made in 2019 prior to the next 100 year ‘impulse’ which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.

- c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
- d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
- e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

Addendum 1: Capricorn, The Goat, constellation hypothesizes and considerations on the 3 Crosses from EA:

CAPRICORN, THE GOAT:

This is one of the most difficult signs about which to write, for it, as you know, is the most mysterious sign of all the twelve. It is the sign of the Goat which seeks its sustenance in the most rocky and arid of the world's places and it, therefore, relates man to the mineral kingdom; it is also the sign of the Crocodiles which live half in the water and half on dry land; it is spiritually the sign of the Unicorn which is the "fighting and triumphant creature" of the ancient myths. Under the symbolism of the above creatures, this sign gives us a rather complete picture of man with his feet upon the earth, yet running free and climbing to the heights of worldly ambition or of spiritual aspiration in search of what he realises (at any particular time) to be his major need. As the Goat, he is man, the earthly, human, greedy seeker after the satisfaction of desire, or man, the equally selfish aspirant hunting for the satisfaction of his aspiration. This sign portrays to us man, an ambitious animal in two senses of the word: in the early stage upon the Mutable Cross, man, the blend of desire (water) and the animal nature (earth), and upon the reversed wheel, man, the blend of soul and form. It gives us the picture also of the triumphant initiate, the "unicorn of God," the symbol of the unicorn, with its one horn out-thrust like a single spear upon his brow instead of the two horns of the scavenging goat.

THE CARDINAL CROSS

In the four signs of this Cross we find Christ also manifesting their energies in their highest forms (from the angle of human understanding), though these are more by implication than by direct statement.

Aries.—This sign, which is the sign of beginnings, provided the impulse and energy which enabled Him to inaugurate the Christian era; it initiated, through Him, the "age of Love" which is only now beginning to take form, and its potency is now so great that it has brought about (paradoxically) the present world cleavage.

Cancer.—The potency of this sign is expressed for us by Christ in the oft misinterpreted words: "Other sheep I have which are not of this fold, them also I must bring." This refers to the mass consciousness in contradistinction to the initiate consciousness of His disciples. Cancer is a mass sign.

Libra.—Christ stood at the point of balance in human evolution; He stood between the old world and the new, between the East and the West. In the Christian era comes a "point of balance" or that "crisis of equilibrium" in the human kingdom.

Capricorn.—This sign marks the point of concretion and of crystallisation which results eventually in the death of the form. This we see happening today. In His triumph over death and in His resurrection into life, Christ indicated the deep mystery of Capricorn.

A study of these few suggestions anent the life of Christ will bring to light and livingness this whole subject of the three Crosses. It is needless for me to remind you at this point that on Mount Golgotha, these three Crosses are portrayed:

1. The Mutable Cross—the unrepentant thief. Humanity.
2. The Fixed Cross—the repentant thief. Hierarchy.
3. The Cardinal Cross—the Cross of Christ. Shamballa.

The keynotes of this sign are all indicative of a crystallisation process. This concretising faculty of Capricorn can be considered in several ways.

First of all, Capricorn is an earth sign, and in it we have expressed the densest point of concrete materialisation of which the human soul is capable. Man is then "of the earth, earthy" and is what the New Testament calls "the first Adam." In this sense, Capricorn holds in itself the seeds of death and finality—the

death which takes place finally and eventually in Pisces. Ponder on this. When crystallisation has reached a certain degree of density and so-called "hardness," it is easily shattered and destroyed and man, born in Capricorn, then brings about his own destruction; this is due to his fundamentally materialistic nature, plus the "blows of fate" which are the enactments of the law of karma. Again and again, a certain measure of concreteness is achieved, only again to undergo destruction, prior to the release of the life and the rebuilding of the form.

