

**Full Moon of Sagittarius, ninth Full Moon of this Astrological Year, on Friday, December 5, 2025, at 01:14:02 in Romania:**

The main Keynote or phrase to consider for all Sagittarius Full Moons (each year): **“I see the goal. I reach that goal and then I see another.”** The Sagittarius Full Moon Keynote of Light each year is: **“A beam of directed, focused Light. (Hint: In this the point of light becomes the beam, revealing a greater light ahead and illuminating the way to the center of the light.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Sagittarius is Ray 6.** So, Sagittarius has a main energy of Devotion. It is a recommendation to consider the Sagittarius Keynotes as Ray 6 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We are again continuing to take one example of a different individual's ray structures per month from the books, “Discipleship in the new age I & II” by Alice A. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally, for now, this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschooll.html> .

Sagittarius is the ninth sign of the new Astrological year and the sixth of the nine 'grounding or anchoring energy and consciousness' Full Moons of the year. It helps to continue to manifest the new 'birthing' energy of the higher building cycle for the astrological year which happened during the past full moons of Aries, Taurus, and Gemini (April, May, and June) which is also called the Higher Interlude. Then Sagittarius and the following three different full moons of the year continue to ground or anchor and manifest these higher interlude energies and consciousness and are considered the Lower Interlude. Addendum 3 from the past Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

**The Key to the Ray 6 Method is:** "Let all desire cease. Let aspiration end. The search is over. Let the Soul realize that it has reached the goal, and from that gateway to eternal Life and cosmic Peace let the word sound: 'I am the seeker and the sought. I rest.'"

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative ([www.2025initiative.org](http://www.2025initiative.org)) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities

of the period of 2024-2026". The addendum started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html) (or we can send you a copy).

#### **A. Notes on this coming Full Moon of December/Sagittarius:**

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 6 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the ninth of twelve different Full Moons of this Astrological year** and is the sixth of the nine different full moons for grounding of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. This Full Moon and all Full Moons** for the rest of this astrological year will come before the New Moon in each astrological sign. This normally makes meditations more difficult due to the next Full Moon impulse coming before the New Moon impulse and should be given consideration in our meditations for the rest of the year.
- 4. Previous addendum 1 from the Full Moon report of Aries (April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we continue through this seventh Astrological Year of this group formation and the group's functioning.
- 5. Addendum 1 below again relates to** information and specific individual examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group.
- 6. The 2025-6 astrological year Annual Keynote is,** "LET THE GROUP EXPRESS THE QUALITY OF THE HIDDEN VISION:" Hint: "The hidden vision is not "man's vision of God" but "God's own vision of His purpose."
- 7. The winter solstice also occurs after the full moon on Sunday December 21, 2025 at 17:03:00 in Romania.** This is the time of growth of the new growing cycle that began on the fall equinox this past September and can be considered also a time for meditation.

#### **B. Notes and Activities on or since the last Full Moon November/Scorpio:**

- 1. SuonAngelMiriam meditated at the time of the full moon, new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continued Astrological year and of the grounding of consciousness cycle of the astrological year and of this year of Impulse on the next 100 years. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group exoteric, esoteric, and occult crystals and now also with some of the new hand held crystals this year.
- 2. All new crystals for this 2025 impulse year, that happens once every 100 years,** have been received and this culmination of the crystal grid as a blueprint for this group work has been anchored on this just past Summer Solstice Puja (see previous reports for more information and pictures of these crystals and the Puja).
- 3. Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was at Leontina and Zoli's spring 2025 and at Virginia's book launch in Cluj fall 2025.
- 4. Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. See previous reports. Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous updates. Pamantul Stramosesc has been dissolved as a formal association in 2025. July 27, 2025 there was a spontaneous meeting with a well known herbalist and shared meal with open discussion at Loredana's house.

