

Full Moon of Scorpio, eighth Full Moon of this Astrological Year, on Wednesday, November 5, 2025, at 15:19:17 in Romania:

The main Keynote or phrase to consider for all Scorpio Full Moons (each year): **“Warrior I am and from the battle I emerge triumphant.”** The Scorpio Full Moon Keynote of Light each year is: **“The Light of Day. (Hint 1: This is the place where three lights meet the light of form, the light of soul, and the light of life. Hint 2: They meet; they blend; they rise.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Scorpio is Ray 4.** So, Scorpio has a main energy of Harmony through Conflict. This energy can also be expressed by the word Beauty and can also be described as Mathematical Precision. It is a recommendation to consider the Scorpio Keynotes as Ray 4 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021 – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We are again continuing to take one example of a different individual's ray structures per month from the books, “Discipleship in the new age I & II” by Alice A. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally, for now, this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoo.html> .

Scorpio is the eighth sign of the new Astrological year and the fifth of the nine 'grounding or anchoring energy and consciousness' Full Moons of the year. It helps to continue to manifest the new 'birthing' energy of the higher building cycle for the astrological year which happened during the past full moons of Aries, Taurus, and Gemini (April, May, and June) which is also called the Higher Interlude. Then Scorpio and the following four different full moons of the year continue to ground or anchor and manifest these higher interlude energies and consciousness and are considered the Lower Interlude. Addendum 3 from the past Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: www.sam2013.org/group_consciousness.html).

The Key to the Ray 4 Method is: "Let the outer glory pass away and the beauty of the inner Light reveal the One. Let dissonance give place to harmony, and from the center of the hidden Light let the soul speak, let the word roll forth: 'Beauty and glory veil Me not. I stand revealed. I Am.'"

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative (www.2025initiative.org) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities

of the period of 2024-2026". The addendum started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: www.sam2013.org/group_consciousness.html (or we can send you a copy).

A. Notes on this coming Full Moon of November/Scorpio:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 4 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the eighth of twelve different Full Moons of this Astrological year** and is the fifth of the nine different full moons for grounding of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. This Full Moon and all Full Moons** for the rest of this astrological year will come before the New Moon in each astrological sign. This normally makes meditations more difficult due to the next Full Moon impulse coming before the New Moon impulse and should be given consideration in our meditations for the rest of the year.
- 4. Previous addendum 1 from the Full Moon report of Aries (April 2021) gives reference into more insight and inspiration for how to view** some of the expanded awareness of these monthly and yearly Full Moon cycles as we continue through this seventh Astrological Year of this group formation and the group's functioning.
- 5. Addendum 1 below again relates to** information and specific individual examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group.
- 6. The 2025-6 astrological year Annual Keynote is,** "LET THE GROUP EXPRESS THE QUALITY OF THE HIDDEN VISION:" Hint: "The hidden vision is not "man's vision of God" but "God's own vision of His purpose."

B. Notes and Activities on or since the last Full Moon October/Libra:

- 1. SuonAngelMiriam meditated at the time of the full moon, new moon together with Safi (when she wanted). We had what we consider** very good meditations for the continued Astrological year and of the grounding of consciousness cycle of the astrological year and of this year of Impulse on the next 100 years. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group exoteric, esoteric, and occult crystals and now also with some of the new hand held crystals this year.
- 2. All new crystals for this 2025 impulse year, that happens once every 100 years,** have been received and this culmination of the crystal grid as a blueprint for this group work has been anchored on this just past Summer Solstice Puja (see previous reports for more information and pictures of these crystals and the Puja).
- 3. Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was at Leontina and Zoli's spring 2025.
- 4. Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. See previous reports. Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous updates. Pamantul Stramosesc has been dissolved as a formal association in 2025. July 27, 2025 there was a spontaneous meeting with a well known herbalist and shared meal with open discussion at Loredana's house.
- 5. SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.

6. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations and treatments** along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. See previous reports. The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.** The consultations are continuing. Please let us know if you are interested.
7. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. **Remus passed in May 2025** however, he is still being considered as part of the group and the project at present is continuing.
8. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
9. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update. Phone meetings and messaging are on-going.

C. Previous Activities Archive:

1. **2020 Hemp for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.**
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'.** See FM Sagittarius 2023 for final update on this report.
3. **2024 SuonAngelMiriam have met personally with Georghe Piperea and joined his class action law suit against the constitutionality of mandates. Suit was lost, see previous report details.**
4. **2024 We participated in Remus' course about Stress Management held through ANATECOR** which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and ANATECOR organized for the professor Mircea Stefea who passed in 2023.
5. **2025 Poppy research at BioFarmland (BFL) at Virginia's suggestion.** After three years of starting to self propagate in 2025 the project has been stopped since it would require permits to continue propagation.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2025 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens this year 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestion, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.

