

**Full Moon of Libra, seventh Full Moon of this Astrological Year, on Sunday, October 9, 2022 at 23:54:48 in Romania:**

The main Keynote or phrase to consider for all Libra Full Moons (each year): **“I choose the way which leads between the two great lines of force.”** The Libra Full Moon Keynote of Light each year is: **“The Light that moves to rest. (Hint 1: This is the light that oscillates until a point of balance is achieved. It is the light which is distinguished by a moving up and down.) (Hint 2: It is similar to dropping a ball which bounces on the ground until coming to rest)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Libra is Ray 3.** So, Libra has a main energy of Active Intelligence or divine Knowledge. It is a recommendation to consider the Libra Keynotes as Ray 3 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining effects us. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us in the group. This is explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021). This year we will add information on how each constellation works as a quaternary in what are called the 3 Crosses. Addendum 1 from the April 2022 Full Moon report (six months ago) is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA. Addendum 1, below, relates specifically to Libra and how it fits into the Crosses. Libra is the seventh sign of the new Astrological year and the fourth of the nine distributing energy and consciousness Full Moons of the year. It is part of the Cardinal Cross. It helps bring a continuing energy to the lower distribution cycle for the year after the past building months of Aries, Taurus, and Gemini (April, May, and June).

**A. Notes on this coming Full Moon of October/Libra:**

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 3 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the seventh of twelve Full Moons of this Astrological year** and is the fourth of the nine different 'Distributing Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during the past, first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', is now distributed over the next nine Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Addendum 1 from last year's Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the fourth Astrological Year of this group formation and the group's beginning functioning.
- 4. Addendum 1 from April 2022's Full Moon report of Aries (six months ago)** is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA.
- 5. Addendum 1 below will give this month's expansion of how the qualifying energies of the monthly astrological sign, Libra,** fit into the three 'Crosses' or quaternaries of constellations formed by the 12 signs which may be effecting us and how to respond to the various opportunities these Crosses of energies present to our group including each individual.
- 6. The 2022-3 astrological year Annual Keynote is,** “LET THE LIGHT OF THE SEVEN RAYS BLEND WITH THE SEVENTH RAY, AND LIGHT SUPERNAL USHER IN THE NEW CIVILIZATION.”

**B. Notes and Activities on or since the last Full Moon September/Virgo:**

- 1. SuonAngelMiriam meditated at the time of the new and full moon together. We had what we consider** meditations of positive distributing of this astrological year's continuing of the Lower Interlude. We also had an Equinox meditation to invoke and welcome the energies of the new nature cycle.
- 2. SuonAngel are talking with 2023 Timisoara Cultural Capital office about a cooperative event possibly named 'SAMatate'** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian's or other groups for the Cultural

Capital celebrations rescheduled to 2023. We are organizing information for possibly submitting an application or by possibly joining in the Asociația Cries project next year in 2022 and for the main event in 2023.

3. **The Group Central Pillar Crystals** and the Esoteric and Occult crystal sets are now finalized along with any rearranging of the other crystals of the set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022).
4. **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report).
5. **Three new 'Circumcentral' crystals have been put on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025 (see photo below).

6. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. New organic seeds have arrived and were planted for the 2022 season but did not grow again and will be planted again for 2023.
7. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project.
8. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Anyone wanting a more specific update or to help with initial financing please either contact Leontina or us.
9. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the law suit will be claiming as the defendants and is continuing. Recent meetings at Singfest in September. Let us know if you have additional comments or questions.
10. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, etc.
11. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance course, consultations** and treatments along with the consideration of the SAM2013 Synthesise Tri-Level Color Set as liquids. Updated at meeting in September 2022 and continuing with Virginia's Certified Aroma Therapy course and possible meeting at EsotericFest in October.

12. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know.
13. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on “The Numerology of the Soul” might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
14. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent September meeting held at Singfest.

### **C. Previous Activities Archive:**

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.

