

**Full Moon of Taurus, second Full Moon of this Astrological Year, on Monday, May 12, 2025, at 18:55:55 in Romania:**

The main Keynote or phrase to consider for all Taurus Full Moons (each year): **“I see and when the Eye is opened, all is light.”** The Taurus Full Moon Keynote of Light each year is: **“The penetrating Light of the Path.”** (Hint: **This is a beam of light, streaming forth from the point in Aries, and revealing the area of light control.**)” Consider the Keynotes at, or as close to, the time of the Full Moon as possible and what it might mean as a Group. Each of the constellations also have at least one, but also as many as five, Ray determining energies by which they rule and of which they rule. **The main Ray energy of Taurus is Ray 1.** So, Taurus is considered to have main energies of Will and Power (as used in business) or what is considered as Direction or Sacrifice. It is a recommendation to consider the Taurus Keynotes as Ray 1 Keynotes. This is a direct correspondence to the information of our Color Consultations and the way this same Ray determining affects us individually and in our relationship to our group. So, our Color Consultation information can be reviewed and related to each of the Full Moon determining energies to determine the possible effects and opportunities each Full Moon offers each of us personally and in relationship with the group. This was explained and expanded upon from Esoteric Astrology (EA) in general in Addendum 1 from the past Aries Full Moon report (from April 2021) – please let us know if you would like that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We will be taking one example of a different individual's ray structures per month from the books, “Discipleship in the new age I & II” by Alice a. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesizes with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Emigration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschooll.html>.

Taurus is the second sign of the new Astrological year and the second of the three building energy and consciousness Full Moons of the year. It helps bring a new and continuing ‘birthing’ energy to the higher building cycle for the astrological year of Aries, Taurus, and Gemini (April, May, and June) which is also called the Higher Interlude. Then the following nine full moons of the year help to ground or anchor these higher interlude energies and consciousness and are considered the Lower Interlude. Addendum 3 from the past Aries Full Moon report (from April 2023) is some additional information on the full moons and possible meditation forms (please let us know if you need that resent to you or it can be downloaded from the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html)).

The Key to the Ray 1 Method is: **"Let the Forces come together. Let them mount to the High Place, and from that lofty eminence let the Soul look upon a world destroyed. Then let the word go forth: 'I will persist'."**

Please continue to keep in mind, from the Gemini Full Moon Report (May 2024), Addendum 2 which was two papers titled, "Vision Paper: Unfolding Work for 2024-2026" by 2025 Initiative ([www.2025initiative.org](http://www.2025initiative.org)) and "More details about this proposed experiment and our groups' ideas about the unfolding opportunities of the period of 2024-2026". The addendum started with a note from us as an introduction about the papers and can also be found on the website at the bottom of the page at: [www.sam2013.org/group\\_consciousness.html](http://www.sam2013.org/group_consciousness.html).

**A. Notes on this coming Full Moon of May/Taurus:**

- 1. Watch for any impressions** that may come to you before the Full Moon that may relate to the Ray 7 Keynotes and your specific Rays (from your Color Consultations), especially two days before the Full Moon, the day of the Full Moon and two days after the Full Moon. **If you want to share** any of your impressions with us please do. If you want any impressions shared with the group let us know and we will include them in the next month's meditation notes.
- 2. This is the second of twelve different Full Moons of this Astrological year** and is the second of the three different full moons for building of 'Consciousness and Energy' full moons of this astrological year. The energy which is built and gathered during these first three 'Building' Full Moons at the beginning of the astrological year, which is also called the 'higher interlude', will then be distributed over the last nine different Full Moons during the end of the astrological year, which is also called the 'lower interlude'.
- 3. Previous addendum 1 from the Full Moon report of Aries (April 2021) gives reference into more insight and inspiration for how to** view some of the expanded awareness of these monthly and yearly Full Moon cycles as we enter into the seventh Astrological Year of this group formation and the group's functioning.
- 4. Addendum 1 below relates to** information and specific individual examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group.
- 5. The 2025-6 astrological year Annual Keynote is,** "LET THE GROUP EXPRESS THE QUALITY OF THE HIDDEN VISION:" Hint: "The hidden vision is not "man's vision of God" but "God's own vision of His purpose."