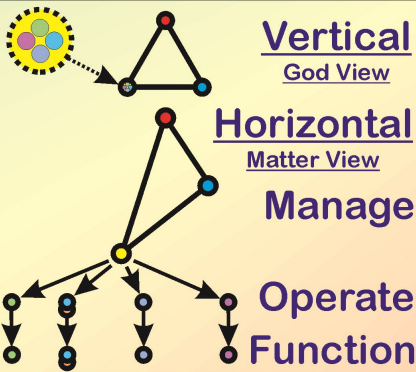

5. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
6. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. See previous reports. The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.** The consultations are continuing. The set was shown in a conference at EsotericFest in November 2025 with good results. Please let us know if you are interested. Images of the 3-fold publicity flier both front and back are shown below Item 9 on the next page. The publicity flier shows the Scientific Alchemical Mysterious ways that the SAM2013 Synthesis Tri-Level Color System corresponds and transfers into the hypothetical systems of Plant Distillation with Water Oil Alcohol; the Human Being with Sycal Astral Mental bodies; the Sycal-Etheric Physical with Discipline Equilibrium Tolerance; the Big Dipper of the determining Rays of Light of our Solar System and how these Rays fit into Laws; the way these laws fit into groups; the Egoic or Auric or Soul Lotus and how that translates, corresponds and transfers into Planes, Centers, Chakras and Kingdoms (which, in our experience, is one of the greatest illustrations of the 'Constitution of Man', how we function, ever made available to humans) and which the SAM system codifies in Tri-Levels of Color with three different color progressions.
7. **SuonAngelMiriam are working with Remus and others onto updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. **Remus passed in May 2025** however, he is still being considered as part of the group and the project at present is continuing. We have been attending his remembrance services.
8. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
9. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update. Phone meetings and messaging are on-going.

### **D. General Notes and considerations about the group, cycles, meditation and information flow:**

- 1. We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
- 2. 2025 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens this year 2025.
- 3. It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
- 4. It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
- 5. In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
- 6. Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestion, which may otherwise be experienced, with their accompanying physical consequences.
- 7. The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days):** Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon:** For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
  - c. Second week after Full Moon** for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
  - d. Third week after Full Moon (just after the New Moon):** Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
  - e. Fourth week after the Full Moon (just before the next Full Moon):** Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

### **ADDENDUM 1:**

**These 12 monthly addendum (during this 2025 Astrological year) and this once in 100 year, 'year of higher impulse' are being written and designed** to help each person understand and apply their Ray qualities, in their Color Consultations, to the opportunities available at the time of the Full and New Moons, Solstices and Equinoxes for gaining more conscious understanding and then applying that conscious understanding in their daily lives. Hopefully you will enjoy them independent of what changes in consciousness or life they may bring as long as what comes is 'higher and forward' – **SAM**.

### **A. Forward notes by SAM restated from the above Report:**

This month we are continuing the year of adding information with specific and general examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We are taking one example of a different individual's or a general type of individual's ray structures per month from the books, "Discipleship in the new age I & II" and "Esoteric Psychology I & II", by Alice A. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the

new set of 'Synthesis' (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates' into, determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoool.html>.

**Examples of a different individual's Ray structures are from the books, "Discipleship in the new age (DINA) I & II" and "Esoteric Psychology II", by Alice A. Bailey - AAB.** This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups (Free online at: [https://www.lucistrust.org/online\\_books/discipleship\\_in\\_the\\_new\\_age\\_vol\\_i\\_oobooks](https://www.lucistrust.org/online_books/discipleship_in_the_new_age_vol_i_oobooks))

**B. Forward Notes by AAB briefly restated from the previous Report (see previous Full Moon report of Cancer, in July 2025, for full statement):**

We are taught in the esoteric philosophy that seven great divine Emanations, Aeons or Spirits (in Whom we live and move and have our being) came forth from God at the time of the Creation. The same teaching can also be traced in the Holy Bible. Upon one or other of these seven Rays, the souls of all forms of life are to be found as well as the forms themselves. These seven rays produce the seven major psychological types.

**These seven rays or emanations are:**

1. The first Ray of Will or Power. Many great world rulers are found on this ray, such as Julius Caesar.
2. The second Ray of Love-Wisdom. The Christ and the Buddha are to be found on this ray. It is the great teaching ray.
3. The third Ray of Active Intelligence. The mass of intelligent humanity are found on this ray.
4. The fourth Ray of Harmony through Conflict. Aspirants. Struggling, well-meaning people. Workers for unity emerge along this line.
5. The fifth Ray of Concrete Knowledge or Science. Scientists and people who are purely mental and governed only by the mind.
6. The sixth Ray of Devotion or Idealism. Many Christian people. Fanatics. Numbers of earnest Churchmen of all the world religions.
7. The seventh Ray of Ceremonial Order or Magic. Masons. Financiers. Great businessmen and organizers of all kinds. Executives are found with these energies in their equipment.

