

Full Moon of Gemini, third Full Moon of this Astrological Year, on Wednesday, June 11, 2025, at 09:43:48 in Romania:

The main Keynote or phrase to consider for all Gemini Full Moons (each year): **“I recognise my other self and in the waning of that self, I grow and glow.”** The Gemini Full Moon Keynote of Light each year is: **“The Light of Interplay.”** (Hint 1: **This is a line of light beams, revealing that which opposes or the basic duality of manifestation, the relationship of spirit and of form.** Hint 2: **It is the conscious light of that relationship.**)” Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Gemini is considered to be Ray 3.** So, Gemini is considered to have main energies of Intelligence and Activity or what is considered as Adaptability. It is a recommendation to consider the Gemini Keynotes as Ray 3 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We will be taking one example of a different individual's ray structures per month from the books, “Discipleship in the new age I & II” by Alice a. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoool.html>.

Gemini is the third sign of the new Astrological year and the third of the three building energy and consciousness Full Moons of the year. It helps bring a new and continuing 'birthing' energy to the higher building cycle for the astrological year of Aries, Taurus, and Gemini (April, May, and June) which is also called the Higher Interlude. Then the following nine full moons of the year help to ground or anchor these higher interlude energies and consciousness and are considered the Lower Interlude. Addendum 3 from the past Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

The Key to the Ray 3 Method is: **"Let the Army of the Lord, responsive to the word, cease their activities. Let knowledge end in wisdom. Let the point vibrating become the point quiescent, and all lines gather into One. Let the Soul realise the One in Many, and let the word go forth in perfect understanding: 'I am the Worker and the Work, The One that Is.'"**

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative (www.2025initiative.org) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendum started with a note from us as an introduction about the

papers and can also be found on the website at the bottom of the page at:
www.sam2013.org/group_consciousness.html.

A. Notes on this coming Full Moon of June/Gemini:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 7 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the third of twelve different Full Moons of this Astrological year** and is the third of the three different full moons for building of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Previous addendum 1 from the Full Moon report of Aries (April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the seventh Astrological Year of this group formation and the group's functioning.
- 4. Addendum 1 below relates to** information and specific individual examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group.
- 5. The 2025-6 astrological year Annual Keynote is,** "LET THE GROUP EXPRESS THE QUALITY OF THE HIDDEN VISION:" Hint: "The hidden vision is not "man's vision of God" but "God's own vision of His purpose."
- 6. The Summer Solstice will be on Saturday June 21, 2025 at 04:42:00 in Romania. The Summer Solstice is** considered the greatest growth of the growing cycle before beginning a new cycle on the Fall Equinox. We will be holding a Hindu Puja cleansing and nourishing ceremony on Sunday June 22, 2025 at noon if anyone in the group is interested in attending please let us know. Also all of the crystals will be out and available for people who come.
- 7. This is being considered as the greatist impact and influential consciousness Full Moon and Summer Solstice of this 100 year cycle from this year, 2025, until 100 years from now, in 2125.**
- 8. Addendum 2 below is a final message that Remus gave to Andrei, his son-in-law, two days before his passing, that Remus wanted to share with everyone.** It was read at his funeral on Tuesday May 20, 2025 by Andrei. We have added a brief comment at the end of the message explaining that, for us, we will continue to consider Remus as part of this group at the present time.

B. Notes and Activities on or since the last Full Moon May/Taurus:

- 1. SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continued beginning of the new Astrological year and of the building of consciousness cycle of the astrological year and of this year of Impact on the next 100 years. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group exoteric, esoteric, and occult crystals and now some of the new hand held crystals this year. Angel had a significant experience with the MilkyWay Golden Light and Presence of God crystal which was first mounted on its stand and lit up on the new moon of Gemini. Suon had more understanding and insight about the SAM2013 Synthesis Tri-Level Color System using the progressive methods of Statements Affirmations Messages to help people use and understand the products on the same new moon of Gemini.
- 2. The Three Group Central Pillar Crystals,** the Esoteric (numerologist 8) and Occult (numerological 9) crystal sub-sets are finalized for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into general triangular group consciousness (see previous photo from March 2022 Pisces report). **All three new 'Circumcentral' crystals have arrived. All three are now** here for the Summer Solstice of 2025 and for this Hierarchical Group Impulse year of 2025 (see photo below or <http://www.sam2013.org/crystals.html> on our website for more information).