**B. Notes and Activities on or since the last Full Moon April/Aries:**

- 1. SuonAngelMiriam meditated at the time of the full moon and new moon together with Safi (when she wanted). We had what we consider** very good meditations for the beginning of the new Astrological year and of the building of consciousness cycle of the astrological year. We are still having more experiences during the toning, chanting and vocalizing parts of the meditations and with the group exoteric, esoteric, and occult crystals and now some of the new hand held crystals this year.

- 2. The Three Group Central Pillar Crystals,** the Esoteric (numerologist 8) and Occult (numerological 9) crystal sub-sets are finalized for the 2025 impulse. Please let us know if you would like to explore any of these crystals or have any other input (see photo in previous FM report of

Gemini of June 2022). **The three natural triple pointed crystal clusters** are always available for any group members who would like to meditate with them as another way to tune into consciousness (see previous photo from March 2022 Pisces report). **All three new 'Circumcentral' crystals have arrived. All three are now** here for the Summer Solstice of 2025 and for this Hierarchical Group Impulse year of 2025 (see photo above or <http://www.sam2013.org/crystals.html> on our website for more information).

3. **Two hand held faceted crystals have arrived. A. One, which is a combination of a Phase I and Phase II** crystal which has 'Blue Needles' which have an esoteric quality to transcend time and is a more personal healing crystal for Suon for present, past and future health issues and B. One, which has a triangular bottom and also is a combination of a Phase I and Phase II crystal and which is available to anyone who wants to consider having such a crystal (see photos in previous group reports of Sagittarius and Capricorn 2025).
4. **Three hand held crystals have arrived to assist with the 2025** impulse year consciousness and energies. If anyone is interested in knowing more about these crystals please let us know (see photo in previous group report of Aquarius 2025).
5. **Another three hand held crystals have arrived to assist with the 2025** impulse year consciousness and energies. If anyone is interested in knowing more about these crystals please let us know (see photo in previous group report of Pisces 2025).
6. **Poppy research at BioFarmland** (BFL) at Virginia's suggestion. See previous reports. A small number of the poppies have come out last year (May 2024) and their seeds have been encouraged to spread more this year in 2025.
7. **Revised and renewed Hemp Museum suggestion** presented to Zoli, Virginia, and Leontina as a possible group project. There was similar input about local, village or household museums from the "Socio-Economic-Cultural Rebirth of the Romanian Village" conference in previous reports. Latest brief meeting was in Timisoara spring 2024 to talk more informally about these topics.
8. **Based on Leontina's previous intentions to establish an educational location near her home further discussions are going on about** a location, financing, possible links to other hemp projects and people. See previous reports. Leontina has decided to stop for the moment Sopronul Cultural and the building of the dome until the environment becomes more friendly to her projects. See previous update concerning Pamantul Stramosesc in the FM 2023 Sagittarius Report from November 2023.
9. **SuonAngelMiriam are continuing our interaction with Katharina documenting** how to manage and implement new and better ways of herb growing, drying, processing, soil regeneration, distilling, etc.
10. **SuonAngelMiriam are interacting with Virginia on her Bio-Resonance and Herbal and Aromatherapy courses, consultations** and treatments along with the consideration of the SAM2013 Synthesis Tri-Level Color Set as liquids. See previous reports. The first production of Virginia's Favisan samples of the SAM2013 Synthesis Tri-Level Color System have been made and are being tested for many characteristics. **The set tested well enough to use for color consultations.**
11. **SuonAngelMiriam are working with Remus and others on updating and expanding** one of his personal spirituality courses on Self Esteem as an Esoteric Group project. Anyone interested in knowing more or helping in this group project please let us know. Latest update was in October 2023.
12. **SuonAngelMiriam are working with Aurellian on how some of the concepts of his book and course** on "The Numerology of the Soul" might relate and correspond to the SAM2013 Synthesis Tri-Level Color System numerology. Both Aurellian and Suon have had direct contact with Yogi Bahjan who taught the numerology of the soul concepts.
13. **SuonAngelMiriam are working with Mircea on ways of distributing SAMfume** and other products and working more closely together on the other projects listed above. Recent meetings held in September Singfest and at the Singureni Christmas Fair 2022 and then in June 2023 also. The last meeting in Bucharest in March, 2024 for a brief update. Phone meetings are on-going.