- e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

ADDENDUM 1:

These 12 monthly addendum (during this 2025 Astrological year) and this once in 100 year, 'year of higher impulse' are being written and designed to help each person understand and apply their Ray qualities, in their Color Consultations, to the opportunities available at the time of the Full and New Moons, Solstices and Equinoxes for gaining more conscious understanding and then applying that conscious understanding in their daily lives. Hopefully you will enjoy them independent of what changes in consciousness or life they may bring as long as what comes is 'higher and forward' – **SAM**.

A. Forward notes by SAM restated from the above Report:

This month we are continuing the year of adding information with specific and general examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We are taking one example of a different individual's or a general type of individual's ray structures per month from the books, "Discipleship in the new age I & II" and "Esoteric Psychology I & II", by Alice A. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of 'Synthesis' (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates' into, determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoo.html>.

Examples of a different individual's Ray structures are from the books, "Discipleship in the new age (DINA) I & II" and "Esoteric Psychology II", by Alice A. Bailey - AAB. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups (Free online at: https://www.lucistrust.org/online_books/discipleship_in_the_new_age_vol_i_obooks)

B. Forward Notes by AAB briefly restated from the previous Report (see previous Full Moon report of Cancer, in July 2025, for full statement):

We are taught in the esoteric philosophy that seven great divine Emanations, Aeons or Spirits (in Whom we live and move and have our being) came forth from God at the time of the Creation. The same teaching can also be traced in the Holy Bible. Upon one or other of these seven Rays, the souls of all forms of life are to be found as well as the forms themselves. These seven rays produce the seven major psychological types.

These seven rays or emanations are:

1. The first Ray of Will or Power. Many great world rulers are found on this ray, such as Julius Caesar.
2. The second Ray of Love-Wisdom. The Christ and the Buddha are to be found on this ray. It is the great teaching ray.
3. The third Ray of Active Intelligence. The mass of intelligent humanity are found on this ray.
4. The fourth Ray of Harmony through Conflict. Aspirants. Struggling, well-meaning people. Workers for unity emerge along this line.

5. The fifth Ray of Concrete Knowledge or Science. Scientists and people who are purely mental and governed only by the mind.

6. The sixth Ray of Devotion or Idealism. Many Christian people. Fanatics. Numbers of earnest Churchmen of all the world religions.

7. The seventh Ray of Ceremonial Order or Magic. Masons. Financiers. Great businessmen and organizers of all kinds. Executives are found with these energies in their equipment.

However, only when a man is highly developed and nearing the Path of Discipleship is it possible for the esoteric student accurately to surmise what his ray may be. People of all kinds and professions are found on all the rays. **The conflict in a disciple's life is found to lie in the fact that the ray of his soul and the ray of his integrated personality are posed against each other. At the same time, his emotional nature, his mental equipment and his physical brain are also controlled by some one or other of the rays and in this five-fold relationship lies hid much of the problem of the evolving human being.**

C. Introductory Notes by AAB continued in Libra 2025 are now continued in Scorpio:

PART III

As you face this opportunity in a world which is passing through a major crisis, I would like to state that it is necessary for all working brothers and disciples to have three things in mind if they are to work efficiently and as desired.

First: Shown Last month of Libra ...

Second: It is necessary for working disciples at this time to appreciate the immediate emergency. There is a crisis in the affairs of men. This crisis must be viewed in terms of opportunity and not in terms of cataclysm or catastrophe. Just as in the life of an aspirant to discipleship, there comes a life or a series of lives wherein there is direct conflict between the soul and the lower nature, so there is now an analogous crisis upon our planet. The object in both cases is that the soul may assume an increasing control over the form aspect.

Looking at it from another angle, this planetary soul - functioning as a Hierarchy of Masters - is in direct conflict with the forces of evil. It should, however, be borne in mind that those forces also constitute a hierarchy of entities, constituting the material forms and, therefore, in their place, true and correct. It is a question, in reality, of what is the objective in any particular time cycle. The present objective is that the human family should now, as a whole, do three things and anything which militates against this is evil.

1. Manifest the nature of the soul, through the integrated personality. The nature of the soul is love and the will-to-good.

2. Transfer the energy, now turned to the vitalizing of the physical body and physical creation, to the nurturing of the creative faculty upon the mental plane; thus the entire human family will be transmuted into a dynamic, self-conscious, creative agency.