However, only when a man is highly developed and nearing the Path of Discipleship is it possible for the esoteric student accurately to surmise what his ray may be. People of all kinds and professions are found on all the rays. **The conflict in a disciple's life is found to lie in the fact that the ray of his soul and the ray of his integrated personality are posed against each other. At the same time, his emotional nature, his mental equipment and his physical brain are also controlled by some one or other of the rays and in this five-fold relationship lies hid much of the problem of the evolving human being.**

**C. Introductory Notes by AAB continued in Scorpio 2025 are now continued in Sagittarius:**

...Third: Disciples must now organize for a steady united effort. This must take the form of a closer cooperation between all groups and a standing together in a closer relationship, thus strengthening each

others' hands and, where possible, pooling resources. It should result also in a united push forward of all spiritual and occult agencies and the carrying of the truth along all possible lines, down among the masses of men. Just as in Atlantean days, spiritual forces were subordinated to the selfish desires of men, so today, they are being subordinated to the minds and the ambitions of men and the results will be profoundly evil. The world situation today demonstrates this. For though material benefit and physical prosperity might eventually emerge from certain countries where great experiments are being undertaken, they will only exemplify the triumph of the form and will finally come to naught. Just as every human being struggles through in some one life to personality achievement so it is among the nations. Yet at the heart of every nation lies latent the mystical soul and eventually - after dire struggle and distress - all will be well. Tendencies towards materialism and towards personality achievement must, under the larger plan and the will-to-good, be offset by a counter move of spiritual living and this must be the objective of all working disciples.

Let such working disciples see to it, therefore, that their love for all beings deepens and that the growth of their love comes through their tapping the group love which lies back of all world happenings. My brothers, when will the time come when the world will realize that the love aspect of the Logos - as it affects the human kingdom - is focused through the inner subjective group of workers? That love is now in the stage of anchoring itself physically through the new groups (such as this group) which are in process of forming all over the world. These new groups are centers (or should be) of divine love, magnetic, constructive and pure. See to it, therefore, that your conformity to the requirement is met in the measure of your physical strength, bearing ever in mind that you are equal to more effort and to greater strain than ever before.

This experiment which I have instituted and to which you have voluntarily and willingly submitted yourselves is one undertaken for group purposes. The Hierarchy seeks to discover how sensitive groups are, as a whole, to subjective guidance and instruction, and how free the channels of communication are between the various individuals in the group and the Master, and between the various groups within the Ashram of a Master. A Master's group of disciples, upon the inner side of life, forms an integrated organism, characterized by mutual life, love and interplay. The relationships in such a group are entirely on mental and astral levels and hence the limitations of the etheric force body and of the physical brain are not felt. Needless to say the fundamental relation is on soul levels. The fact that the etheric body and the physical brain lie outside these basic relations where the Ashram is concerned leads to greater facility in understanding and to reciprocal interplay. It is wise to remember, however, that the astral potency is far more strongly felt on the physical plane than elsewhere and hence the major emphasis laid upon emotional-desire control in all treatises on discipleship or on preparation for that state. It is not easy for the average beginner on the Path of Discipleship to grasp this or to see the necessity for the rules and suggestions made. For some people to conform to rule and discipline is not easy unless it is entirely self-initiated. The suggestions which I make to you, my brothers, are only suggestions but it is surely the part of wisdom to follow them as long as you have voluntarily put yourselves under my tuition. Your working under me has been entirely of your own free will and choice. You are subjected to no compulsion. Other types of disciples evince willingness to follow instructions but their real difficulty consists in bringing the life into conformity with the desired rhythms. The narrow path, which all disciples have to tread, requires obedience to the ancient rules for disciples. This is given willingly and with eyes open, though no rigid adherence to such rules is ever expected. The disciple grows through intelligently adapting his life to these requirements as far as is reasonably possible and not by adapting the requirements to his life. Flexibility within certain limits is always needed but that flexibility must not be set in motion by any personality inertia or mental questioning.

A change in this relationship between disciples is now being made. An attempt is being set on foot to see if a group activity and interplay can now be set up upon the physical plane, involving consequently the use of the etheric body and the brain. The difficulties confronting you are, therefore, great and I am anxious that you should realize this. Will you realize, for instance, that any differences of opinion which may occur in the relations of this group of disciples will be caused by astral-brain reactions and, therefore, must not be considered of any importance whatsoever? They must be immediately eliminated and wiped from the slate of the mind and of the memory and classed as entirely personality limitations and unworthy of hindering group integrity.