Secondly, Capricorn is ever the sign of conclusion, and of this the mountain top is frequently (though not always) the symbol, for it marks the point beyond which further ascent in any particular life cycle is not possible. Capricorn is, therefore, the sign of what has been called esoterically "periodic arresting." Progress becomes impossible under the existing forms, and there has to be the descent into the valley of pain, despair and death before a fresh attempt to scale the heights takes place. The attempt today to climb Mount Everest is amazingly symbolic, and it is being watched with much interest by the Hierarchy, for in this effort we see the attempt of humanity to achieve the top of the mountain whose height has hitherto defeated all efforts. But—and this is the matter of moment and of interest—when humanity emerges into the light and relative glory of the new civilisation, they will at the same time conquer this last remaining summit. That which is of the densest materiality and which is the consummation of earthly grandeur will remain—but it will be beneath the feet of humanity.

Thirdly, Capricorn is, as a consequence of all the above, the sign in which is inaugurated a new cycle of effort, whether this effort is in connection with the individual man or with the initiate. Effort, strain, struggle, the fight with the forces native to the underworld, or the strenuous conditions entailed by the tests of discipleship or initiation—these are distinctive of experience in Capricorn.

In ancient days, as you may perchance have heard, there were only ten signs, and—at that time—Capricorn marked the end of the zodiacal wheel, and not Pisces as is at this time the case. The two signs of Aquarius and Pisces were not incorporated in the signs for the simple and sufficient reason that humanity could not respond to their peculiar influences; the vehicles of contact and the mechanisms for responses were not adequately developed. Originally, there were eight signs; then there were ten and now twelve.

1. In Lemurian days, during the early period of animal man and before humanity appeared on earth, in the interim period of development, eight signs influenced the planet and the kingdoms of nature found upon it. There was no response to the influences of Leo and Virgo. The mystery of the Sphinx did not exist and these two signs were not then part of the zodiacal wheel. Then individualisation took place and the seed of Christhood was planted in man and these two signs began to influence humanity, and gradually that influence was recognised and the zodiac was then known to have ten signs. The Mutable Cross dominated, but it was then the Tau, for Pisces was lacking and only Gemini, Virgo and Sagittarius were evidenced. Aries to Capricorn marked the circle of experience.

2. In Atlantean days, man had become so responsive to the planetary and solar influence that the door of initiation into hierarchical experience was opened and two more signs were added. These two signs were the higher correspondences of Leo and Virgo and were the polar opposites of these two: Aquarius and Pisces. Their influence became active and effective and thus they formed part of the zodiacal wheel because man began to respond to their potencies. It then became possible for the Fixed Cross to function esoterically in the life of humanity, and the first reversals of the wheel in the life of the advanced men of the period took place. It was this reversal which was the true cause of the great contest or battle between the Lords of the Dark Face (as they are called in The Secret Doctrine) and the Lords of Light—a contest which is today persisting. Certain men then reached the stage of discipleship wherein they could consciously mount the Fixed Cross and be prepared for a major initiation. This the Forces of Materiality and of Obstruction (as they are sometimes called) fought and the battle was fought out and conditioned in the sign Scorpio.

3. Today, in Aryan times, a similar conflict upon a higher turn of the spiral is taking place. The reason is that certain world disciples and initiates have reached the point in their unfoldment wherein they are ready to mount the Cardinal Cross and take some of the higher initiations. So the conflict is on between humanity (under the control of the Lords of Materiality) and the Hierarchy (under the control of the Forces of Light and Love), and right before our eyes the battle is being waged. The influences of the twelve signs of the zodiac (particularly of seven of the signs) are being engaged, for today men of all types and rays are responsive to their influences and are implicated in some form or another in the affair.