3. Usher in a period of spiritual unfoldment in every kingdom in nature. At the close of this period, the door into the animal kingdom will again be opened and opportunity offered to waiting embryonic souls. Many also, at this time, can take initiation and hence the balancing of forces at either end of the human line of unfoldment. This is to be brought about by the renewed cyclic activity of the Great White Lodge and will be carried forward through the medium of those energies which are ushering in the New Age. This crisis is upon us almost prematurely, owing to the exceedingly rapid advance made by humanity since 1850. Through the driving urge of men themselves, a new realm and a new dimension has been contacted. Humanity has loosed energies hitherto unknown and the effects are of a dual kind, producing both bad as well as good results...

D. PERSONAL INSTRUCTIONS 6 – R. A. J.:

Note 1: Some of the formatting for the Higher SAM Synthesis and Lower SAM Mergration below have been modified from the Aries, Taurus and Gemini Full Moon Report formats. This is to hopefully be

more clear, especially involving the fact that the Monadic Ray is generally not specified in the DINA information by AAB but is in general being hypothesized in the SAM information.

Note 2: It is highly recommended to reread the previous **Virgo 2025 Full Moon Report Addendum 1 on the 'hypothetical generalizations of people who are in the process of integrating their Sycal, Astral, and Mental consciousnesses into an integrated personality or Soma'** for its more detailed information on: 1. The subsequent 'problems that may arise' from integrating our personality (Soma) and fusing it with our soul (Aura). 2. The definitions for the words subconscious, conscious and super-conscious used in these Addendum this year. 3. The two groups of people who are powerfully affected by this 'integrating process' (SAM – Synthesis And Mergration processes). 4. The process of establishing of a definite relation with the soul. 5. The self or therapeutic studies to be made in this new approach to help understanding of these processes. 6. What answers are the goal of this work. 7. How the two words "peace" and "good will" apply to this work. 8. SAM – the way these hypothesizes apply to our color interpretations.

August 1936

The press of work has led to some delay in my writing my personal instructions to you. I realize, however, that you have much real patience and hence have felt no sense of pressure. Those of us who teach from the inner side have usually to deal with two extreme positions where our disciples are concerned. We have to protect ourselves from the importunities of those who are spiritually selfish (oft unconsciously) and over-eager for development and teaching; we have also to stimulate those disciples, who are slow and cautious and doubtful to a more ready and "approaching" attitude. **Those aspirants and disciples, who stand ready to be taught when opportunity offers, ought to continue steadfastly with their work even when apparently there is no inner contact. These disciples offer no strain to the inner teacher and, in the last analysis, make the most progress.**

You have given your life to the craft of teaching and consequently there is now given to you a more expansive view of the underlying purpose of the planetary, educational movement. In this movement, those of you who have some inner vision and who can grasp the magnitude of the Plan to bridge the gap between the higher and lower mind can contribute much to our endeavor, for you can build on mental levels. I am pointing this out, because, for you, this inner mental work is at present essential - a mental work to be carried on in the egoic consciousness. This is neither the consciousness of the concrete levels of the intellect nor the more abstract levels of the intuition. During the next few months the need, for you, is to work at a more instantaneous and definite alignment. To this end, you will find, at the close of this instruction, that I have given you a meditation which makes this alignment its major objective.

Also, in order to clarify your mind in this connection, I am going to ask you to search for all that I may have said regarding alignment in my various books. Will you write them all down and then, after due study of them, will you write a paper on the nature of true alignment. In this way, you will stabilize your own knowledge and serve your co-disciples by bringing to their recollection in unified form all that I may have said. Write out each passage, my brother, in full, gathering them out of the various books and present them in ordered sequence so that the simpler instruction comes first and the more abstruse last.

You might well ask at the start of your personal work with me, what I consider your major requirement at this time. In the equipment of all disciples there is always much that is lacking and a good deal that should be eliminated. It is, however, needless and useless to attack all points at once and, therefore, I say to you at this time that your major need is a speedier and steadier high vibration. Your progress on the Path has been earnest and steady and your life tendency has been directly oriented towards your goal; but your rhythm, or rather, your spiritual heart beat, is slow and this should be speeded up. You must move more quickly on the Path; this will come through a more active mental attitude. **The vibratory rate of the bodies differs. The astral body vibrates more quickly than does the physical, and the mental body has a higher and more rapid vibration than the astral.** It is on the mental plane and in the mind consciousness that you must seek to live. This will enable you (after two or three years' work with me) to "stand in spiritual being," a thing which at this time you only do under strong mental stress and strain, for it is not yet a life habit.