This experiment, being attempted by a group within my Ashram, is one in mental relations and in soul contact, with the emphasis and attention placed basically there. The astral - physical brain reactions should be regarded as non-existent and as illusion and should be allowed to lapse below the threshold of the group consciousness - there to die for lack of attention. This type of group work is a new venture and

unless something definitely new emerges as a result of this experiment, the time and effort are not warranted. You must not imagine that the particular line of work on which you may be engaged is the factor of main interest. It is not primarily the unfoldment of the intuition, or of the power to heal, or of telepathic efficiency which is of importance. That which counts with the Hierarchy as the Ashrams function is the establishing subjectively of such a potent group interplay and group relation that an emerging world unity can be seen in embryo. A joint power to be telepathic or a group capacity to intuit truth is of value and somewhat novel. It is the functioning of groups who have the ability to work as a unity, whose ideals are one, whose personalities are merged into one forward swing, whose rhythm is one and whose unity is so firmly established that naught can produce in the group the purely human characteristics of separation, of personal isolation and selfish seeking, that is new. Unselfish people are not rare. Unselfish groups are very rare. Pure detached devotion in a human being is not rare but to find it in a group is rare indeed. The submergence of personal interests in the good of the family or in that of another person is often to be found, for the beauty of the human heart has manifested itself down the ages. To find such an attitude in a group of people and to see such a point of view maintained with an unbroken rhythm and demonstrating spontaneously and naturally - this will be the glory of the New Age.

To see the link of pure love and of soul relation, realized and utilized in group form and work is indeed new and the attainment of this is the ideal which I set before this group of my disciples. If this group measures up to the vision as it exists in my mind, there will be established upon the physical plane focal points of specialized force through which the Hierarchy can work with greater surety than heretofore. There will (through this and analogous groups) be set in motion on earth a network of spiritual energies which will facilitate the regeneration of the world. The influence of these groups - when permanently established and potently working - will have a wider objective than just the elevation of humanity.

The potent rhythm which animates the inner Brotherhood of the Lodge of Masters will make itself felt everywhere on earth and these groups, if successful, may be regarded as the first step toward the emergence into manifestation of the Great White Lodge. But remember this: the keynote of the Lodge is not attainment or degree. It is stable relationship, unity of thought, plus diversity of method, of effort and of function and its quality is friendship in its purest sense. The Brotherhood is a community of souls who are swept by the desire to serve, urged by a spontaneous impulse to love, illumined by one pure Light, devotedly fused and blended into groups of serving Minds, and energized by one Life. Its Members are organized to further the Plan which They consciously contact and with which They deliberately cooperate.

It will be apparent to you, therefore, that the purpose of these groups is to unfold in time the three major powers of all illumined minds:...

#### **D. PERSONAL INSTRUCTIONS 7 – I. A. P.:**

**Note 1:** Some of the formatting for the Higher SAM Synthesis and Lower SAM Mergration below have been modified from the Aries, Taurus and Gemini Full Moon Report formats. This is to hopefully be more clear, especially involving the fact that the Monadic Ray is generally not specified in the DINA information by AAB but is in general being hypothesized in the SAM information.

**Note 2:** It is highly recommended to reread the previous Virgo 2025 Full Moon Report Addendum 1 on the 'hypothetical generalizations of people who are in the process of integrating their Sycal, Astral, and Mental consciousnesses into an integrated personality or Soma' for its more detailed information on: 1. The subsequent 'problems that may arise' from integrating our personality (Soma) and fusing it with our soul (Aura). 2. The definitions for the words subconscious, conscious and super-conscious used in these Addendum this year. 3. The two groups of people who are powerfully affected by this 'integrating process' (SAM – Synthesis And Mergration processes). 4. The process of establishing of a definite relation with the soul. 5. The self or therapeutic studies to be made in this new approach to help understanding of these processes. 6. What answers are the goal of this work. 7. How the two words "peace" and "good will" apply to this work. 8. SAM – the way these hypothesizes apply to our color interpretations.

June 1938

The last few years have been for you years of strenuous activity and service, of personal discipline and difficulty and of hard work, accompanied by much external and interior upheaval. This you realize. It may be of some help and comfort to you if you realize also that this is known on the inner side and that none of it has been lost motion or waste of time. It has been for you a time of release and of liberation, little as you may grasp this fact.

Since 1917, I have watched your progress and your work. This will indicate to you how slowly we, who seek to help and guide our chelas, work. But it is by standing alone that all disciples grow and by feeling their way and discovering their own peculiar line of approach to the center from which light streams out, and also by responding steadily and in realized loneliness to the call of duty and service. **Now, however, the time has come when you can work with clearer vision, with a closer cooperation with and from the inner Center and with less loneliness. You have now become a part of my group of disciples and these, a chosen band of brothers, are standing by you;** I, too, seek definitely to make myself known to you and to draw closer to you in helpfulness and understanding. My Ashram and those of you who are being affiliated with it are becoming closely connected and esoterically form one group.