3. **Two hand held faceted crystals have arrived. A. One, which is a combination of a Phase I and Phase II crystal** which has 'Blue Needles' which have an esoteric quality to transcend time and is a more personal healing crystal for Suon for present, past and future health issues and B. One, which has a triangular bottom and also is a combination of a Phase I and Phase II crystal and which is available to anyone who wants to consider having such a crystal (see photos in previous group reports of Sagittarius and Capricorn 2025). **Three hand held crystals have arrived to assist with the 2025** impulse year consciousness and energies. If anyone is interested in knowing more about these crystals please let us know (see photo in previous group report of Aquarius 2025). **Another three hand held crystals have arrived to assist with the 2025** impulse year consciousness and energies. If anyone is interested in knowing more about these crystals please let us know (see photo in previous group report of Pisces 2025).
4. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. See previous reports. A small number of the poppies have come out last year (May 2024) and their seeds have been encouraged to spread more this year in 2025. Some additional poppies have come this year 2025.
5. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was in Timisoara spring 2024 to talk more informally about these topics.
6. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. See previous reports. Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023. A group walk to a special Lilly-of-the-Valley field near Leontina's house was held on May 1, 2025 with a group of about 25 people where she taught some more of the historical significance of that area. A shared meal with more discussion was held after the walk.
7. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
8. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. See previous reports. The first production of

Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.** The consultations are continuing.

9. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Updated in October 2023. **Remus passed in May 2025** however, he is still being considered as part of the group and the project at present is continuing.
10. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
11. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update. Phone meetings are on-going.

C. Previous Activities Archive:

1. **Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.**
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'.** See FM Sagittarius 2023 for final update on this report.
3. **SuonAngelMiriam have met personally with Georghe Piperea and joined his class action law suit against the constitutionality of mandates.** Suit was lost, see previous report details.
4. **We participated in Remus' course about Stress Management held through ANATECOR** which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and ANATECOR organized for the professor Mircea Stefea who passed in 2023.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2025 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens this year 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestion, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

ADDENDUM 1:

These planned next 12 monthly addendum (during this 2025 Astrological year) and this once in 100 year, 'year of higher impulse' will be written and designed to help each person understand and apply their Ray qualities, in their Color Consultations, to the opportunities available at the time of the Full and New Moons for gaining more conscious understanding and then applying that conscious understanding in their daily lives. Hopefully you will enjoy them independent of what changes in consciousness or life they may bring as long as what comes is 'higher and forward' – SAM.

Forward notes by SAM restated from the above Report:

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We will be taking one example of a different individual's ray structures per month from the books, "Discipleship in the new age I & II" by Alice a. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesises with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. Examples of a different individual's Ray structures from the books, "Discipleship in the new age I & II" by Alice A. Bailey - AAB. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups (Free online at: https://www.lucistrust.org/online_books/discipleship_in_the_new_age_vol_i_oobooks)

Forward Notes by AAB restated from the previous Report:

These books are in many ways unique. Nothing like them have before been published, as far as I know.

...the old rules to which disciples have been subjected down the centuries still hold good, but are susceptible of fresh and often different interpretations. The training to be given during the coming New Age will be fitted to their more advanced development. The evolutionary progress - from century to century - presents a steadily ripening and developing human mind.... The standard of discipleship is consequently as steadily rising. This, in itself, demands a new approach, a wider presentation of truth and the permitting of a greater freedom of action upon the part of the disciple.

Today, in our speedier times and when the demand of humanity for help is so outstanding, the hint has given place to explanation and the disciple is trusted with information, hitherto withheld. He is regarded as having reached a stage in his unfoldment at which he can make his own decisions and proceed with rapidity, if he so chooses.