My blessing rests upon you in a new way, e'en though for four years I have interiorly worked with you.

March 1937

The implications of the past year, in your particular case, are not hard to read. There has been a steady unfoldment, and yet at times some real discouragement. There has been a renewing of your determination to press forward at all costs and yet some sense of failure, based largely upon physical fatigue and the pressures of life. No one but yourself guesses how tired you have been at times. There have been a few high moments and a good deal of valley experience, but usually the steady monotony of a career which has become an established habit and in which you long frequently for the manifestation of earlier enthusiasms. This is, however, inevitable and is one of the things which occur to disciples who are truly on the Path. The outer plane life is followed almost automatically, and much of it falls, through habit, below the threshold of consciousness, and produces thereby system, regularity, and good discipline. If this becomes the center of consciousness, there is aridness, a longing for change and for early "excitements" (using that word in its more technical, psychological sense) which would give the sense of reality to the outer work. But this trained responsiveness to environing conditions, leading, as I have said, to right automatic habits of response, should be regarded as a liberation, setting you free for the deepening and the excitation of the inner, subjective life, wherein your center of consciousness will become increasingly focused. I am pointing

this out to you as I feel (while I study your general condition) that this consciousness of release is one which you greatly need. The deep undercurrent of spiritual aspiration and mental attention to the impact of the soul is much needed by you all (SAM – the group of 27 people), and by you especially.

You have worked for some time at the alignment of the personality. This directed attention to the matter must have, and has, produced results, even if you yourself remain unaware of them. Others are conscious of them even if they cannot express to you wherein they sense the change.

To change your meditation is not my intention but I am going to give you seven seed thoughts and will ask you to concentrate upon them in your meditation period. Otherwise keep the meditation the same as earlier indicated. These seven thoughts are as follows:

1st month - The Power of the Soul pours like a steady current through my life. I sense it in my attitude to life, and in the light it brings as it sweeps through all the aspects of my nature. May that power strengthen my will to serve.

2nd month - The Light of the Soul streams forth like a beacon light upon my way; and in that light I see the light in others. I know I travel not alone.

3rd month - The Love of the Soul wells up within my heart; and understanding, pity, love and self-forgetfulness arise. I carry love to all I meet. I meet men's love with love and remember not myself.

4th month - The Joy of the Soul irradiates my life, and lightens all the burdens which those I meet may carry. The Joy of the Lord is my strength, and I develop strength in joy for others.

5th month - The Purity of the Soul acts like a cleansing flood and bathes my lower self in the "waters of purification." The body of desire is rendered pure and clean and strong. I can then become a cleansing force to all I meet.

6th month - The Will of the Soul becomes my will. I know no other. That will is love and peace and power and strength to live. It bears me on. It leads me to the Cross and to the Resurrection. Thus only can I raise and lift my fellowmen.

7th month - The Presence of the Soul abides with me. I walk with God by night and day. I stand with God upon the ways of men; the shadow of His Presence which is the Presence of my soul, reveals the God on every hand, in every man. I see divinity on every hand in every form.

I think that if you ponder upon these thoughts and if you endeavor to incorporate them into the meditation upon alignment which I earlier gave to you, you will gain in power to do God's will. The two aspects of yourself - the aligned personality and the attentive soul - will march towards unity.

I give you no set work to do this time as I would have you carry out the instructions last given. However, if you care to note each month, the significance which may appear to you in your meditation work, you would crystallize your vague reactions and make the power behind these mantric formulas your own.

One word more I would now give to you. Stand steady and know that you are not alone. This group of disciples in my Ashram is not as yet an integrated whole; its personnel is not yet complete; but it does constitute already a harbor of refuge upon the inner planes. The love of your co-disciples is yours. May I also tell you: I, too, "stand by" you in understanding strength.

December 1937

I wonder if you have noticed (and when I say "you" I refer to all the disciples in this ashramic group) that nearly all of you are on the second ray egoically (SAM Auric/Soul 2nd Ray) The reason for this choice of second ray souls to work in this group, is because this ray is pre-eminently the teaching ray, the ray that is sometimes called that of "light-giving influence" or the "ray of the illuminator." The task of all true educators is to bring light to the minds of those they instruct, so that they may walk more securely in the way which leads to the goal for any particular incarnation. It was, therefore, obvious that the major influence, dominating the group, would be that of the second ray. The interesting thing to note, however, is that in practically all the cases it is the soul ray which has this predominating influence. **There are no second ray**

personalities in this group. This requires, consequently, much definitely applied activity on the part of all of you in order to cause its manifested expression.