### **C. Previous Activities Archive:**

1. **Hemp** for cooperative research at BioFarmland (BFL) on hold after 3 years of testing.
2. **2023 Timisoara Cultural Capital office cooperative event named 'SAMatate'**. See FM Sagittarius 2023 for final update on this report.

3. **SuonAngelMiriam have met personally with Georgh Piperea and joined his class** action law suit against the constitutionality of mandates. Suit was lost, see previous report details.
4. **We participated in Remus' course about Stress Management** held through ANATECOR which is related to Virginia's fitotherapy course. We also attended the prayer zoom meeting he and ANATECOR organized for the professor Mircea Stefea who passed in 2023.

**D. General Notes and considerations about the group, cycles, meditation and information flow:**

1. **We are happy to get to know each other better**, or other ways that we may cooperate either personally, or as organizations. Please let us know if you would like any other meetings or if you have any other comments or questions.
2. **2025 continues the new seven year cycle started in 2020.** The final major group 'impact' has been made in 2019 prior to the next 100 year 'impulse' which happens this year 2025.
3. **It might be considered that these Group Meditations seek** to make use of the spiritual opportunities that the cycles of full moons, solstices and equinoxes, Group Festival Weeks and Centennial Impulse years provide. The unique energies associated with each constellation, season and longer cycles are directed into the consciousness as trans-formative qualities that can lift and expand our hearts and minds.
4. **It might be considered that Group Living tends to the fulfillment of free will in service** and, as this is gradually understood, coming together to co-operate on issues for the benefit of the whole without intentions to dominate, interfere or impose on others. The vision is there, the future is assured, but the key to its successful implementation is that co-operation has to be based on intentions that are based on the good of the whole rather than a focus on self-interest.
5. **In all meditation it is of value for the student to remember that,** from the standpoint of permanent benefit, it is easier to meditate effectively during the period from the new moon to the full moon, than from the full moon to the new moon. The first half of the lunar cycle is one of intensification, absorption and accretion; the second half is one of assimilation and distribution. More real progress over a long period can be made by observing this cyclic law.
6. **Wisely utilizing newly acquired energies keeps in flowing and out flowing channels open** and prevents Sycal (psychical), Astral (emotional), Mental (intellectual) congestion, which may otherwise be experienced, with their accompanying physical consequences.
7. **The following regular monthly cycle is for the group information flow:**
  - a. Full Moon (five days): Two days before, the day of (meditation), and two days after Full Moon for getting impressions.
  - b. The week after the 5 days of the Full Moon: For letting us know or sharing of any impressions during the preceding 5 days. Plus us transcribing our own impressions.
  - c. Second week after Full Moon for 'Anchoring' or 'Grounding' impressions through gathering other information or following up on activities based on the impressions. Possible New Moon meditation by those who want and ending that Full Moon Cycle.
  - d. Third week after Full Moon (just after the New Moon): Starting to build up to the next Full Moon having any questions to impressions shared and answered and any activities based on impressions started or completed.
  - e. Fourth week after the Full Moon (just before the next Full Moon): Coming out with the Keynote and information and timing of the next Full Moon, including the shared impressions or activity from the last Full Moon.

## Addendum 1:

These planned next 12 monthly addendum (during this 2025 Astrological year) and this once in 100 year, 'year of higher impulse' will be written and designed to help each person understand and apply their Ray qualities, in their Color Consultations, to the opportunities available at the time of the Full and New Moons for gaining more conscious understanding and then applying that conscious understanding in their daily lives. Hopefully you will enjoy them independent of what changes in consciousness or life they may bring as long as what comes is 'higher and forward' – SAM.