Much in this book is new. Much is very old, tried and proved. None of the people ... are saints or perfect. All are, however, true aspirants and will go on to the very end in spite of pain and sorrow, discipline, success, failure, joy and a spiritual recognition of almost unattainable goals. Some have been on this Path ... for many lives. Some are venturing for the first time - consciously and with deliberate effort - to tread the Way to God. All are mystics, learning to be occultists. All are normal people, living useful, modern lives in many different countries in the world. Some are orthodox Protestant Christians by profession; others are Roman Catholics; still others are Christian Scientists or belong to one or other of the more mental cults; some are

quite unattached and free from affiliations. None of them regards his particular brand of faith or his particular religious background as essential to salvation; he knows that the only essential is belief in the spiritual realities and in the essential divinity of mankind. This belief necessarily involves a heart full of love, a mind open and illumined by right orientation to truth and a life dedicated to service and to the alleviation of human sufferings. This is the determined goal of all whose instructions are found in this book - a goal which they have not yet attained and a mode of life which they have not yet perfected. They are, nevertheless, unalterably upon their way and that way is the WAY. Christ said "I am the Way, the Truth and the Life"; these aspirants, working under a great Disciple of the Christ, are beginning to grasp some of the significance and implications of that statement which holds true for all time and for all disciples, because "as He is, so are we in this world."

Each person's instructions are given in their ordered sequence, year by year, so that a real picture of the person concerned, of his problems and his achievement or lack of achievement, emerges clearly. This book is encouraging in that it offsets the idea that to be a pledged disciple one is, therefore, set apart by perfection of character and isolated by the aspiration which inspires the life. These are people with problems, struggling to solve them; with character limitations which they are endeavoring to overcome; they are true instances of any man or woman who turns his back upon the usual approach to the world of material affairs and takes up his cross in order to find his way back to the Father's home; they picture for us the man who, having "put his hand to the lough," turns not back but presses forward "towards the prize of his high calling in Christ."

One other reason might be mentioned here as indicative of the value of this book. In every case, the disciple is told what are the types of energy to which he most easily responds and upon which ray or divine emanation he finds himself. He, therefore, becomes aware of what constitutes his line of least resistance and where the major point of his life conflict is to be found.

We are taught in the esoteric philosophy that seven great divine Emanations, Aeons or Spirits (in Whom we live and move and have our being) came forth from God at the time of the Creation. The same teaching can also be traced in the Holy Bible. Upon one or other of these seven Rays, the souls of all forms of life are to be found as well as the forms themselves. These seven rays produce the seven major psychological types.

These seven rays or emanations are:

1. The first Ray of Will or Power. Many great world rulers are found on this ray, such as Julius Caesar.
2. The second Ray of Love-Wisdom. The Christ and the Buddha are to be found on this ray. It is the great teaching ray.
3. The third Ray of Active Intelligence. The mass of intelligent humanity are found on this ray.
4. The fourth Ray of Harmony through Conflict. Aspirants. Struggling, well-meaning people. Workers for unity emerge along this line.
5. The fifth Ray of Concrete Knowledge or Science. Scientists and people who are purely mental and governed only by the mind.
6. The sixth Ray of Devotion or Idealism. Many Christian people. Fanatics. Numbers of earnest Churchmen of all the world religions.
7. The seventh Ray of Ceremonial Order or Magic. Masons. Financiers. Great businessmen and organizers of all kinds. Executives are found with these energies in their equipment.

However, only when a man is highly developed and nearing the Path of Discipleship is it possible for the esoteric student accurately to surmise what his ray may be. People of all kinds and professions are found on all the rays. **The conflict in a disciple's life is found to lie in the fact that the ray of his soul and the ray of his integrated personality are posed against each other. At the same time, his emotional nature, his mental equipment and his physical brain are also controlled by some one or other of the**

rays and in this five-fold relationship lies hid much of the problem of the evolving human being.

...the members of ...this group are told which five rays condition them and students will learn much by a study of ... of this. In the cases where I (AAB) happen to know the disciple concerned personally and something of his problems, it was amazingly interesting to me to note how infallibly right the ... diagnosis of the rays involved were. In reading these instructions will you please remember that ... in this writing the soul, and the word "ego" are used interchangeably, meaning thereby the spiritual ego and not the personal ego of the psychologists.