The next thing to note is that the personality rays are - with one exception - on the line of 1-3-5-7 (SAM – odd numbered line), showing thereby a tendency to preserve balance and to offset the powerfully controlling line of 2-4-6 (SAM – even numbered line). I want this word balance to be much in your minds as you study the work of the Ashram and the group inter-relation. **Only the balanced person can truly meet the need of those entrusted to him to teach or can handle with wisdom the two lines of synthesized force which are brought into conjunction in every teaching process.** These two lines (SAM – odd and even) are the five lines (SAM - Sycal Astral Mental Soma Aura) of energy which compose the teacher's equipment and those which compose the equipment of the one who is to be taught. (SAM – This omits the Monadic line, but gives a summary of all determining energy interactions between people).

In no profession is the attitude of the observer more required than in the teaching profession, and in no profession is the correct handling of one's personal forces of greater importance. This realization will produce automatically two techniques which later we can study in greater detail: the **technique of controlling one's own forces** so that there can be no undue or dangerous pressure, and the **technique of employing pressure correctly** so as to evoke response in the one being taught. This constitutes a definite science and we shall deal with it as we proceed with our study.

One of the things which I seek to do today is to give you an analysis of the rays which determine your personality equipment so that you can balance your development to the best possible advantage, and know with what forces you can work. Another point also will emerge in time and that is the nature of the adjustment you will have to make to relate yourself to your co-disciples. These adjustments will be along the lines of innate predispositions and their utilization to the best advantage in order to bring about an understanding which will lead to good and creative activity.

Then I will give you and all in my group a meditation which will aid you in balancing your problem of interior ray inter-relation and, in this way, we shall gather together some ray meditations which may prove of value not only to yourself but to others, if used with due care. This is a thing which I have long wanted to do.

It is known to you that your major rays are the second (Egoic/Auric/Soul) and the seventh (Personality/Soma). The latter gives to you, if you can but understand it and choose to use it rightly, the power to take the light which is in you and in the pupil, and apply it to the enlightening of physical plane living, for the seventh ray is the ray controlling spirit-matter relationships.

Your mental ray is that of the fourth, the Ray of Harmony through Conflict, of beauty through order, and of unity through understanding. This, being on the line of your soul ray, will tend to bring about rapid contact with the soul, via the mind, if you apply yourself with diligence to the task involved. Your whole life problem is, therefore, that of relationships, both within yourself and in your chosen field of service. This is naturally true of all, but your particular battlefield in this connection lies in the reconciling of the forces warring within your own nature and in your particular environment. It is not the Kurukshetra of the "pairs of opposites," wherein Arjuna sits in the middle and seeks to balance the warring forces. It is the battlefield of higher relations—those between the soul and the personality, and between what you are in this life and the environment in which you find your chosen field of service. Your personal release lies in the production of harmony through conflict, and your best technique is to produce this harmonizing influence within your environment as the result of your inner conflict, silently waged in the shrine of the mind.

Your astral or emotional body is on the sixth ray, so that again you have a line of force direct from the soul. In your case, this sixth ray energy shows itself predominantly as devotion to duty as realized, and to responsibility as recognized, and not so much in devotion to persons or even ideals. This has constituted a paramount balancing factor in your life.

Your problem will appear more clearly to you when I tell you that the ray of your physical body is the second.

- | | |
|---|--|
| 1. The soul (Aura) ray - | the second Ray of Love-Wisdom. |
| 2. The personality (Soma) ray - | the seventh Ray of Ceremonial Order. |
| 3. The ray of the mind (Mental) - | the fourth Ray of Harmony through Conflict. |
| 4. The ray of the astral body (Astral) - | the sixth Ray of Devotion and Idealism. |
| 5. The ray of the physical body (Sycal) - | the second Ray of Love-Wisdom. |
| 6. The ray of the Monadic vehicle (Monad) - | the second Ray of Love-wisdom – hypothetically SAM |

1. Your soul (Aura) second Ray energy seeks expression through the 2nd Ray Physical (Sycal) Body, 6th Ray Astral body, and 4th Ray Mental body – SAM.