### Forward notes by SAM restated from the above Report:

This year we are adding information and specific examples of how each Ray can and does effect the different parts of our being and our roles in a Monadic Manifestation Group as Addendum 1 below. We will be taking one example of a different individual's ray structures per month from the books, "Discipleship in the new age I & II" by Alice a. Bailey. Then we will add the corresponding colors and interpretations from a SAM2013 Synthesis color consultation/interpretation to the example. This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups. This will also hopefully help prepare for our work with the new set of Synthesis (Higher SAM Soma Aura Monad) color products being developed by Virginia at Favisan for us. And finally for now this will also hopefully help prepare for our work with the future 'Mergration' (Lower SAM Sycal Astral Mental) color products. Then there will be a complete set of SAM2013 Synthesis And Mergration color products which help show how the 'Mergration' of the Sycal Astral Mental bodies/vehicles/consciousnesses into the Soma or Personality then Synthesises with the Aura and Monad. Or in reverse the SAM2013 Synthesis And Mergration products would help show how the Synthesis of the Soma Aura Monad bodies/vehicles/consciousnesses then 'precipitates into', determines, influences, governs, or even differentiates, splits or divides into the Mental Astral Sycal bodies/vehicles/consciousnesses from the Soma. From the simple and colorful basis of SAM2013 Synthesis And Mergration color system our internal and external relationships and interactions in life can be viewed, analyzed, discussed, patterns seen, 'paths of least resistance', rhythms and cycles identified and defined, and much more in the realm of conscious understanding and communication. More can be found at our website at: <https://www.sam2013.org/colorschoo.html>.

**Examples of a different individual's Ray structures from the books, "Discipleship in the new age I & II" by Alice A. Bailey - AAB.** This will hopefully help each person see possible ways in which their color readings and hypothetically interpreted Rays may be affecting themselves and their relationships in groups (Free online at: [https://www.lucistrust.org/online\\_books/discipleship\\_in\\_the\\_new\\_age\\_vol\\_i\\_obook](https://www.lucistrust.org/online_books/discipleship_in_the_new_age_vol_i_obook))

### Forward Notes by AAB:

These books are in many ways unique. Nothing like them have before been published, as far as I know.

...the old rules to which disciples have been subjected down the centuries still hold good, but are susceptible of fresh and often different interpretations. The training to be given during the coming New Age will be fitted to their more advanced development. The evolutionary progress - from century to century - presents a steadily ripening and developing human mind.... The standard of discipleship is consequently as steadily rising. This, in itself, demands a new approach, a wider presentation of truth and the permitting of a greater freedom of action upon the part of the disciple.

Today, in our speedier times and when the demand of humanity for help is so outstanding, the hint has given place to explanation and the disciple is trusted with information, hitherto withheld. He is regarded as having reached a stage in his unfoldment at which he can make his own decisions and proceed with rapidity, if he so chooses.

Much in this book is new. Much is very old, tried and proved. None of the people ... are saints or perfect. All are, however, true aspirants and will go on to the very end in spite of pain and sorrow, discipline, success, failure, joy and a spiritual recognition of almost unattainable goals. Some have been on this Path ... for many lives. Some are venturing for the first time - consciously and with deliberate effort - to tread the Way to God. All are mystics, learning to be occultists. All are normal people, living useful, modern lives in many different countries in the world. Some are orthodox Protestant Christians by profession; others are Roman

Catholics; still others are Christian Scientists or belong to one or other of the more mental cults; some are quite unattached and free from affiliations. None of them regards his particular brand of faith or his particular religious background as essential to salvation; he knows that the only essential is belief in the spiritual realities and in the essential divinity of mankind. This belief necessarily involves a heart full of love, a mind open and illumined by right orientation to truth and a life dedicated to service and to the alleviation of human sufferings. This is the determined goal of all whose instructions are found in this book - a goal which they have not yet attained and a mode of life which they have not yet perfected. They are, nevertheless, unalterably upon their way and that way is the WAY. Christ said "I am the Way, the Truth and the Life"; these aspirants, working under a great Disciple of the Christ, are beginning to grasp some of the significance and implications of that statement which holds true for all time and for all disciples, because "as He is, so are we in this world."

Each person's instructions are given in their ordered sequence, year by year, so that a real picture of the person concerned, of his problems and his achievement or lack of achievement, emerges clearly. This book is encouraging in that it offsets the idea that to be a pledged disciple one is, therefore, set apart by perfection of character and isolated by the aspiration which inspires the life. These are people with problems, struggling to solve them; with character limitations which they are endeavoring to overcome; they are true instances of any man or woman who turns his back upon the usual approach to the world of material affairs and takes up his cross in order to find his way back to the Father's home; they picture for us the man who, having "put his hand to the lough," turns not back but presses forward "towards the prize of his high calling in Christ."