Introductory Notes by AAB continued in Taurus 2025 and now continued in Gemini:

... You would find it useful to keep what might be called a spiritual diary. This does not involve the daily entering of the day's events and has no relation to the happenings which may concern the personality. Note this. In this diary you should record the following:

1. Any spiritual experience which may come to you, such as contact with some Presence, either that of your own soul, the angel of the Presence, contact with some disciple and eventually—when your life and work and discipline warrant it—contact with one of the Masters. Record this in an impartial way, preserving the scientific attitude and seeking ever a practical explanation before accepting a mystical one. A spirit of agnosticism (not of atheism) is of real value to the beginner and preserves him from the snares of the world illusion and of lower psychism.
2. Any illumination which may come to you, throwing a flood of light upon a problem and revealing the way that you or the group should go. Any intuition which—corroborated by the reason—carries one forward into knowledge and evokes the wisdom of the soul and its registration by the brain, via the mind.
3. Any telepathic happenings between you and your fellow disciples. This telepathic interplay should be cultivated but it must be most carefully checked and counterchecked and the strictest accuracy preserved. Thus we shall have the fostering of the spirit of Truth, which is the governing principle of all true telepathic communication. An Ashram functions telepathically when fully and rightly organised.
4. Any phenomena of a mystical and spiritual kind should also be noted. The seeing of the light in the head comes under this category. Its brilliance should be noted, its growth and dimming; the hearing of the Voice of the Silence which is the voice of the soul but not of the subconscious; the registering of messages from the soul or from other disciples and world Servers; expansions of consciousness which initiate you into the conscious life of [Page 15] God, as it manifests through any forms and the hearing of the note of all beings. A close study of the third part of The Light of the Soul (the Yoga Sutras of Patanjali) will indicate the type of phenomena which should find its place in this diary.
5. Any experiences of a psychic kind which do not come under any of the above headings. Those mentioned above come under the heading of the higher psychism and concern the higher psychic faculties, spiritual perception, intuitive knowledge, mental telepathy (and not the telepathy which is based upon the solar plexus activity). The lower psychic experiences can also be noted—whether pleasant or unpleasant. Once noted, however, they should be forgotten for they are of no moment...

...In dealing with first ray egos, such as yourself or with those souls who are working through first ray personalities, I am faced always with the initial difficulty of their "isolated independence." It is not easy for such first ray types to cooperate, to fall into line with group suggestion, with group rhythm or group discipline, or with united synchronised activity which is the announced goal of all groups of disciples. Frequently the inner attitude is at one with the main purpose and ideals but the outer expression, the physical man, remains unadaptable and basically unwilling to conform. Were it not for your second ray personality, you would find it hard to work in my Ashram, but it is this second ray quality of yours—strongly marked and the product of a long series of incarnations in a second ray vehicle—which can make you, if you so desire, one of the focal points for the work which I plan to have this band of disciples do.

It will take several years to bring about the adaptation of the group members to each other so that effective work can be made possible, to produce that inner synthesis and unified effort which will enable me to give these disciples in training some definite task to perform —work which may affect the governing forces of the world in subtle and unrecognised ways. These we can later elaborate when the required synthesis and understanding is achieved. Strive not to understand what I mean by this work as yet. There is much to do and much to study and explain before the work can come to fruition. There are many groups, working under the Masters, who have been in training for years, fitting themselves for the task to be done. Slowly and gradually, the new concepts and the new techniques of civilisation and of group work—suitable for the New Age—are emerging in the consciousness of the disciples in the world...

...you are entering a phase in your life cycle in which you may become—if you so wish—the true sannyasin, the one who (freed from the more active tasks of the younger man who is starting out into the field of his life [Page 137] activity) can use the experience gained, the hard won knowledge assembled and the wisdom garnered in active service of the Hierarchy and of humanity. You can now live for the sake of others and find in our work the reward, interest and compensation for all the struggle of the past. To serve has long been your aim for you have loved your fellowmen and have struggled to retain this love for humanity in the face of disillusionment, disgust at the general world selfishness and a tendency (strongly marked in you, my brother) to feel the futility of things and the uselessness of effort when confronting the present world debacle and the weight of human pessimism. Against this you must struggle.

I shall be glad to have your cooperation in this difficult work we are planning to do together. I would ask you right at the beginning for your voluntary acquiescence in the suggestions I shall make to you, at any rate until you see more clearly whither I am seeking to lead my disciples and get a more definite picture of the work which it is possible to do...

...complete frankness is an essential and the good points and the weaknesses must be recognised with equal readiness. ...there is no attempt to hide anything from each other. They themselves would be the first to tell you of the importance, the difficulty and the value of setting up this frank relation...