2. Your personality (Soma) seventh Ray force – wants to come through the physical body (Sycal) - SAM.

This means that your entire equipment is along the second ray line of force and, therefore, much wise balancing is required. But how can this be done? And along what line of difficulty will the problem, which this situation brings about, be expected to emerge? I wonder if I can make it clear to you by pointing out that as the vehicles of the lower nature are on the same line as the soul influence, two difficulties will be present and should be recognized:

1. The influence of the ego or soul will come so easily at your particular point in evolution that the chances are that you will not recognize it; its vibration will be similar to the accustomed notes of your various bodies. You have, therefore, to train yourself in the art of differentiation so that you can recognize at will the various tones of your three bodies and can easily distinguish when there is present the tone of the soul, and react to its note or vibration. The secret of the power to distinguish the nuances of any particular line (such as your predominating line of 2-4-6) is through an increasing, planned sensitivity.

2. Where all lines of influences are related and similar, there will always be a tendency to negativity and a failure (except in moments of emergency) to assume a positive attitude - particularly towards the soul. What is needed in your case is more of the positive vibration of the first ray line of force, and to this line your seventh ray personality is the only open door. The inauguration of a regime of the power aspect of love would greatly help you. The understanding, identifying aspects of love are yours in great measure; much will come to you however if you use the will aspect of love through the medium of your seventh ray personality. I do not here refer to the will-to-love, my brother. That you have. I refer to the power-to-love and, through love intelligently and powerfully applied, to evoke right conditions in your environment. I would have you ponder on this and do the following first ray meditation....

Go forth to the day's work expecting and looking for the results of this first ray meditation. Know that those results are assured just as long as you can "stand with power in spiritual being."

August 1938

It is not my intent to do more than to give you a few brief words, a suggested meditation and a short elucidation of certain words which should embody for you your personality goal. You have so much study, and life today is so intense and full that a multitude of words might fall on ears stunned by the noise and glamour of our modern world.

You have had a year of strain, interior strain predominantly. I believe you realize that you are the better for it. **Only in the stress of circumstances can the full power of the soul be evoked. Such is the law.** The coming year may show but little relief or lessening of the strain but you are (interiorly again) far better equipped to handle it.

A word upon which I seek to lay stress is alignment. You need to develop a straight and direct contact between soul and brain for that is the distinctive feature in all disciples of experience. You have already brought about an alignment between the mind and the brain. The higher needed alignment has been much bettered and you need not work so hard now at developing that capacity. You need, however, to employ the line of force which you have succeeded in establishing between the soul and the personality with greater frequency and more facility. The result of this would be that the significance of two other words would become apparent and you would radiate light and love and become increasingly an inspiration to others. This second word, radiation, should form the key of your life until next I instruct you. The peculiar type of radiation which I want you to endeavor to express is that light which reaches others upon the wings of joy.

I would remind you here that happiness is the result of achieved personality desire; joy is the expression of the soul's surety, whilst bliss is the consummation which the monad bestows upon the initiate.

Prior to your group meditation, I would have you do the following brief spiritual exercise - as the Christian mystics call it:

1. Sound the O.M. three times as a personality, achieving alignment; then sound it three times as the soul, conferring inspiration.
2. Then, focusing yourself at as high a point as possible and using the creative imagination to your fullest capacity, see the radiation of love as light pouring from the soul and raying forth as a mental influence to others, as an emotional benediction to others, and as vital life in your aura and physical presence.
3. Sound the O.M. again three times as an integrated personality and soul, fused and blended into one.

My blessing rests upon you.

January 1939

You have one glamour, my brother, which to you is well known. I will not give it a name for that is needless, and you will know whereof I speak. It is allied to fear and tunes you in on that potent and well developed world glamour. It is connected with your astral body and your emotional desire nature. It is very potent and of long persistence, constituting therefore, a powerful thought habit. **Live as if it existed not.** As you seek to function as a soul and to act as from soul levels, you will learn that things which are potent and apparent in your personality consciousness are in fact non-existent; they enter not into the consciousness of the soul. You will know to what I refer. I would, using a phrase with a modern significance, advise you "to forget" this glamour once and for all. Let not this glamour limit the impression which you are in a position to make as you serve within your particular sphere of usefulness. Be not discouraged (which is an aspect of your particular glamour) at failing to see the results (in this life) of the conditioning which you are imposing on other lives. Remember, as a disciple, that in this life you are establishing those relations which may not manifest in their true importance until you - as a Master - gather around you your group for instruction; you are preparing for service many lives hence.

You are entering with renewed strength and vigor into the coming winter's work. Like many today, relief and release appear to lie in concentration upon your life-appointed task; in the performance and the perfection of duty is to be found a sense of contributing to the assuagement of the world need. Nevertheless, that does not suffice for a disciple, as you will have discovered; yet it constitutes for you a problem.

