

Full Moon of Pisces, twelfth Full Moon of this Astrological Year, on Tuesday, March 7, 2023 at 15:40:09 in Romania:

The main Keynote or phrase to consider for all Pisces Full Moons (each year): **“I leave the Father's home and turning back, I save.”** The Pisces Full Moon Keynote of Light each year is: **“The Light of the World. (Hint 1: This is the light, revealing the light of life itself. It ends for ever the darkness of matter. Hint 2: This month's Pisces keynote of Light is particularly linked to the SAM2013 human group interactions.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Pisces is Ray 1.** So, Pisces has a main energy of Will and Power and is many times active in business and government. It is a recommendation to consider the Pisces Keynotes as Ray 1 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining effects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This is explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021). This year we will add information on how each constellation works as a quaternary in what are called the 3 Crosses. Addendum 1 from the April 2022 Full Moon report (eleven months ago) is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA. Addendum 1, below, relates specifically to Pisces and how it fits into the Crosses. Pisces is the twelfth sign of the new Astrological year and the ninth of the nine distributing energy and consciousness Full Moons of the year. It is part of the Mutable Cross. It helps bring a completing energy to the lower distribution cycle for the astrological year after the first three building months of Aries, Taurus, and Gemini (April, May, and June).

A. Notes on this coming Full Moon of March/Pisces:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 1 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the twelfth of twelve Full Moons of this Astrological year** and is the ninth of the nine different 'Distributing Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during the past, first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', is now distributed over the next nine Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Addendum 1 from last year's Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the forth Astrological Year of this group formation and the group's beginning functioning.
- 4. Addendum 1 from April 2022's Full Moon report of Aries (eleven months ago)** is a general introduction about the 3 Crosses, formed by the 12 Astrological signs, taken from EA.
- 5. Addendum 1 below will give this month's expansion of how the qualifying energies of the monthly astrological sign, Pisces,** fit into the three 'Crosses' or quaternaries of constellations formed by the 12 signs which may be effecting us and how to respond to the various opportunities these Crosses of energies present to our group including each individual.
- 6. The 2022-3 astrological year Annual Keynote is,** “LET THE LIGHT OF THE SEVEN RAYS BLEND WITH THE SEVENTH RAY, AND LIGHT SUPERNAL USHER IN THE NEW CIVILIZATION.”
- 7. The Spring Equinox happens after this Full Moon on March 20, 2023 at 23:24:00** and is the next stage of growth in our own annual growth cycle and the nature cycle since we are part of nature.

B. Notes and Activities on or since the last Full Moon February/Aquarius:

- 1. SuonAngelMiriam meditated at the time of the new and full moon together. We had what we consider** strong meditations of positive distributing of this astrological year's continuing of the Lower Interlude closer to it's completion and new beginnings. Also now after the Winter Solstice a beginning movement towards the Spring Equinox and coming new astrological year to be starting in April.

2. **SuonAngel are talking with 2023 Timisoara Cultural Capital office about a cooperative event possibly named 'SAMatate'** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian's or other groups for the Cultural Capital celebrations rescheduled to 2023.

Rather than joining with the Asociatia cries project we have, through the Hemp Museum in Timisoara, helped submit an application for a smaller 3 day project called "Atelierele Copilariei" (the Childhood workshops). This was submitted in January as part of the Opening TM 2023 projects to be unfolded in February 2023. The review of the project was now at the end of January and the project has been rejected. We are still waiting to find out the motivation for dismissal of the project. This is the first of possible many calls for cultural projects this year in Timisoara so we are still keeping connected with the updates from TM 2023. Anyone who wants to read the project application please let us know. We will provide more details as they become available. This project is based on some of the new contacts from our attending the previous functions below and in talks with Leontina.

SuonAngelMiriam attended a one day conference: "Socio-Economico-Cultural Rebirth of the Romanian Village" Conference, Date: 19 th Nov 2022, Location: Zimand Cuz, jud Arad with the guest speaker Dr. Avram Fitiu. If anyone would like a copy of our report on the meeting let us know. We also attended a book signing in Bucharest on December 10, 2022 by Calin Georgescu of his new book, "The Great Rebirth: Truth, Freedom, Sovereignty, The Exit from the Matrix". If anyone is interested in borrowing the book or in the details of the book release and how it relates socially, culturally or politically to the conference on November 19th please let us know. We also attended a Hemp fair in Bucharest on December 11, 2022 and learned more about the current legal and commercial aspects of the hemp industry in Romania through the Asociatia patronala Planta Romanica. The chair person at the head of this association also knows Virginia and we are studying more of how these organizations are and can more effectively, efficiently and cooperatively work together. And finally we assisted in the building and celebrating of the second Christmas Fair in Singureni for the last two weeks of December 2022. Newer updates will be coming next month as we look forward to the next astrological year.

