

Full Moon of Taurus, Second Full Moon of this Astrological Year, on Friday, May 5, 2023 at 20:33:50 in Romania:

The main Keynote or phrase to consider for all Taurus Full Moons (each year): **“I see and when the Eye is opened, all is light.”** The Taurus Full Moon Keynote of Light each year is: **“The penetrating Light of the Path. (Hint : This is a beam of light, streaming forth from the point in Aries, and revealing the area of light control.)”** Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Taurus is Ray 1.** So, Taurus has a main energy of Will, Power, and Direction and is many times active in Business and Politics. It is a recommendation to consider the Taurus Keynotes as Ray 1 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021). This year we are adding information on how each constellation works as a Triangle in what are called the Astrological or Galactic Triangles. Addendum 1 from the last Aries Full Moon report (from April 2023) is a general introduction about the triangles formed with the 12 Astrological signs and other more distant stars and galactic constellations, taken from EA. Addendum 1, below, relates specifically to Taurus and how it fits into the galactic triangles. Taurus is the second sign of the Astrological year and the second of the three building energy and consciousness Full Moons of the year. It helps continue to expand the higher building cycle for the astrological year of Aries, Taurus, and Gemini (April, May, and June). Addendum 3 from the last Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms.

A. Notes on this coming Full Moon of May/Taurus:

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 1 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the second of twelve Full Moons of this Astrological year** and is the second of the three different ‘Building Consciousness and Energy’ full moons of this astrological year. The energy which is built and gathered during these first three ‘Building’ Full Moons at the beginning of the astrological year, which is also called the ‘higher interlude’, will then be distributed over the last nine Full Moons during the end of the astrological year, which is also called the ‘lower interlude’.
- 3. Addendum 1 from the Full Moon report of Aries (from April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the fifth Astrological Year of this group formation and the group’s beginning functioning.
- 4. Addendum 1 below** relates specifically to Taurus and how it fits into the galactic triangles. taken from EA.
- 5. This Full Moon** in Taurus will also be a partial lunar eclipse which should be considered energetically in relationship to the group.
- 6. The new 2023-4 astrological year Annual Keynote is,** “LET THE GROUP AFFIRM THE WILL AS AN EXPRESSION OF THE LAW OF SACRIFICE.”

B. Notes and Activities on or since the last Full Moon April/Aries:

- 1. SuonAngelMiriam meditated at the time of the new and full moon together with Safi (when she wanted). We had what we consider** strong meditations of positive building of this astrological year’s continuing of the Higher Interlude.
- 2. SuonAngel are talking with 2023 Timisoara Cultural Capital office about a cooperative event possibly named ‘SAMatate’** between Favisan, BFL/SolarCity (The Natural Way Assoc. - TNWA), the Hemp Museum, SAM2013 and possibly Anatacor and Aurellian’s or other groups for the Cultural Capital celebrations rescheduled to 2023.

Rather than joining with the Asociatia cries project we have, through the Hemp Museum in Timisoara, helped submit an application for a smaller 3 day project called "Atelierele Copilariei" (the Childhood workshops). This was submitted in January as part of the Opening TM 2023 projects to be unfolded in February 2023. The review of the project was at the end of January and the project has been rejected. This is the first of possible many calls for cultural projects this year in Timisoara so we are still keeping connected with the updates from TM 2023. Anyone who wants to read the project application please let us know. We will provide more details as they become available. This project is based on some of the new contacts from our attending the previous functions below and in talks with Leontina.

SuonAngelMiriam attended a one day conference: "Socio-Economico-Cultural Rebirth of the Romanian Village" Conference, Date: 19 th Nov 2022, Location: Zimand Cuz, jud Arad with the guest speaker Dr. Avram Fitiu. If anyone would like a copy of our report on the meeting let us know. We also attended a book signing in Bucharest on December 10, 2022 by Calin Georgescu of his new book, "The Great Rebirth: Truth, Freedom, Sovereignty, The Exit from the Matrix". If anyone is interested in borrowing the book or in the details of the book release and how it relates socially, culturally or politically to the conference on November 19th please let us know. We also attended a Hemp fair in Bucharest on December 11, 2022 and learned more about the current legal and commercial aspects of the hemp industry in Romania through the Asociatia patronala Planta Romanica. The chair person at the head of this association also knows Virginia and we are studying more of how these organizations are and can more effectively, efficiently and cooperatively work together. Newer updates will be coming as we begin this next astrological year.

3. **The Group Central Pillar Crystals** and the Esoteric and Occult crystal sets are now finalized along with any rearranging of the other crystals of the set for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into group consciousness (see previous photo from March 2022 Pisces report). **Of three new 'Circumcentral' crystals two are still on a Lay-Away plan** to be here by the Summer Solstice of 2025 for the Hierarchical Group Impulse year of 2025 and the first should be here before this coming Full Moon (see photo below).
4. **Poppy research at BioFarmland (BFL)** at Virginia's suggestion. New organic seeds have arrived and were planted in October 2022 for the 2023 spring season. Some seeds appeared to be sprouting in April but did not grow now into May.
5. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economico-Cultural Rebirth of the Romanian Village" conference in Item 2 above.
6. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. An initial estimate to get a small workshop space built on her land, for materials with mainly voluntary labor or construction, is 3,000 Euros.

