

**Full Moon of Taurus, Second Full Moon of this Astrological Year, on Tuesday, April 27, 2021 at 16:31:01 in Romania:**

The main Keynote or phrase to consider for all Taurus Full Moons (each year): **“I see and when the Eye is opened, all is light.”** The Taurus Full Moon Keynote of Light each year is: **“The penetrating Light of the Path.”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. The main Ray energy of Taurus is Ray 1. So, Taurus has a main energy of Will and Power. It is a recommendation to consider the Taurus Keynotes as Ray 1 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining energy affects us. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us in the group. This is explained and expanded upon from Esoteric Astrology in general in Addendum 1 from last month's Aries Full Moon report and for the constellation Taurus in the Addendum below.

**A. Notes on this coming Full Moon of April/Taurus:**

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 1 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the second of twelve Full Moons of this Astrological year** and is the second of three 'Building Consciousness and Energy' full moons of this astrological year. The energy which is built during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will later be distributed over the remaining nine Full Moons of the astrological year, which is also called the 'lower interlude'.
- 3. Addendum 1 from last month's Full Moon report of Aries gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the third Astrological Year of this group formation and the group's beginning functioning.
- 4. The Addendum below will give this month's expansion of how the qualifying energies of the monthly astrological sign, Taurus,** and the determining or ruling energies of the Rays coming through this sign and the planetary rulers may be effecting us and how to respond to the various opportunities these energies present to our group including each individual.

**B. Notes and Activities on or since the last Full Moon Mars/Aries:**

- 1. SuryaAngel meditated at the time of the full moon with Safi. We had what we consider was an energetic meditation and a positive start to this new astrological year's cycle.**
- 2. Surya, Angel are talking with 2023 Timisoara Cultural Capital office about a cooperative event possibly named 'SAMatate'** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian's or other groups for the Cultural Capital celebrations rescheduled to 2023. We are organizing information for possibly submitting an application or by possibly joining in the Asociatia Cries project next year in 2022 and for the main event in 2023.
- 3. The 'Group Central Pillar Crystal'** and your personally reserved Monadic Manifestation Group crystals are available to group members to come and meditate.
- 4. Poppy research at BioFarmland (BFL)** at Virginia's suggestion. Another April 2021 planting is being done.
- 5. Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. Discussions are moving forward.

**C. Previous Activities Archive:**

- 1. Hemp** for cooperative research at BioFarmland (BFL) during 2018 to 2020.

**D. General Notes and considerations about the group, cycles, meditation and information flow:**

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2021 continues the new seven year cycle started last year.** The final major group 'impact' has been made last year prior to the next 100 year 'impulse' which happens during 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes and Group Festival Weeks provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps inflowing and outflowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
  - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
  - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
  - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

#### Addendum:

#### Taurus the Bull constellation hypothesizes and considerations from EA:

We will be just providing a few of the highlights of what is written in EA on the hypothesis and considerations for each constellation. These are not meant to be conclusive or to 'close in' on an understanding of a constellation and it's relationship to the Rays but rather to 'open up' our consciousness to possible greater awareness.

It might be here pointed out that just as the Aquarian Age is coming into manifestation for our planet as a whole, bringing in its wake universal awareness and the new modes of expressing world synthesis, human interests and the world religion, so humanity, the world disciple, is beginning to come under the influence of Taurus. It is this influence which will bring about at this time the reversal of the wheel of life for those in the human family who are ready (and their numbers are now very great). This is happening and the results are inevitable and cannot be evaded. The great question is: Will this Taurian influence, increased as it is by the incoming divinely purposeful forces, produce the floodlight of illumination of which Taurus is the custodian, or will it simply foment desire, increase selfishness and bring humanity to the "fiery heights of self-interest" instead of to the mountain of vision and initiation?

As you will see when we study the analysis of this sign and come to a consideration of its rulers, Taurus forges the instruments of constructive living or of destruction; it forges the chains which bind or creates the key which unlocks the mystery of life; it is this forging process, with its consequent clamor, which is going on at this time in a most potent manner.

He it is who is forging the way for the coming Master Who will - at the right moment - come forth, embodying in Himself the Will of God which is the divine will-to-good, to peace through understanding, and to right relations between men and between nations.

The Taurian influence must now be regarded as being of exceeding potency today, particularly from the angle of the subjective spiritual values; it is Taurus which is the ruler and the guiding influence of that which is occurring everywhere.

I would like here to call your attention to the fact that this sign is a synthetic sign in the sense that it brings expression of an inner urge of some definite nature upon the physical plane. This it does, because its basic

quality demonstrates as *desire* in the mass of men and as *will* or directed purpose in the disciple or the initiate. It manifests as stubbornness in the average man (and this is literally willful adherence to personality aims) or as intelligently expressed will - actuated by the impulse of love - in the advanced man. This connotes adherence to soul purpose. People who are Taurians naturally and by natal inclination would do well to consider this statement and thus test all their major determining activities by the question: Is my present attitude, my work or intention actuated by personality desire or am I working and planning directly under soul urge and incentive?

Owing to the world glamour, the true purpose and ideal set before our planetary forces by the all-creating Will becomes distorted by many people. They are not polarized in the divine will but are as yet centered in their personalities and hence only the few appreciate the beauty of the intended group life, group purpose and group fusion. Group living tends to the fulfillment of free will in service and a free subordination of the lower will to the higher purpose in group formation. Through the glamour contacted, however, this group activity and life becomes twisted into the imposed will and the concept of the super-state. This produces the imprisonment of the mind and the curtailment of all freedom, all free thought and free will. The man becomes the captive of the man-made state. This gives a clue to much that is happening today and to the headstrong progress of the glamoured peoples, to the stiffening of individuals in their separative, wrong idealisms and to their acceptance of the imposition of a rule of life and an order of living which is imposed upon them by force and which is not the free expression of a free people.