### **D. General Notes and considerations about the group, cycles, meditation and information flow:**

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2022 continues the new seven year cycle started in 2020.** The final major group ‘impact’ has been made in 2019 prior to the next 100 year ‘impulse’ which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
  - c. Second week after Full Moon for ‘Anchoring’ or ‘Grounding’ impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
  - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
  - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

### **Addendum 1: Libra, The Balance, constellation hypothesizes and considerations on the 3 Crosses from EA:**

#### **LIBRA, THE BALANCE**

The sign Libra is one of peculiar interest, but in a most paradoxical manner, for much of its interest is based upon the fact that it lacks spectacular interest of any kind - except in the case of disciples or those nearing the Path. It is a sign of balancing, of careful weighing of values, and of achieving the right equilibrium between the pairs of opposites. It might be regarded as the sign in which the first real vision of the Path appears and of the goal towards which the disciple must ultimately direct his steps. This Path is the narrow razor-edged Path which runs between the pairs of opposites and which—if it is to be safely trodden—requires the development of a sense of values and the power to utilise rightly the balancing, analytical faculty of the mind. It is also the sign of intuitive perception and, on the ordinary way of progression around the zodiac, it comes after the normally drastic experience of the man in Scorpio; this is usually of such a nature that the instinct to self-preservation has been aroused to such an extent that in the dire need of the man (not the disciple, at this time) a call to the soul has gone forth and has evoked response. The first few faint flashes of the intuition have been sensed and vaguely recognised. Then follows the experience in

Libra wherein a life is spent in quiet, thoughtful reflection or in a condition of static unresponsiveness; it may be a life of balancing, of weighing this and that, and of determining which way the scales shall fall so that in the next sign certain designed results will occur. The following Virgo life will be either one of a personality, materialistic nature, lived under the influence of the material aspect of Virgo, the Mother, or there will be evidenced a slowly emerging soul vibration, indicating that hidden spiritual life of which the Virgin Mother is the fore-ordained custodian. As progress is made, recurrently or cyclically, around the wheel of life, these experiences and vibratory activities intensify in character until the time comes when the reversal of the wheel takes place. Then Libra leads on to Scorpio and the active soul life (active through the medium of the personality nature and not simply on its own plane) is registered, recorded and noted in Virgo, and balanced and assessed in Libra, eventually bringing about the tests and trials between the soul and the personality, which latter fights with power and determination to preserve the status quo of the balanced expression of these two where the preponderance of the personality influence is not possible.

The crisis of the burning ground, which is brought about through the activity of Uranus. This is entered through the free choice of the initiate who makes his choice in Libra, the point of balance where—usually—the moment for the reversal of the wheel takes place. There the man has to decide whether to proceed as usual and according to custom or, reversing the wheel, to pass through the burning ground to liberation. Libra is the polar opposite to Aries and therefore closely related.

You will note that the rays which are related to or expressing themselves through Aries are curiously balanced, Rays 1 and 7 are the highest and the lowest, and therefore demand a point of balance upon the wheel which is provided in Libra. Rays 6 and 4 bring to this balancing process the energy of the second ray, the major building ray which enables the man to build anew and provide himself with a spiritual body of manifestation.

There is therefore the individual experience in Libra of the balanced life wherein experiment is made and the consequent tipping of the Scales in one direction or another until either desire or spiritual aspiration weighs the balances down sufficiently so as to indicate the way that the man must go at the time. There is the experience of humanity in Libra in which the same adjustments and experiments are being made, but this time the entire race of men is involved and not just an individual. This group experience, carried out upon the mental plane, will only happen when all men are polarised mentally and will take place and constitute the Judgment day, referred to above. Of this, the "point of crisis" in Libra and the present world situation and needed adjustment is the forerunner; this time the balancing is, however, upon the astral plane and the desires of men are predominantly in a position of casting the deciding factor, whereas in the next great cycle it will be the minds of men which will do the deciding. Today, the foremost men of the age—disciples, aspirants and the intelligentsia—are being tested under the Scorpio experience whilst the masses are in the Scales; the weight of mass desire will turn them either up towards spiritual decision or down towards material and selfish ends.

### **THE CARDINAL CROSS:**

It is because of this balancing quality in Libra that this constellation can be associated more specifically with the problem of sex than can any of the others. Sex is usually connected in the mind of the average astrological student with the signs Taurus and Scorpio. This is probably due to the fact that the Bull is so frequently regarded as the symbol of the mad urges of the uncontrolled sex principle and because in Scorpio fundamental tests are applied. For most aspirants in the early stages, sex does constitute a fundamental problem. Esoterically, however, it is in Libra that the whole question comes up and will increasingly come up for answering, and it is in Libra that the balancing of the pairs of opposites must take place and reach solution through the activity of the judicial mind and the establishing of a point of equilibrium between the male and the female principles. This again (for it is a piece of recurrent symbology) is the problem existing basically between the Sheep and the Goats, between negative and positive, and between those who blindly follow either instinct or custom and those who climb freely where they choose and are self-directed in conduct and attitude. This self-direction may lead them in either direction upon the wheel of life, following either selfish desire or spiritual aspiration, but the point to have in mind is that, judicially and with intent and after due reflection and balancing of the various ways, they then do as they will and as seems to them right and desirable. This is of itself of a basic usefulness and thereby they learn; for all action produces results and the judicial mind weighs cause and effect more correctly than any other.