Leontina has created the Sopronul Cultural (The Cultural Shack) which is a roof on the spot where people camped last time and where she is holding events together with Pamantul Stramosesc. She has organized there markets, courses for children, seeds exchanges, concerts, etc. The idea of the cultural space for the moment has moved there and she is focused on Pamantul Stramosesc where she is a founder member together with Calin Georgescu. There was an event now with the occasion of 1st of May, held at the Sopronul Cultural together with Pamantul Stramosesc which consisted of a Plama and Plasmatic water making and another of hemp soap making.

Following the event all present together with Leontina discussed about the possibility of building a geodesic dome structure, 9 meters in diametre and 4.5 meters high, as a protected space for the Sopronul Cultural workshops, courses etc. For the moment the period agreed upon for the beginning of the structure is the end of July, exact dates following to be settled together with Pamantul Stramosesc. Anyone who is interested in helping the bulding of this structure please contact us or Leontina directly.

7. **SuonAngelMiriam have met personally with Georghe Piperea** and joined his class action law suit against the constitutionality of mandates which is moving forward as discussed in the Full Moon cover letter for Capricorn (2021). September 2022 hearing produced a change in how and who the

law suit will be claiming as the defendants and is continuing. Recent meetings at Singfest in September and December 2022. Let us know if you have additional comments or questions. Next meetings are scheduled for June 2023 at Singfest 2023.

8. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, etc.
9. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesise Tri-Level Color Set as liquids. Updated at meetings in September and October 2022, continuing with Virginia's Certified Herbal and Aroma Therapy courses #1 and now #2 which started in March 2023 and possible meeting at EsotericFest in Spring 2023 (also see Item #2 above).
10. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know.
11. **We participated in Remus' course about Stress Management** held through anatecor which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and Anatecor organized for the professor Mircea Stefea who passed recently.
12. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
13. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair and planned now for 2023 also.

C. Previous Activities Archive:

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.

D. General Notes and considerations about the group, cycles, meditation and information flow:

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2023 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens during 2025.

3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that**, from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps inflowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestions, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
 - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
 - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
 - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
 - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
 - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

Addendum 1: Taurus, The Bull, constellation hypothesizes and considerations on the Galactic Triangles from EA:

TAURUS, THE BULL:

...Each of these three signs is related to one of these three aspects of divine life:

1. Taurus—animal kingdom—law—natural law.
2. Libra—vegetable kingdom—sex—natural affinity.
3. Capricorn—mineral kingdom—money—concrete expression of the Law of Supply,

and all these form a triangle with Libra at the apex and dominating...

...When the human being is manifest but is not yet truly manifested, the triangles which symbolise this manifestation are the two eyes and the third eye:

1. The right eye—the eye of buddhi, of wisdom and of vision.
2. The left eye—the eye of mind, of the commonsense and of sight.
3. The eye of Shiva—the all-seeing eye, the eye which directs the will and purposes of Deity.

These three are, in reality,

1. The eye of the Father—carrying light from the Great Bear.
2. The eye of the Son—carrying light from Sirius.
3. The eye of the Mother—carrying light from the Pleiades.

and it is this latter "light energy" which is necessarily peculiarity active when the sign of Taurus is dominant in any planetary and individual horoscope...

... Another group of energies can be touched upon though any true elucidation is not possible. They concern the focussed energies of the seven solar systems of which ours is one. These energies (six in number) reach our solar system, via the constellations Taurus and Scorpio and the planet Mars...

IV. SIX SYSTEMS Working through

... Five constellations are not so intimately concerned with the mass human crises but are more definitely and specifically related to the unfoldment of the individual disciple. These are: Sagittarius, Libra, Taurus, Pisces and Aquarius...

... In connection with the five constellations which are peculiarly active in the life of the advanced disciple and initiate, the influences fall into two triangles of force, because Leo—focussing the energy of the seven constellations—is included, thus linking the self-conscious aspect with the spirit:..

Shirk not these crises, hard and difficult though they may appear to be. Difficult they are. Forget not that the habit of confronting crises is a long-established one within the consciousness of humanity. Man has the "habit of crisis," if I may so call it. They are only the points of examination as to strength, purpose, purity and motive and the intent of the soul. They evoke confidence when surmounted and produce greatly expanded vision. They foster compassion and understanding, for the pain and inner conflict they have engendered is never forgotten, for they draw upon the resources of the heart. They release the light of wisdom within the field of knowledge and the world is thereby enriched.

Conclusion (at this point):

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