The same force, secondly, brings to other peoples and individuals a measure of illumination - an illumination which reveals the underlying synthesis, which indicates the dualism which must finally vanish and which indicates also the secret of right human relations. One reaction produces the onward rush of the materialistic systems of life, thought and desire, dashing blindly forward in the force of their own momentum and producing a stage of powerful expression and active movement; the other demonstrates in a far vision of possibility and a steady movement forward in spite of the immediate dangers and difficulties.

The Bull, therefore, in expression is dual. Today we see the willful dash of the lower nature of humanity, embodied in the forces of aggression, and the purposeful progress of those people and peoples who seek, even if without full understanding, to work out the plans of God, proceeding in spite of each other. That is as far as the evolutionary processes have yet taken humanity and hence the critical situation now to be found. The question is: Will the Bull of desire or the Bull of divine illumined expression succeed?

This sign is an earth sign and hence the working out of the Plan or the fulfillment of desire must be carried out upon the outer plane of living. This will or desire must express itself in the plane of outer living and in the environment whether it is the environment of an individual man, of a nation or of a group of nations.

As you know, astrologers have long pointed out that this sign concerns the physical body among other factors, and the health or wholeness of the body is closely connected with the expression of past desire or of present idealism and this is a point to be borne in mind. Today, the cure or care of the physical body is of paramount importance to practically everybody and the thoughts of all peoples without exception, whether at war or not, are turned that way. The emphasis upon the *wholeness* of the individual physical life is symbolic of the outer body of humanity, viewing all human beings as a unit.

Again, gold is the symbol which today governs man's desires whether national, economic or religious; it is connected with this sign and this is one of the indications that today the conflict in the world economic situation is based upon the upwelling of desire. In an esoteric way, therefore - quoting from a very ancient book of prophecy:

"The golden eye of Taurus points the way to those who likewise see. That which is gold will some day, too, respond, passing from East to West in that dire time when the urge to gather gold shall rule the lower half (i.e., the personality aspect of men and of nations - A.A.B.). The search for gold, the search for golden light divine, directs the Bull of Life, the Bull of Form. These two must meet; and meeting, clash. Thus vanishes the gold..."

This sign Taurus is, therefore, the eleventh sign upon the ordinary wheel of exoteric emphasis and life, preceding each new cycle of incarnated expression. As the individual descends into incarnation and when he takes an astral shell, he definitely comes into a Taurian cycle, for it is desire which impels to rebirth and it takes the potency of Taurus to bring this about. As this subject concerns the astrology of the astral vehicle we will not deal with it further for that is a phase of research for which humanity is not yet ready.

This sign is also the second subjective sign (the way our group is considering the progression of constellations - SuryaAngel) on the reversed wheel, preparatory to the conscious recognition of the right relation of the dualities in Gemini (next month's astrological sign). Ponder on this. In this sign we have consequently the following qualities or aspects in juxtaposition:

1. Desire—leading to aspiration upon the reversed wheel.
2. Blindness—leading eventually to sight.
3. Darkness—leading finally to light.
4. Death—leading at last to liberation.

In the last analysis, we come back to the eternal dualities, leading as they ever do to the interplay of the polar opposites, to the cyclic ebb and flow of the inner life and the outer periphery of expression, and to that attraction and repulsion which leads to a steady shift of the attracting force to an ever higher and wider appeal. It is the secret of eventual synthesis, which is the final illumination, seen through the eye of Taurus. It is for this reason that this sign is regarded as being one of universal movement, of great and constant activity under the impulse of material desire or the urge of the divine will, when recognized and sensed.

You might here ask why I deal here with these abstractions? I would reply, that in your effort to understand and to grasp the truth which lies beyond your reason (even when regarding it as a hypothesis hereto unproven) you are gradually developing an aspect of your mind which is much needed in the processes of realization, and which must be called into effective service during initiation. Such an effort is needed if true understanding is to occur; initiation is the demonstration of intuitive understanding put to practical expression.

It will be apparent to you that a whole new field of study will open before the astrologers of the New Age and fresh light on this greatest of all sciences will be available when the investigator can determine the relative age of the person or of the group whose destiny is to be determined and whose horoscope is being cast.

It is a dangerous sign because the destructive aspects are so easily over-emphasized and so intelligently applied to circumstance that the career of the Bull can be both destructive within its field of contacts and at the same time self-destroying until such time that self-will or selfish desire is tempered by aspiration. Aspiration eventually gives place to intelligent activity and the acceptance of the will emanating from the spiritual Center of life. This leads to cooperation with the Plan in the fullest sense and the end of individual self-centeredness. Temper, which is so characteristic of the Bull, must give place to directed spiritual energy, for temper is but energy run wild in the interests of the personality; blindness (for the Bull is blind for much of its career) must give place to vision and the right focus of the sight and this will finally dispel the self-engendered illusions and glammers of the aspirant; self-pity, which is the effect of a constant concentration on the frustration of desire in the personality life, must be succeeded by compassion for all humanity, and this must be developed into the selfless service of the salvaging initiate. The task of the Taurian is a hard one for he embodies in himself, to a marked degree, outstanding limitations as regards the processes of spiritual evolution; there are, however, no insuperable difficulties and the liberated Taurian is ever a constructive, planning, creative, forward-moving force; such men are greatly needed in these serious days of re-adjustment and strain.

### **Conclusion (at this point):**

May we consider together entering into that higher state of (group/soul) 'bewilderment' from our lower state of personal certitude.