It is not my intention here to indicate the solution of the problem of sex. Humanity will inevitably work it out as the aeons slip away and as the herd instinct gives place to the premeditated and self-conscious attitudes

of the aspirant and the intelligentsia. I would remind you, however, that the herd instinct in relation to sex has its basis either in normal and natural animal instinctual desire or in emotional attitudes, and of these the last category are by far the worst and carry with them by far the more deep-seated seeds of trouble. They range all the way from the stage of free love and a general promiscuity to the orthodox narrow and bigoted Christian angle, as that is normally understood though not in the sense in which Christ viewed life. This narrow viewpoint and the normal Anglo-Saxon attitude (an outcome of the teaching of the Middle Ages) regard sex as unusually sinful, ever undesirable, and as something to be lived down and overcome, and kept secretly in the background of the Christian consciousness, where it is hidden as a prurient mystery. This again is due to the influence of St. Paul but not to the teaching of Christ.

From these attitudes, there has been a violent reaction which is today at its height and this, in its turn, is both undesirable and dangerous, as are all violent reactions, for the one is as untrue as the other; it is at the centre of the Scales or at the hub of the wheel that the true perspective and indicated action can be seen correctly. When the basic "sex" relation is finally established and soul and body (negative and positive) are permanently related in the lives of the world aspirants, then we shall see the right handling of the world teaching on the subject of physical sex. This teaching will come from the merging and synthesis of the best views of all the spiritually minded teachers in both hemispheres, embodying the experience of the East and of the West, and of the mystical and the scientific approaches to a mystery which is both physical (requiring scientific understanding) and mystical (requiring spiritual interpretation). It will involve the aid and conclusions of the medical profession in order to give the needed wise, physical instruction and the aid also of the cultural knowledge of the yogis of India in connection with the energy flowing through the centres—in this case the sacral centre. Finally, through the intelligent activity of the judicial and legal-minded men of the world, the search for a balanced and desirable point of view will come to an end. Out of the many sexual experiments now going on, the coming generation will arrive at a point of balance and then, as a consequence, they will tip the scales in the desired and desirable direction. Of this there is no question of doubt; there is only the point in time and this will be astrologically determined. Through the legal minds and through right legislation, sex will be seen eventually to be a proper and divine function and will then be safeguarded by right education of the young and the ignorant, and the right action of the young and highly intelligent emerging generation—the children and babies of today.

The teaching of wrong sexual habits, the example of widespread prostitution (I use this word in connection with men as well as women), the growth of homosexuality (not in its rare physiological forms and predispositions but from the angle of a perverted mentality and an unwholesome imagination, which today lie behind so much of its expression), the narrow-minded Christian inheritance of a "guilt complex" where sex is concerned, and the heritage of diseased and over-or under-sexed physical bodies, have brought the race to its present chaotic and unintelligent handling of the important problem. The solution will not be found through religious pronouncements, based upon an outworn theory, or through physiological inhibition or legalised license; neither will it come through legislation, inspired by various schools of thought in any community or nation. It will be the result of the united activity of the spiritually minded consciousness, the judicial attitude, the intellectual perception and the steady urge of the evolutionary process. Nothing can prevent the inevitability of the solution and the appearance of desirable attitudes and conditions wherein sex can find right expression.

Libra, as you know, governs the legal profession and holds the balances between so-called right and wrong, between negative and positive and also between East and West. This last point of adjustment may seem to you to be a meaningless phrase, but when the true and right relationship is established between the orient and the occident (which is not yet the case) it will come about through the activity of Libra and the work of the legal profession.