3. **The Group Central Pillar Crystals** and the Esoteric and Occult crystal sets are now finalized along with any rearranging of the other crystals of the set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). **Three new 'Circumcentral' crystals have been put on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025 (see photo below).
4. **Poppy research at BioFarmland** (BFL) at Virginia's suggestion. New organic seeds have arrived and were planted in October 2022 for the 2023 spring season.
5. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in Item 2 above.
6. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros. Anyone wanting a more specific update or to help with initial financing please either contact Leontina or us.
7. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the law suit will be claiming as the defendants and is continuing. Recent meetings at Singfest in September. Let us know if you have additional comments or questions. Next meetings were held at the end of 2022 at the second Singureni Christmas Fair.
8. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, etc.

9. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations and treatments** along with the consideration of the SAM2013 Synthesise Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia's Certified Herbal and Aroma Therapy course and possible meeting at EsotericFest in Spring 2023 (also see Item #2 above).
10. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know.
11. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
12. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair.

C. Previous Activities Archive:

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2022 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.

- 6. Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
- 7. The following regular monthly cycle is for the group information flow:**
- Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

Addendum 1: Pisces, The Fishes, constellation hypothesizes and considerations on the 3 Crosses from EA:

PISCES, THE FISHES:

This sign is dual. In Pisces we have the fusion or blending of soul and form as far as man is concerned, producing the manifestation of the Incarnated Christ, the perfected individual soul, the completed manifestation of the microcosm. Thus the greater and the lesser polar opposites - the human being and God, the microcosm and the Macrocosm - are brought to their destined expression and manifestation. Until man is nearing the goal, these words mean but little though a study of the sign Pisces in the two ways intended may reveal much that is significant and suggestive. The goal of Deity, the emergence of God's plan and the nature of His eternal purpose is for us only a subject of interested speculation. There is a possibility that this plan and purpose may be vastly different to our surmise which is based upon our formulation of a Deity who is the product of our mental processes and of devoted idealism (two of the three aspects of the personality nature), and the attempt to interpret His infinite purposes in terms of our own finiteness. Let us always remember this. The mechanism for divine perception has not yet been developed in the human family on any large scale and is only achieving some measure of usefulness in the initiate of the third degree.

This duality of Pisces must be studied in relation to its three keynotes which are

1. Bondage or captivity.
2. Renunciation or detachment.
3. Sacrifice and death.

THE MUTABLE CROSS

It will interest you to note that average humanity is, therefore, subjected to the influences of three major signs at this time and conditioned by potencies coming from each of the three Crosses. These present men with the responsibility of choice, evoking their free will, their trend towards self-determination and their established decision at this time of world crisis. You will note that the world disciples are related to the mass of men through their responsiveness to influences emanating from Gemini, and to each other through Scorpio. This produces in them the capacity to respond to test, to a sense of the vision (through the illumined eye of Taurus) and to use their power of individuality through a developed personality and through the potency of Leo. Initiates are brought into relation to the world disciples through the constellation Scorpio, to the hierarchical centre through Capricorn, and to the mass through Pisces, the sign of all world saviours.

Seven constellations are, therefore, predominantly brought into a close combination at the present moment of crisis and are responsible for world affairs as they are found today:

Cancer			
		The Cardinal Cross.	"Both Gates stand wide."
Capricorn			
Taurus			
Leo		The Fixed Cross.	"The Disciples dominate the world."
Scorpio			

Gemini		
		The Mutable Cross. "World salvation is possible today."
Pisces		

It is interesting to note that each of these three signs of death is to be found in a different cross:

1. Aries (not in the above tabulation) The cardinal cross
2. Scorpio The fixed cross
3. Pisces The mutable cross

It is the influence of these three which brings about the "three needed and determined deaths" in the life of the human being. I am here referring to the signs, independently of their planetary rulers. There is something in the energy which pours in through these signs which predetermines a crystallising process and the eventual destruction of some type of form control. The Old Commentary expresses these ideas in the following terms:

"The fire blazed forth and through that fire I died to life and so was born to death. And then again I died to form (Aries).

The heat of earth, the fiery temper of the mother, destroyed the form, released the soul and so the lesser self was killed (Scorpio).

The waters drowned the man. The fish was made to disappear. It then appeared again only to die or else to die and bring salvation" (Pisces).

Thus there are symbolically the death through fire, the death through earth and the death through water—burning, suffocation and drowning—but, in this world cycle, the death through air is not either known or understood. There are not therefore four deaths, as the goal of our system during manifestation is "initiation or release into the air," so that the bird of life out of time and space can fly free. The concept which the Law of Correspondence brings of the final death is covered by the words liberation, relinquishment and final initiation, and means little to humanity, for it concerns the planetary Logos and His life cycle. The three deaths which do overtake man, the individual and the human family as a whole, release the soul into three great planetary centres:

1. The death by drowning or by water in Pisces releases man again into that great centre which we call Humanity, and there experience is gained. Herein lies the mystery of the fish-goddesses of this sign "who spawn their young again and yet again."
2. The death by suffocation in Scorpio releases man into the planetary centre which we call the Hierarchy.
3. The death by fire or burning in Aries releases man into another centre to which we give the name Shamballa.