I would ask you to realize that in this work which we are planning to do together, **we work with complete and open frankness, seeking to hide nothing from each other. We will bring into the open the successes, the failures and the weaknesses and look at them together in the clear light which comes from the Center and in each other's presence. Such is the method of the New Age groups. The utmost impartial impersonality is our goal, for such an attitude sets us free for deepened service.**

I am communicating with you, my brother, as with a trained worker and as one who has proven his willingness and his ability to serve and to make sacrifices for his fellowmen. **Our objective is to function as a group, pledged to a united service in which all personalities are submerged and only the light of the soul shines forth.** In that light, you will see light on your problems, both individual problems and those arising in connection with the group or in your chosen field of service. Two things I would like, however, to bring to your attention at this time and only two:

**First, that as you work and serve and strive to train yourself, you must learn to "go out" more definitely to others,** offering them the opportunity to serve and help in the work you are endeavoring to do, no matter how inexperienced they may be or how full of faults. Ponder on this and seek to work our way, for this is ever what we, the teachers and guides on the inner side, have to do. We offered you opportunity and you must also offer opportunity to others.

Secondly, be not weighed down or over-distressed by the weight of the ignorance and the lack of development of the masses whom you see around you. The psychic atmosphere of the countries in which you work is peculiar and most difficult for the disciples who are working in connection with us, the workers in the Great White Lodge. It is easier for chelas who work in connection with the . . . . . Brotherhood (a branch of our activities). Such chelas do not, however, work with the intelligentsia or with the pioneers of the race or with the thinking aspirants. They work with the quality of spiritual aspiration to be found in the herd, in the mass, and not with or in the individual. They do not work with the type of person whom you can reach. I mention this because I know well the deep discouragement which can assail you as you react to the massed psychic impression. Release yourself from it in the assurance that the Great White Lodge is working for the aspirants and that the . . . . . Brotherhood is working with the illiterate and ignorant masses. It is one work but delegated to different groups who work in the closest possible association.

I am assigning you no special work at this time, for your time is fully occupied in service. I suggest a meditation to you....

January 1940

**I would suggest to you that your major danger at this time lies in a glamour which is the result of loneliness.** There are certain glammers which work out as the result of a too close and restricted inner, spiritual life and an imposed introspection. Having no one to whom to talk and being far from your spiritual brothers, you are much alone; and being in a position of the one who teaches and who gives, you stand somewhat isolated and have withdrawn yourself—perhaps unduly, even if unavoidably—from the personality angle. This results in your creating a potent thoughtform of aspiration, of spiritual interpretation and of spiritual aims and goals. But this constitutes a thoughtform, my brother, no matter how lofty in nature, and can result in a pronounced glamour and a glamorous control in some form or another. It can speak to you and condition your psychology and of it you should be aware and so on guard; you should recognize it as your own creation, to be conditioned and controlled by you and not vice versa. You will, I think, know to what I refer.

Free yourself from this glamour for the sake of the service you have so efficiently rendered to us. Learn to recognize that the time limit is brief and that for you (as for your fellow disciples and for A.A.B.) only those things must be done which are of service to the whole and which are already set in motion. The initiating of new endeavors when the time in which to complete those for which you are responsible is relatively brief can constitute a glamour of a most handicapping nature. I thank you for what you have done in our service and I ask you to go forward along the lines you have already so firmly established.

**AAB FINAL COMMENT NOTE:**

This disciple is still struggling, under conditions of great loneliness and in one of the Latin countries, to carry out the Tibetan's work and doing so most successfully.

**SAM Synthesis And Mergration Consultation and Interpretation Notes:**

**A. SAM Synthesis Interpretation Notes:** There is NOT a lot to note. The person is doing basically what they can and the main problem mentioned is a warning about not going more into the glamour of separation that is affecting them; to know that the glamour is not real and know that the soul (Auric) connection that they sense is real and is being affirmed. Those already in a position of dutiful service mainly only need to continue on until more technical understanding, such as, their ray structure and relationships are required.

**SAM FINAL COMMENT NOTE ON ADDENDUM 1:**

Hopefully everyone can see and focus on the Divine beauty, harmony, dance and game (Lila), symphony, intelligence, glory, universality, mystery, science, order, evolution, progressions, hierarchies, etc. in these concepts, hypothesizes, theories, realities, teachings, techniques, methods, insights, impressions, intuitions, thoughts, 'Kama-manas' (emotional thought forms), sensations, kingdoms, realms, etc. and increase their usefulness in our lives and increase the usefulness of our lives.

**Conclusion (at this point) on ADDENDUM 1:**

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