Libra has been the "sponsor of the law." Legislation has hitherto been engrossed with the enforcing of those negations and those attitudes of fear which have been preserved for us in the Mosaic code and imposed through the medium of punishment for infringement. This has been a probably necessary stage for child races and for the preservation of a "nursery regime" for men. But mankind is reaching maturity and a different interpretation of the purposes and intents of Libra through the medium of law is now required. The law must become the custodian of a positive righteousness and not simply the instrument of enforcement. Just as we are attempting to eliminate force out of our national relationships, and just as it is obvious today that the process of drastic penalties has not succeeded in preventing crime or in deterring people from violent selfishness (for that is what all crime is), and just as the social attitude (in contradistinction to the anti-social position of all law-breakers) is being regarded as desirable and taught in our schools, so it is beginning to dawn upon the public consciousness that the inculcation of right relations and the spread of self-control and the growth of unselfishness (and these surely are the goal, subjective and oft unrealised, of all legal procedure) are the needed approach to the young.

The influence of Libra should be imposed in childhood along spiritual lines. Crime will be stamped out when the environing conditions in which children live are bettered, when physical attention is given in the early formative years to glandular balance as well as to teeth and eyes and ears, to right posture and correct feeding, and when there is also a more proper apportionment of time; when esoteric psychology and esoteric astrology give their contribution of knowledge to the bringing up of young people. The old methods must give way to the new and the conservative attitude must be dropped in favour of religious, psychic and physical training and experiment, scientifically applied and mystically motivated. When I say religious, I do not refer to doctrinal or theological teaching. I mean the cultivation of those attitudes and conditions which will evoke reality in man, bring the inner spiritual man to the foreground of consciousness and thus produce the recognition of God Immanent.

I must write no more along these lines. I have enlarged somewhat upon sex and the judicial system as they are both ruled and conditioned by Libra and this will be increasingly the case. The subject is too vast and too important for me to do more than indicate lines of approach. A cursory handling of the problem is of no real usefulness. In this transition period through which the world is now passing and in this interlude between two activities—that of the Piscean Age which is passing and that of Aquarius which is coming in—Libra will eventually rule, and the end of this century will see the influence of Libra steadily coming into pronounced control and into a position of power in the planetary horoscope. There is, therefore, no need for real anxiety.

As you already know, Libra is one of the four arms of the Cardinal Cross. This accounts for our difficulty in understanding the real nature of its influence. The significance of the energies working out into our solar system through the medium of the four arms of this Cross, or from the four constellations, Aries, Cancer, Libra and Capricorn, can be summed up in the four words: Creation, Manifestation, Legislation and Initiation. Having given you these words, their very scope and meaning make it hard for you to understand.

Cosmically, they mean the activity of Deity when spirit and matter are brought into a definite relationship and, under divine purpose, produce that fusion of living energies which will be adequately potent in time and space to bring that purpose to its desired consummation. This is Creation, or Aries in activity. They mean also the objective appearing of the thoughtform which God has thus created and in which is embodied His desire, His will, His purpose and His plan. This is Manifestation, or Cancer in activity. They mean again the working out of the plan under spiritual and natural law which is evolutionary in expression; this is the goal of evolution and its expression and is steadily revealing the nature of God, for the laws under which this solar system of ours is governed are expressions of God's quality and character. This is Legislation, or Libra in activity. They mean, finally, the processes of initiation wherein, step by step and stage by stage, under law and through the method of gained experience whilst in manifestation, the creative plan is realised in consciousness. The unfoldment of the plan is thus carried forward through a progressed series of beginnings, of manifestations, and of consummations—all relative in nature but leading to an absolute consummation. This is Initiation, or activity in Capricorn. All this is on a somewhat vast and incomprehensible scale as far as the human understanding is concerned.

But consciousness and understanding of the larger purpose which lies behind the more exoteric intent of the unfoldment of the consciousness in this solar system, in the planet and in man, has to be grasped eventually towards the final stages of the evolutionary process. When this understanding unfolds, then man becomes an initiate, vacates his position upon the Fixed Cross and begins the relatively slow process of mounting the Cardinal Cross. Then he becomes a cooperator in the great creative process and purpose. He begins to create his own body of expression upon the Cardinal Cross and the impulse of Aries begins to appear to him. As yet he understands it not. He manifests consciously in the world that which he intends to carry forward and Cancer then reveals to him its secret. He becomes his own legislator, ruling his conduct wisely, controlling his impulses intellectually and then Libra enables him to balance the material and the spiritual law. When he has done all this, he discovers himself ready to enter into new and deeper experiments (should I call them experiences?) and as a participator in the divine plan and as a cooperator in the divine purpose, he then becomes his own initiator and is thus ready to take initiation. Such are the paradoxes of the spiritual life. But the secret of the Cardinal Cross is revealed only to the man who has mounted the Fixed Cross and gone through its fourfold experience. It is not possible to say more than what I have said.