In teaching you, I seek to do three things:

1. Give training in the initial steps of technical discipleship so that a good foundation of knowledge in preparation for initiation is laid for future use.
2. Stimulate you to such an extent that the inner urge to express the spiritual reality (which is your true self) may overcome all the inertia which holds you down - as it does so many - to a restricted spiritual expression.
3. Integrate you more closely into the group life. **I would remind you that in this group (if it is to be a true nucleus of the group life of the future) the disciple must recognize that it is the united group thinking, the unified group desire and the blended group activity which conditions its expression.** This, in its turn, is the manifestation of the simultaneity and the synthesis produced by the sum total of the similar thoughts, desires and plans of the majority. It is for this reason, therefore, that I give you your instructions, in the hope that they may pronouncedly condition the group thinking and in this way produce the needed subjective changes.

I have told you that you were establishing those relations which may later manifest. I wonder if you are proceeding in any way consciously to do so? These relations are of a nature different to those existing between you and your associates in your chosen field of work or between you and your group brothers. A disciple and later the initiate of some degree or other - from the highest to the lowest - has a twofold relation to establish and to hold:

1. With those of like degree with whom he is associated in the work. Then their united relation enables them (as a result of their group unity) to be en rapport with levels of consciousness and of activities higher than their own. This is, therefore, a group relation, dependent upon the established inter-relation of group members.

2. With those to whom he is related karmically; or by his own choice which may not be karmic at all but a newly instituted decision; or by the choice of others opening to him avenues of contacts which he, himself, working alone, would never have made but which are the result of the drawing power of the group soul.

It will be of real value to you particularly to attempt to distinguish between these relations; to recognize and regulate those relations which are unavoidable and which are those definitely emerging from the past. **These cannot be evaded and frequently constitute - through their interplay in the life of the disciple - a major life problem.** The inter-relation between a disciple and the Ashram has also to be handled intelligently by him so that, by the subjective interplay, group fusion may proceed without hindrance and with dispatch. It is here that I would like to see closer integration and keener interest on your part. Your group attitude to your group brothers is somewhat negative, is it not? A more positive contact would be desirable.

I do not here refer to a personality contact such as the word "friendship" connotes but to an outgoing on your part to them and a receiving from them which is the higher spiritual connotation of the trite words "give and take." What do you give the group? What do you take from the group? Unless both exist there is no free circulation of the united thought and desire to which I referred above. Where these do not exist there is apt to be obstruction and blocking. It happens automatically without intention and is the result of a particular state of consciousness. This "gentle, unrecognized withdrawing" (as it has been termed) has its basis in many things. It can be a mode of self-protection, necessitated by long years of extreme sensitivity; this eventually must give place to the guarding of the group interests. It may be the result of shyness and of an inarticulate nature which longs and seeks for the companionship of the Way but knows not how to bring it into functioning process. It may be the result of a critical nature, for it is the critical mind which separates and divides, as you well know. It may again be caused by a habit of loneliness, induced by inherent natural tendencies, or by executive position and the circumstances of the individual life, or by sorrow or shock in early life experience. This must be balanced by an outgoing on the part of the soul which then shifts the whole problem of relations to a higher level of contact and brings release and the power to communicate, which is the hallmark of group life.

I would ask you to consider these thoughts with care and to ponder upon the establishment of group relations and their recognition in your brain consciousness, for it is your problem in connection with the group of which you are a part. To the exoteric relation must be added the inner. This I think you know. Such a contact should be relatively easy for you as you have four rays out of the seven active in your nature and because those rays which are apt to produce separative attitudes in the early stages of expression (the first, third, and fifth) are lacking in this incarnation.

I wonder, my brother, if you have noted the relation which exists between joy and radiation - two key words which I gave you years ago for your guidance? Radiation is a tangible substance and potency, producing effects. **Your radiation or "quality of effective auric contact" (SAM – can be worked with consciously as suggested with SAMfume use in relation with our new Color Consultations) is recognized and evokes reaction upon the objective plane in your immediate environment and by those who contact you.** It is the subjective, consciously focused radiation to which I here call attention. This should produce effects without physical contact, and this should constitute your joyful service. Joy is the most powerful impulse behind the right kind of radiation.

I would ask you: How does a Master reach his group of disciples? Through direct radiation. It is the basis of all telepathic communication, group interplay, and potent usefulness.