One of the things which has handicapped you all your life and which has held you back from a possibly fuller world service has been a pronounced inferiority complex. This tendency, though it has not negated achievement in your personality life and activities, has nevertheless held you back and inhibited the free inner movement of your soul, and has prevented that joy in living which should be the hallmark of the disciple. Your sensitivity is great and your grasp of world affairs and world conditions is necessarily somewhat deeper than that of [Page 138] the average citizen. Yet the very depth of your vision and knowledge make you prone to feel your individual smallness and unimportance. This is coupled, as I remarked earlier, with a sense of futility where making any major impression upon environing conditions is concerned. It is in connection with this that your personality battle must be waged. I call you, therefore, to the task of achieving a closer soul contact. This will negate the sense of inferiority. I call you also to a cultivated joyousness which will end in releasing you to fuller service...

... Your rays are, therefore:

1. The ray of the soul—the first Ray of Will - Power.
2. The ray of the personality—the second Ray of Love - Wisdom.
3. The ray of the mind—Not Given.
4. The ray of the astral body—Not Given.
5. The ray of the physical body—Not Given.

1. Your soul energy seeks expression through-Not Given.
2. Your personality force is focused in-Not Given...

AAB FINAL COMMENT NOTE:

"There was no real response to the invitation to work in the Tibetan's group and though interest was evidenced in the papers, the work undertaken did not go beyond studying them."

SAM Synthesis And Mergration Consultation and Interpretation Notes:

A. SAM Synthesis Interpretation Notes: Not much to note than what has be given, other than that a seemingly strong soul who has reached a quite high point of evolution and is satisfied that they have gone far enough to not upset or correct the inferiority inside.

1. Hypothetical Red Monad considered due to his sense of separateness even with inferiority sense.
2. Yellow Aura considered illuminating ability to work out Auric, Karmic and Soul relationships, situations and feelings but has possibly made that the goal instead of going on to the Monad.
3. Soma Orange considered as an experienced (Red) and intelligent (yellow) integrated personality.
4. Mental NG.
5. Astral NG.
6. Sycal NG.
7. The Higher Equilibrium relationship of Red Monad over Yellow Aura produces an Orange of a possibly willful and wise yet inferiority sense. This is hypothesized due to the Monadic will nor being developed enough and the Somatic will (Red in the Orange) being over developed or still not coming under the superiority of the Monadic will.
8. The Lower Equilibrium relationship of the Yellow Aura over the Orange Soma considered as a confusion of Oranges (various combinations of different levels of experience and intelligence mixed up and unclear to the person so they have made the intelligence of the Aura or Soul as the goal instead of moving onto the Monadic will and synthesizing that with the Somatic Orange and the Auric Yellow.
9. The Hypothetical Soul-Ution relationship of Red Monad with the Orange Soma considered the real Soul-Ution of true Love Wisdom..
10. The Synthesis is the Crimson of the Soul-Ution plus the Yellow of the Aura which now form:
 1. A true synthetic Love Wisdom of the person's being but it is being 'capped' by the 'Light of the Soul' (the chosen Yellow Auric color).

B. SAM Mergration Interpretation Notes:

1. Mental NG but could be very strong.
2. Astral NG.
3. Sycal NG.
4. Higher Balance relationship NG.
5. Lower Balance NG.
6. Soma-Ution (union of Mental and Sycal) NG.
7. Mergration NG:
 1. NG

SAM FINAL COMMENT NOTE ON ADDENDUM 1:

Hopefully everyone can see and focus on the Divine beauty, harmony, dance and game (Lila), symphony, intelligence, glory, universality, mystery, science, order, evolution, progressions, hierarchies, etc. in these concepts, hypothesizes, theories, realities, teachings, techniques, methods, insights, impressions, intuitions, thoughts, 'Kama-manas' (emotional thoughtforms), sensations, kingdoms, realms, etc. and increase their usefulness in our lives and increase the usefulness of our lives.

Conclusion (at this point) on ADDENDUM 1:

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.

ADDENDUM 2 - Final Message from Remus for everyone and brief comment by SAM:

A final message that Remus gave to Andrei, his son-in-law, two days before his passing, that Remus wanted to share with everyone. It was read at his funeral on Tuesday May 20, 2025 by Andrei. We have added a brief comment at the end of the message explaining that, for us, we will continue to consider Remus as part of this group at the present time.