There is much to work out, is there not, in these ideas which I offer to you as suggestive considerations and as hints related to the Science of Triangles, which is the esoteric basis of astrology, just as the doctrine of the trinity (microcosmic and macrocosmic) is the esoteric basis of occultism. Death is, therefore, of three kinds. This Science of Divine Dying underlies the well-known phrase "the Lamb slain from the foundation of the world," and when the relationship between Aries, Scorpio and Pisces is properly understood (as the linking and merging of the three crosses) a new light will be thrown upon all subsidiary sciences—exoteric and esoteric. The teaching in The Secret Doctrine about the reincarnating monads who are called the divine Sacrifices, Lords of Knowledge, Will and Sacrifice, will be clarified. These monads, who are ourselves, are Lords of Persevering Ceaseless Devotion —devotion even unto death.

In Pisces, the waters of purification are applied through daily life and the processes of incarnation; they apply to the "fish swimming in the waters of matter and finding there its sustenance." This is upon the Mutable Cross of ordinary material existence and experience. Thus the influence of the three crosses is brought to bear upon the incarnated Son of God upon the wheel of ordinary life and in the usual order. Upon the wheel reversed, the fire takes the place of water and burns away all dross.

It will be from a study of those people who are born in the Cardinal Signs that the clearest information will emerge in this connection. It might be useful to point out here that:

1. Through a study of the Cardinal Cross—Aries, Cancer, Libra, Capricorn—the astrologer can arrive at a clearer understanding:
 - a. Of ordinary, individual, human beings.
 - b. Of group beginnings.
 - c. Of the significance of the first initiation.
2. Through a study of the Fixed Cross—Taurus, Leo, Scorpio, and Aquarius—he will arrive at a right interpretation of the lives:
 - a. Of initiates.
 - b. Of group absorption into synthesis.
 - c. Of the significance of the third initiation.
3. Through a study of the Mutable Cross—Gemini, Virgo, Sagittarius and Pisces—he can arrive at the significance:
 - a. Of disciples.
 - b. Of group activity.
 - c. Of the second initiation.

The above indications may not conform to the ideas generally held, and appear to reverse also some of the points which I have earlier made, but a careful study of the suggested implications may make the point clearer. Every Cross has its exoteric significance and with this all astrologers are somewhat familiar; it has also its esoteric meaning and import and this is as yet an untried field of investigation; and it has its spiritual importance, and this of course is only revealed at the major initiations. It should be remembered that these are the threefold differentiations of the One Life and that Capricorn, for instance, marks not only the point of the deepest concretion and therefore of death but also the point of highest initiation and of entrance into the life aspect of deity.

1. The Mutable Cross - The Cross of the Hidden Christ - brings about those conditions which will produce great periods of change in the life of the planet, of a kingdom in nature or of a human being. Mercury plays a part in this. Upon the Mutable Cross, the crucified man sees naught of the picture. He suffers, agonises, desires, strives, is the apparent victim of circumstances, and is distinguished by a veiled vision and inchoate longings. These gradually take shape until he reaches the stage of acquiescence and aspiration.

- a. This is the Cross of the four major energies which produce the conditioning circumstances which transform animal man into an aspirant.
- b. It is, therefore, the Cross of the personality or of the steadily developing and finally integrating human being. This takes place at first in response to circumstance and later to soul inclination.
- c. It is the Cross of temporal and temporary change, of fluidity and of those constantly altering environments which drive the soul within the form from one extreme of experience to another, so that the life shuttles between the pairs of opposites.
- d. It is the Cross of the responsive form, nurturing and developing the life of the indwelling Christ, the hidden Soul or Lord of Being.

The four arms of this Cross are Gemini—Virgo—Sagittarius—Pisces. It is sometimes called the Common Cross because it conditions the common herd, the mass of humanity.

2. The Fixed Cross - The Cross of the Crucified Christ - brings about, as a sequence, to these inner changes, certain great points of crisis which are unavoidable and present definite opportunity. Saturn is dominant in bringing this about. Then he finds himself upon the Fixed Cross and begins to grasp the whole of the purpose of experience upon the Mutable Cross (as far as humanity is concerned) and to realise that there is a hierarchical purpose which can only be grasped by the man who is willing to be crucified upon that Cross. He reaches the stage of responsibility, self-awareness and right direction. His orientation is now "the spiritually vertical which involves the inclusive horizontal." At this stage, the Plan of the Logos begins to take shape in his consciousness.