As an exercise to foster this desirable process of effective radiation, I would ask you for the next few months to endeavor to reach two of your group brothers through directed thought, joy and outgoing love. Choose any two you like and seek to establish contact. I would suggest two that you do not know personally, if possible, for that will make the exercise more directly useful, and, therefore, constitute a more adequate test.... There is need for some physical care, brother of mine, and also for the cultivation of a

trained poise. Much you already have as training, but much will be demanded of you in the coming months and for this you must be prepared. Your life quality in expression is good. Intensification is all you need.

AAB FINAL COMMENT NOTE:

This disciple is still actively cooperating with the Tibetan.

SAM Synthesis And Mergration Consultation and Interpretation Notes:

A. SAM Synthesis Interpretation Notes: There is a lot to note, however, this will be done only briefly and left to the rest of the group to carry further what has been said above and these brief comments to determine how this may relate to our own lives and our color readings.

1. Monad 'Hypothetical' Blue - 2nd Ray considered due to their indicated 'education' in working with group members and the emphasis on Education.
2. Aura Orange - 2nd Ray considered Lovingly-Wise ability to work out Auric, Karmic and Soul relationships.
3. Soma Violet - 7th Ray considered as a person striving for Ceremonial Order in life of the integrated personality.
4. Mental Indigo - 4th Ray considered a person who is mentally implementing intuition to resolve conflicts.
5. Astral Indigo - 6th Ray considered also a person who is Devoted emotionally on the path forward.
6. Sycal Orange - 2nd Ray considered a person who is physically incorporating Love-wisdom in their life.
7. The Higher Equilibrium relationship of Blue Monad over Orange Aura produces a Blue Brown of a person striving for the Green path of harmony or the Violet path of balance on the higher levels of being. This is hypothesized due to the Monadic love searching for Monadic group relationships influenced by a Lovingly-Wise Auric Soul.
8. The Lower Equilibrium relationship of the Orange Aura over the Violet Soma considered as a loving soul personality with still some balancing to work out through the Red path of needs or principals, the Violet path of balance, the Orange path of love or the Green path of harmony.
9. The Hypothetical Soul-Union relationship of Blue Monad with the Violet Soma or Indigo is considered the real Soul-Union of a united and highest Indigo or intuition.
10. The Synthesis is the Indigo of the Soul-Union plus the Orange of the Aura which indicates either the Green path of Harmony through Conflict, the Orange path of Love-wisdom, the Violet path of balance or the Red path of needs or principals on Sycal, Astral or Mental levels.
 1. A synthetic and more intuitional Indigo confusion of the person's being which can be 'capped' by the 'immature Love-wisdom of the Soul' Orange if the Soul is made the 'Goal' of Love-wisdom instead of going higher on to the Monadic Love of Truth.
 2. However, the Soul-Union could be 'capped' by the 'Love-wisdom of the Soul' Orange if the Soul is made the 'Goal' instead of going higher on to the Monad and Soul-Union highest intuition and spiritual perception.
 3. Much more could be said but for us, SAM, the insights lay in the four paths of the Synthesis, working through the three lower vehicles (Sycal Astral Mental) and the personality (Soma).

B. SAM Mergration Interpretation Notes:

1. Mental Indigo - 4th Ray considered a intelligent and sensitive movement towards intuitive understanding.
2. Astral Indigo - 6th Ray considered desire for karmic/Auric or higher Intuition.
3. Sycal Orange - 2nd Ray considered Lovingly-Wise and connected to the personality.
4. Higher Balance relationship of Indigo/Indigo which forms Indigo and another search for the highest or best intuitive insights.
5. Lower Balance relationship of Indigo/Orange which forms Red Brown if the higher Auric soul is influencing and again the appropriate path of Violet, Red, Green or Orange is used through the Astral into the physical Sycal vehicle.
6. Soma-Union (union of Mental and Sycal) Indigo + Orange = Red Brown in a search for intelligent sensitive love through the various paths available.
7. Mergration of Astral Indigo over the Red Brown of the Soma-Union forming Violet Brown of a person who could, if they can successfully use either the path of Red, Violet, Green or Orange, be guided

by a lovingly-wise Aura and impulsed by a Truthfully Loving Monad become a significant group member.

SAM FINAL COMMENT NOTE ON ADDENDUM 1:

Hopefully everyone can see and focus on the Divine beauty, harmony, dance and game (Lila), symphony, intelligence, glory, universality, mystery, science, order, evolution, progressions, hierarchies, etc. in these concepts, hypothesizes, theories, realities, teachings, techniques, methods, insights, impressions, intuitions, thoughts, 'Kama-manas' (emotional thought forms), sensations, kingdoms, realms, etc. and increase their usefulness in our lives and increase the usefulness of our lives.

Conclusion (at this point) on ADDENDUM 1:

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