**One other reason might be mentioned here as indicative of the value of this book. In every case, the disciple is told what are the types of energy to which he most easily responds and upon which ray or divine emanation he finds himself. He, therefore, becomes aware of what constitutes his line of least resistance and where the major point of his life conflict is to be found.**

**We are taught in the esoteric philosophy that seven great divine Emanations, Aeons or Spirits (in Whom we live and move and have our being) came forth from God at the time of the Creation. The same teaching can also be traced in the Holy Bible. Upon one or other of these seven Rays, the souls of all forms of life are to be found as well as the forms themselves. These seven rays produce the seven major psychological types.**

These seven rays or emanations are:

1. The first Ray of Will or Power. Many great world rulers are found on this ray, such as Julius Caesar.
2. The second Ray of Love-Wisdom. The Christ and the Buddha are to be found on this ray. It is the great teaching ray.
3. The third Ray of Active Intelligence. The mass of intelligent humanity are found on this ray.
4. The fourth Ray of Harmony through Conflict. Aspirants. Struggling, well-meaning people. Workers for unity emerge along this line.
5. The fifth Ray of Concrete Knowledge or Science. Scientists and people who are purely mental and governed only by the mind.
6. The sixth Ray of Devotion or Idealism. Many Christian people. Fanatics. Numbers of earnest Churchmen of all the world religions.
7. The seventh Ray of Ceremonial Order or Magic. Masons. Financiers. Great businessmen and organizers of all kinds. Executives are found with these energies in their equipment.

However, only when a man is highly developed and nearing the Path of Discipleship is it possible for the esoteric student accurately to surmise what his ray may be. People of all kinds and professions are found on all the rays. **The conflict in a disciple's life is found to lie in the fact that the ray of his soul and the ray of his integrated personality are posed against each other. At the same time, his emotional**

**nature, his mental equipment and his physical brain are also controlled by some one or other of the rays and in this five-fold relationship lies hid much of the problem of the evolving human being.**

...the members of ...this group are told which five rays condition them and students will learn much by a study of ... of this. In the cases where I (AAB) happen to know the disciple concerned personally and something of his problems, it was amazingly interesting to me to note how infallibly right the ... diagnosis of the rays involved were. In reading these instructions will you please remember that ... in this writing the soul, and the word "ego" are used interchangeably, meaning thereby the spiritual ego and not the personal ego of the psychologists.

**Introductory Notes by AAB started in Aries 2025 now continued in Taurus:**

... The question might here be asked: How can this work out practically in a group of disciples—all of them individuals but all sincerely anxious to cooperate and aid in this work? Let me try and give a clear reply.

We deal not with personalities in connection with each other in a Master's group. At the same time, it should be possible for each of you to learn to strengthen and aid each other, avoiding always any intrusion of the personality. You can each learn to transmit your soul ray quality to a fellow disciple, stimulating him to greater courage, to finer purity of motive and to deeper love, yet avoiding the vitalisation of his personality characteristics. You should learn always to think of each other as souls and not as limited human beings.

We have, therefore, the following three objectives before us:

1. Group unity ... through thought, exoteric knowledge of each other and a constant sending forth of love.
2. Group meditation ... as a group of contemplatives, thus rooting this group within the kingdom of the soul and strengthening all the individuals involved.
3. Group activity ... resulting in the aiding of each other in specific problems of character but not of circumstance. Ponder on this distinction, my brothers.

Later, when the group is really established, it should begin to function outwardly and its life should begin to make its presence felt. It should steadily tend to increase the spiritual potency of all groups with which the group members are related and with which they may be associated. I refer to all groups which belong to the New Age and are working along spiritual lines. The eventual effect will be along the line of healing the various ills of mankind—physical, mental, psychological and emotional.

There are certain simple but definite rules which should govern the interior spiritual life of neophytes in training for the various stages of discipleship. Let me here outline to you my suggestions for this simple and immediate work.

