

Full Moon of Pisces on Monday, March 9, 2020 at 19:47:36 in Romania:

The main Keynote or phrase to consider for all Pisces Full Moons (each year): **“I leave the Father's home and turning back, I save.”** Consider the Keynote at, or as close to, the time of the Full Moon as possible and what it might mean as a Group.

A. Notes on this coming Full Moon of March/Pisces:

1. **Watch for any impressions** that may come to you before the Full Moon that may relate to the Keynote (especially the two days before the Full Moon, the day of the Full Moon and the two days after the Full Moon). **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
2. **This is the last or thirteenth of thirteen Full Moons of this Astrological year** and is the last or tenth of ten 'Distributing Consciousness and Energy' full moons of this astrological year. The energy which was built during the first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', is now being distributed over these remaining Full Moons of the astrological year, which is also called the 'lower interlude'.
3. **The Spring Equinox** will be Friday, March 20, 2020 at 05:49:00 in Romania and is another way of working with the natural cycles of building and distributing energies and consciousness in addition to the Full Moons.
4. **After this Full Moon of Pisces we will have completed one full Astrological Year** and the next Full Moon of Aries on April 8, 2020 will start the higher interlude of the new Astrological Year.

B. Notes and Activities on or since the last Full Moon February/Aquarius:

1. **SuryaAngel meditated at the time of the full moon with Safi.** Again, rather than go into more personal detail at this time we have decided to be more personal and have reviewed each of our nine group members color consultations, made a review and update to the consultations and then incorporated any personal impressions that we had about group members during our meditations and are sending those out personally with this Full Moon Meditation Report. This way everyone has an update now a month before the end of the Astrological year and will be ready to start the next Astrological year of group formation for those still interested next month in April 2020. If anyone has comments or questions or would like to discuss their attached updates further please let us know.
2. **The 2 hectare of hemp** for cooperative research between Leontina, Virginia, Katharina & Christian and SuryaAngel at BioFarmland (BFL) this year. Plant samples from last years crop are still at Favisan awaiting analysis. We are finalizing plans this year with a different seed supplier and a better and larger field location with planting in April.
3. **Surya, Angel are talking with 2021 Timisoara Cultural Capital office about a cooperative event possibly named 'SAMatate'** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian's or other groups for the Cultural Capital celebrations in 2021. We are organizing information, with the help of a TNWA board member who is familiar with applying for and receiving European funds and also La Pas festival group, Asociatia Cries, and two other groups for submitting an application or by possibly joining in the Asociatia Cries project this year in 2020 and next year for the main event in 2021. Meetings are continuing.
4. **The 'Group Central Pillar Crystal'** and your personally reserved Monadic Manifestation Group crystals are available to group members to come and meditate with.
5. **We met with Virginia, Katharina and Christian, her brother,** about poppy research at BioFarmland (BFL) at Virginia's suggestion. An April 2020 planting is being planned.

C. General Notes and considerations about the group and group cycle and schedule:

1. **We are happy to get to know each other better,** to talk more about these meditations, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions as we move into this group formation year.
2. **We are beginning a new seven year cycle this year.** This is the start of a new seven year cycle and the final 'impact' has been made prior to the next 100 year 'impulse' which happens during in 2025. We are looking forward to what this will continue to bring to us and the group.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes and Group Festival Weeks provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.

5. **The following regular monthly cycle is for the group information flow:**

- a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
- b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
- c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
- d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
- e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.