Start of Final Message from Remus for everyone:

My transition to life in Christ from death in my conscience

Some of you have asked us where we have this peace? When you are with the Lord Jesus Christ you have His promises and He says in the Gospel written by John chapter 14 with verse 27:

“Peace I leave with you, My peace I give to you. Not as the world gives, give I to you. Let not your heart be troubled, neither let it be afraid.”

At the same time we have peace because we know that we will see Remus again with the saints, angels and all who worship God in eternity. How do we know that he is there? Not based on what Remus did, not based on our judgment but based on the words of our Lord Jesus Christ who says in the Gospel written by John chapter 14 with verse 6 - “Jesus said to him: 'I am the Way, the Truth and the Life. No one comes to the Father except through Me.'”

I (Andrei) had the privilege of having Remus call me at 6 in the morning, the day before he could no longer speak well and ask me to go to the hospital that morning and asked me to write certain things while he was talking and crying at the same time and I would like to leave you with Remus' last message - which essentially said that the only way is Jesus Christ.

My moment has come to make this change from the consciousness of death to the consciousness of life in Christ.

Between suffocation, no matter how smart I am, I am suffocating. I need Christ like the oxygen that I breathe every second to live.

This struggle between death, which is the number 1 emergency of this world, and death, which is the number 1 emergency of Christ - can also help others to get out of the cognitive labyrinth of the way this civilization was built and enter the light of the life of Christ.

You instantly wake up from the heaven of joy of doing something for Christ into the hell of consciousness that actually spins you in a labyrinth.

Replacing the consciousness of this world with the Christ consciousness is of utmost urgency. Cancer or 'as in heaven' (Cancer or 'ca în cer' in Romanian).

The struggle that I am fighting is essential for others as well.

It can help the man who is open to receiving Christ to make the transition.

I cry for myself...

NO. I cry for others...

YES - because this transition. is so close that this transition has maximum urgency;

The passage between the breath of life and the Christic breath or the breath of the world and the Christic breath.

I am at this passage. Do I breathe my consciousness or do I breathe Christ?

The breath from the tree of knowledge leads to death and must be urgently changed with the breath from the tree of life which is Jesus Christ.

Christ must be oxygen in me for this cancer to become "ca în cer" (as in heaven in Romanian).

This change is so radical but it is so beautiful. I fall asleep or die in the tree of knowledge and I wake up or rise in the tree of life.

It is not about my life but about my life in Christ.

My knowledge according to the world and knowledge in Christ is the passage between 2 breaths.

This is my struggle.

By spitting blood, I speak to my old body, by the spirit I speak to my new body.

This struggle between the two trees, of life and death, can be the essence for other people to no longer go through all the cognitive burning in the tree of knowledge but to make the transition to the tree of life.

Life for me is only important if it is in Christ.

Now there is nothing else. It is the flow of death or the flow of life.

Is Christ in my oxygen? I succeeded.

Is Christ in my thought? I succeeded.

End of Final Message from Remus for everyone.

Brief comment by SAM explaining that, for us, we will continue to consider Remus as part of this group at the present time:

We are fully supportive of Remus' final message for everyone and take it deeply into our hearts as assistance on our own journeys on our own paths.

We, as have others, shared with Remus in his final earthly sadness, tears, struggle and ultimate success, as he describes, his own life ending as Christ's peace, breath, thought, life, speech, and newness 'as in Heaven'.

We believe that this Christ state is the, what we call, Phase IV Synthesis of the Monadic Manifestation Triangular Groups that we are part of and that these reports are being written to help accomplish. For us, Remus has put this teaching and message in a way that is such a simple, although it can be a very difficult, choice.

Our prayer is that we will all take this Christ life in ourselves, as has Remus. And now with Remus' inspiration from his message and his help through his accomplishment in the Way, Truth and Life of Christ, as he says, 'come to the Father'. This Father, for us, is the Monadic life in the Father's house, just as the Auric life is the life in Christ 'as in Heaven' (the Kingdom of the Father). As Christ also said, "My Father's house has many rooms... I am going there to prepare a place for you".

We invite others to share their own experiences of Remus' passing, message or whatever else that they may want to share and will be glad to include it in the next Full Moon Report.