First of all, all disciples practice regular and daily meditation. These meditations are each individually suited to the disciple concerned and vary according to ray, point in evolution and the stage of discipleship which is the immediate objective. These cannot be given here. These meditations will be given to you as suggestions for your use and acceptance. Endeavor at some stage in your meditation to link up with me but let this linking up take place after you have worked at and brought about an alignment with your soul. The reason that it is essential that you link up after alignment is that you can then avoid the glamours and the illusions of the astral plane whereon thoughtforms and masquerading entities personalise the teachers and the Masters and do so in their myriads. Add also to your meditation a short period wherein you will try and link up with your co-disciples, sending them love, soul force, and help...

November 1937

...Many factors are responsible for bringing people together into such a group as this. There is, first of all, their mutual karmic relationship which, indicating as it does equality in aspiration and a general ability to make and hold certain spiritual contacts, enables them to work together more easily as a unit or a unity, if you prefer that term. In these cases, there exists [Page 128] a need in the group for a specific and peculiar development in order that the group life may be thereby enriched and deepened...

...It is necessary for me to explain these points to you as the understanding of causes is one of your strongest mental urges, and such an urge may not be disregarded. Entering this group is not an easy matter for you...

...Your problem is that of a versatile, advanced second ray type. You have a marked ability to do many things well and a decided aptitude to understand people, their motives and their impulses. You have a genius for contact and are naturally a good psychologist. You are prone also (because of your second ray inclusiveness) to over-estimate people and, subjectively, you have a strong inferiority complex, based largely upon your sense of the divine and not on failure. Ponder on this thought which I here give you. You need to learn to see people as they really are and appreciating, as heretofore, the divine in them to stand aside from them in your endeavor to help them and to work with and for them. You are apt to regard your ability to do well along so many lines as somewhat in the nature of a handicap. You must learn to regard it rather as an indication of the many ways in which you can reach others, and as a definite asset upon the Path...

...You have two things to do which—if successfully accomplished—would very much increase your output in service and reorganize both your inner and your outer life. You have to work conscientiously with the time factor and you have to make out of life a fuller expression of work well done. You have also to cultivate more definitely than you do the habit of mind, the trained attitude of the Observer of life, of people and of yourself. You must develop the attentiveness of the One who looks on at life and at the life struggle of others. It is necessary for you to learn that when you can avoid identifying yourself so closely with people, refraining from suffering so consciously with them, you can be of greater service to them and a finer friend and helper. Therefore, for you, detachment is an outstanding requirement and a quality to be cultivated. This is not the detachment of self-protection or of self-immunization or of aloofness, but that soul detachment which works from soul levels and—seeing all life in the light which streams from the soul—regards everything from the standpoint of eternity. You will then see the real values involved and the true perspectives of the picture. You need to apply to people and to circumstances the quality of interrogation and understanding which you endeavor to employ when you follow your art. You must see people truly and as they are—with their faults and their virtues, their divinity and their humanity. Am I not right?...

...You are in a position to aid and help many people. See to it, my brother, that you aid with wisdom, discernment and discretion and that you place your effort where the best results can be achieved. Right discrimination in helpfulness is rare, but you can give it...

...This group work is either of moment and useful, or else it is nothing but a chimera and a waste of time, having no real purpose and serving no useful end. If the groups of disciples on the outer plane which the Masters are now forming throughout the world can be regarded as among the Seed Groups of the New Age and can likewise be of immediate service in the stage of earlier preparatory work in which we now find ourselves, then it is worth while from many angles to give time and effort (in order to cooperate constructively when the time comes) to the fulfillment of requirements...

February 1938

...You are a creative worker and have also the ability to work in several creative ways. You are both an artist and a writer. This means that your soul can reach expression and usefulness along two channels...

...Your mental body is on the fourth Ray of Harmony through Conflict and hence your pliability, your sense of relationship and your rapid grasp of mental truth. Illusion will ever be a more ready snare to you than glamour. This Ray of Harmony through Conflict is that bridging ray which will, in your case and through the mind, bring about an increasingly rapid establishment of contact between your soul and your personality.

Your astral body is on the second ray and this will be sufficiently obvious to you, giving you those difficulties and those opportunities which lead eventually to expansions of consciousness and that sensitivity to the psyche in others which has been the basis of much of your most successful work.