If students will, therefore, make a careful study of these three—law, sex and money—as they express themselves today and as they can express themselves in the future, they will have a picture of physical human achievement and of future spiritual expression which will be instructive and most worthwhile. The whole process is accounted for by the activity of the three rulers of Libra: Venus, Uranus and Saturn.

Venus rules in Taurus, Libra and Capricorn, and is the source of the intelligent mind, acting either through desire (in the early stages) or love (in the later stages). In Taurus, this means the mind expressing itself through intelligent desire, for that is the goal of knowledge for ordinary man. In Libra, the point of balance or equilibrium is attained between material personal desire and intelligent spiritual love, for the two qualities of cosmic desire are brought to the fore in the consciousness in Libra and balanced one against the other. In Capricorn, it stands for spiritual love, expressing itself perfectly when the work in Taurus and Libra has been accomplished. Thus can the golden thread of evolutionary progress be traced throughout the zodiacal path from sign to sign, and thus the history of humanity can be seen and its goal visioned. At some later date, the same golden thread can be traced in connection with the other kingdoms in nature, but the time is not yet and such a theme would prove profitless and unimportant. When, however, the consciousness of man is opened up in such a manner that it can register that which is proceeding and taking place in the three lower kingdoms in nature, then further light and information will be given. This will take place in a period of human history when Libra is dominant and the three divine aspects of the third Person of the Trinity, the Holy Spirit, the Creator—law, sex and money—will give the clue to the three lower kingdoms. Law, natural law (the externalisation of the subjective spiritual law) will give the clue to the animal kingdom; sex or the consciousness of affinity will reveal the mystery of the vegetable kingdom; money will unveil the secret of the mineral kingdom and all this will come about through the activity of Venus and when this activity in the three signs of Taurus, Libra and Capricorn is better understood. This I shall further elucidate when we come to study the Science of Triangles at a later date. Suffice it to say here that each of these three signs is related to one of these three aspects of divine life:

1. Taurus—animal kingdom—law—natural law.
2. Libra—vegetable kingdom—sex—natural affinity.
3. Capricorn—mineral kingdom—money—concrete expression of the Law of Supply, and all these form a triangle with Libra at the apex and dominating.

The following planets and their rays govern the Cardinal Cross of which Libra is one of the points:

1. Mars	6th Ray	Idealism	Devotion	Struggle.
2. Mercury	4th Ray	Harmony through Conflict.		
3. Uranus	7th Ray	Ceremonial Order, Law or Magic.		
4. Venus	5th Ray	Concrete Knowledge or Science.		
5. Saturn	3rd Ray	Active Intelligence.		
6. Neptune	6th Ray	Idealism	Devotion	Struggle.

As regards man upon the probationary path or upon the verge of treading it, it might be said that his characteristics and qualities in this sign are:

#### BALANCE OF THE OPPOSITES IN LIBRA

Fickleness and variability	A secure and settled position.
Imbalance	Balance.
Bias. Prejudice	Justice. Judgment.
Dull stupidity	Enthusiastic wisdom.
Untrue, showy outer form life	True correct expression.
Intrigue	Straightforward conduct.
Materialistic attitudes	Spiritual attitudes.

It is the balancing between the pairs of opposites which makes the man in Libra sometimes difficult to understand; he appears to vacillate but never for long and often unnoticeably, for there is always the final balancing of the qualities with which he is equipped.

Libra. - Christ stood at the point of balance in human evolution; He stood between the old world and the new, between the East and the West. In the Christian era comes a "point of balance" or that "crisis of equilibrium" in the human kingdom.

1. The Mutable Cross—brings about those conditions which will produce great periods of change in the life of the planet, of a kingdom in nature or of a human being. Mercury plays a part in this.

2. The Fixed Cross—brings about, as a sequence, to these inner changes, certain great points of crisis which are unavoidable and present definite opportunity. Saturn is dominant in bringing this about.
3. The Cardinal Cross—is responsible for bringing about certain great points of synthesis, as a consequence of both change and crisis. Jupiter is responsible for the focussing of energies at this point.

For more information on the crosses go back to the 2022 and 2021 Full Moon Meditation Reports. If you need the reports sent to you again please let us know.

**Conclusion (at this point):**

May we consider together entering into that higher state of (group/soul) 'bewilderment' yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