You will note, therefore, that if the concentrated forces of the Cardinal Cross are definitely potent at this time (as they are) the battle is terrific, because,

1. Humanity, as a whole, is in a state of turmoil, prior to a great step forward in self-conscious unfoldment, and in the expression of the sense of responsibility which is the first flower and fruit of self-conscious awareness. This fact is responsible for sweeping into the conflict in a peculiar and pronounced manner, the forces of Cancer (involutionary in nature), of Leo (concerned with individualisation), and of Gemini (expressive of man's essential duality). You find, therefore, today, the activity of the mass consciousness of Cancer which is indicative of the activity of the Cardinal Cross in the involutionary stage; the self-consciousness of man as indicated by Leo, the most human sign of all, and indicative of the Fixed Cross; and Gemini, which gives the sense of the dual nature of man—human and divine—which is the goal of the consciousness of experience upon the Mutable Cross. You consequently have a sign in each of the three Crosses particularly active today in influencing the masses of men everywhere. A little study of world conditions, as far as man is concerned, will prove this.

2. The disciples of the world today and advanced humanity are equally in a state of turmoil. They are being tested and tried, prior to taking a major step forward—in some cases this will be the taking of the first initiation and in others the second. This is brought about by, and brings in, the forces of Taurus, Leo and Scorpio, plus a general pervasive influence coming from Gemini. You have here three signs found in the Fixed Cross and one in the Mutable Cross conditioning and affecting the world disciples, and all of them of terrific importance and potency today, owing to the stage of development and the sensitivity of the disciples and world initiates.

3. The initiates, in their turn, are being subjected to the impact of energies from Scorpio, Capricorn and Pisces—an inflow of force from each of the three Crosses. These three forces enable the initiates to take the third initiation.

1. The Mutable Cross - brings about those conditions which will produce great periods of change in the life of the planet, of a kingdom in nature or of a human being. Mercury plays a part in this. Upon the Mutable Cross, the crucified man sees naught of the picture. He suffers, agonises, desires, strives, is the apparent victim of circumstances, and is distinguished by a veiled vision and inchoate longings. These gradually take shape until he reaches the stage of acquiescence and aspiration.

The Cross of the Hidden Christ.

a. This is the Cross of the four major energies which produce the conditioning circumstances which transform animal man into an aspirant.

b. It is, therefore, the Cross of the personality or of the steadily developing and finally integrating human being. This takes place at first in response to circumstance and later to soul inclination.

c. It is the Cross of temporal and temporary change, of fluidity and of those constantly altering environments which drive the soul within the form from one extreme of experience to another, so that the life shuttles between the pairs of opposites.

d. It is the Cross of the responsive form, nurturing and developing the life of the indwelling Christ, the hidden Soul or Lord of Being.

The four arms of this Cross are Gemini—Virgo—Sagittarius—Pisces. It is sometimes called the Common Cross because it conditions the common herd, the mass of humanity.

2. The Fixed Cross - brings about, as a sequence, to these inner changes, certain great points of crisis which are unavoidable and present definite opportunity. Saturn is dominant in bringing this about. Then he finds himself upon the Fixed Cross and begins to grasp the whole of the purpose of experience upon the Mutable Cross (as far as humanity is concerned) and to realise that there is a hierarchical purpose which can only be grasped by the man who is willing to be crucified upon that Cross. He reaches the stage of responsibility, self-awareness and right direction. His orientation is now "the spiritually vertical which involves the inclusive horizontal." At this stage, the Plan of the Logos begins to take shape in his consciousness.

3. The Cardinal Cross - is responsible for bringing about certain great points of synthesis, as a consequence of both change and crisis. Jupiter is responsible for the focussing of energies at this point. Upon the Cardinal Cross, the purpose and the unified consummations of the two earlier crucifixions become almost blindingly apparent and a vision of the unified intent of the three Persons of the underlying Trinity (each upon His Own Cross) emerges with clarity.

The theme of all three Crosses is fusion and integration. The fusion of the personality into one functioning whole; the fusion of soul and personality consciously; the fusion of the threefold expression of divinity—Monad, ego and personality—so that there is an appearance of the blended energies. The keynote of their influences is the power to include and the full expression simultaneously, in time and space, of the vertical and the horizontal life.

For more information on the crosses go back to the 2022 and 2021 Full Moon Meditation Reports. If you need the reports sent to you again please let us know.

Conclusion (at this point):

May we consider together entering into that higher state of (group/soul) 'bewilderment' yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