- a. This is the Cross composed of the four energies which condition the life of the man who is first a probationary disciple and then an accepted or pledged disciple.

b. It is outstandingly the Cross of the soul. The man who is upon the Fixed Cross is becoming increasingly aware of its direction and influences and does not respond as blindly as does the man upon the Mutable Cross. He does not "mount this Cross of Right Direction" in a technical sense until he has attained some measure of soul contact and has had some touch of illumination and of spiritual intuition—no matter how fleeting that touch may have been.

c. It is the Cross of "fixed vision and of that immovable intent which draws the man from points of light to blazing solar radiance." The man upon the Fixed Cross says: "I am the soul and here I stand. Naught shall remove my feet from off the narrow place whereon I stand. I face the light. I am the Light and in that light shall I see Light."

d. It is the Cross whose four energies blend with and transmit the energies of the solar system itself. This it can do because the man upon the Fixed Cross is becoming increasingly conscious of issues which are larger than himself, more engrossing than his previous interests and which concern humanity in its relation to the solar forces and not just to the planetary forces. He is becoming sensitive to a larger whole.

e. The energies of this Cross continue to evoke response until the time of the third initiation.

The four arms of this Cross are Taurus—Leo—Scorpio—Aquarius. It is called the Fixed Cross because the man is stretched upon it by the directed choice and immovable intent of his soul. From that decision there is no turning back.

3. The Cardinal Cross - The Cross of the Risen Christ - is responsible for bringing about certain great points of synthesis, as a consequence of both change and crisis. Jupiter is responsible for the focussing of energies at this point. Upon the Cardinal Cross, the purpose and the unified consummations of the two earlier crucifixions become almost blindingly apparent and a vision of the unified intent of the three Persons of the underlying Trinity (each upon His Own Cross) emerges with clarity.

The theme of all three Crosses is fusion and integration. The fusion of the personality into one functioning whole; the fusion of soul and personality consciously; the fusion of the threefold expression of divinity—Monad, ego and personality—so that there is an appearance of the blended energies. The keynote of their influences is the power to include and the full expression simultaneously, in time and space, of the vertical and the horizontal life.

a. This is the Cross whereon, under the occult paradox and in time and space, the Spirit is crucified. Its four energies govern and direct the soul as it moves forward upon the Path of Initiation. Necessarily, as it deals with so exalted a state of consciousness, there is but little I can say anent this Cross except the vaguest generalities.

b. It is, therefore, pre-eminently the Cross of Initiation and of "beginnings." It concerns fundamentally "the beginning of the endless Way of Revelation" which starts when Nirvana is entered and for which all the previous stages of the Path of Evolution have been but preparatory.

The following quotation may carry understanding and help to illumine this most difficult subject, indicating the significance of this Cardinal Cross as a consummating influence and revealing that which lies ahead of those who attain hierarchical standing:

"All beauty, all goodness, all that makes for the eradication of sorrow and ignorance upon the Earth must be devoted to the Great Consummation. Then when the Lords of Compassion shall have spiritually civilised the Earth and made of it a Heaven, there shall be revealed to the Pilgrims the Endless Path which reaches to the Heart of the Universe. Man, then no longer man, will transcend nature and impersonally, yet consciously, in at-one-ment with all Enlightened Ones, help to fulfil the Law of the Higher Evolution, of which Nirvana is but the beginning," (Tibetan Yoga and Secret Doctrines).

c. It is the Cross of the "widespread arms, the open heart and the higher mind," for those who lie upon this Cross know and enjoy the significances underlying the words: Omnipresence and Omniscience, and are in process of unfolding the higher phases of Being which we inadequately cover by the word, Omnipotence.

d. The energies of the Cardinal Cross blend with the energies to which we can give no greater name than cosmic energy even though that word is meaningless. They carry the quality of the One about Whom

Naught may be Said and are "tinctured with the Light of the seven solar systems" of which our solar system is one.

e. The scope and cycle of its influence in the life of the initiate is utterly unknown even to our planetary Logos Who is Himself stretched upon its "widespread arms."

I might here give you the following names for the three crosses taken from the ancient archives and therefore difficult to translate:

1. The Mutable Cross - The Cross of changing and absorbed Experience. This is the place of action and of reaction, of karmic control and of response to impacts leading to the awakening of consciousness to the nature of the goal ahead.

2. The Fixed Cross - The Cross of Transmutation. Desire becomes aspiration, and selfishness is transformed into selflessness.

3. The Cardinal Cross - The Cross of Transcendence. Personality life and form life and planetary life no longer control. The man stands free.

For more information on the crosses go back to the 2022 and 2021 Full Moon Meditation Reports. If you need the reports sent to you again please let us know.

Conclusion (at this point):

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