Your physical body is on the seventh ray, which gives you a sense of the relationship between spirit and matter, between soul and body and enables you, if so you will, to be a constructive agent in magical work  
Your rays are, therefore:

1. The ray of the soul—the second Ray of Love-Wisdom.
2. The ray of the personality—the fourth Ray of Harmony through Conflict.
3. The ray of the mind—the fourth Ray of Harmony through Conflict.
4. The ray of the astral body—the second Ray of Love-Wisdom.
5. The ray of the physical body—the seventh Ray of Ceremonial Order or Magic.

It will be obvious to you that the major line of force in your equipment, relating you to others and facilitating contact, is the second ray with its subsidiary expression, the fourth ray. This is a definite asset and an opportunity but it also makes possible certain liabilities. These should be offset by a stiffening of all first ray tendencies in order to bring about a needed balancing. I would add that:

1. Your soul energy seeks expression through the vital body.
2. Your personality force is focused in the astral body...

February 1939

...One of the things which all disciples have to learn to do is to avail themselves of the forces and energies which are theirs by right of inherent possession; these are, however, but seldom employed with understanding by the average man or woman. [Page 135] They are usually the victims and not the users of these powers. Few realize how stupendous are the energies upon which they can draw at will. Your problem is predominantly the establishing of a dynamic relation between all the inner and subtler forces which are focused in your etheric body so that you can occultly "bring through" into outer expression, via the physical brain, the riches of realization, of understanding and of wisdom which are your possession. This bringing through is not accomplished by you as adequately as it might be, though you do succeed at times in so doing. You should aim at the outer expression of the inner nature with greater frequency and should seek to make the conscious link between the outer and the inner more dynamic and real...

January 1940

**...The necessity to do and to be objectively active is a major glamour of yours, brother of mine. You need to learn the lesson that it is relatively of no importance what you do. That which is of major importance is to register consciously and all the time just exactly what you are doing.** I would have you remember that right doing is the result of being. If your awareness of being is of a personality nature, so will be your activity. If your consciousness is focused in spiritual being, your spontaneous, creative and active service will be consequently by radiation. I would have you ponder on this.

For many disciples in training at this time, the present crisis presents a period or an interlude of withdrawing in order to re-focus and to learn again at the source of interior wisdom. So it is with you. Be occupied with the problem of sensitive response and not with the glamour of the work which you must do. Deal with causes and not with effects. The effects are inevitably effective...

"This disciple is still working actively with the group."

### **SAM Synthesis And Mergration Consultation and Interpretation Notes:**

#### **A. SAM Synthesis Interpretation Notes:**

1. Hypothetical Blue Monad considered due to his work on being more lovingly wise.
2. Orange Aura considered a desire or passion to work out Auric, Karmic and Soul relationships, situations and feelings verses more to a higher form of Auric love-wisdom or enlightenment.
3. Green Soma considered linked to personal work towards harmony through conflict linked to numerological even ray determining attributes (4<sup>th</sup> ray).
4. Indigo Mental considered linked to more intuitive ways of relating and intuiting through conflicts.
5. Orange Astral considered an loving feeling nature.
6. Violet Sycal and attempting to balance in an orderly way the Mental and Astral bodies.
7. The Higher Equilibrium relationship of Blue Monad over Orange Aura produces a Blue Brown with the Green path of harmony and Violet path of order available.
8. The Lower Equilibrium relationship of the Orange Aura over the Green Soma should produce a Yellow Brown with the paths of Violet order, Orange love, Green harmony and Yellow intelligence available.
9. The Hypothetical Soul-Ution relationship of Blue Monad with the Green Soma is considered as a newer group orientated 'path' of Turquoise as a major way for them to be working.
10. The Synthesis is the Turquoise of the Soul-Ution plus the Orange of the Aura which now form an Blue Brown since the Blue of the Monad is so strong. Now there would be three paths:
  1. The Red in the Orange Aura and the Blue in the Turquoise of the Soul-Ution – considered the Violet path of Spiritual order and balance formed when the passions of the Red Aura or Soul submit to the Blue monadic truth.
  2. The Yellow in the Orange Aura and the Blue in the Turquoise of the Soul-Ution – considered the path of Spiritual harmony through conflict, or artistic path of beauty, formed when the intelligence of the Aura or Soul submit to the Blue Cool Refreshing Loving Truth of the Soul-Ution (from the Turquoise of the Blue truth of the Monad joined or at one or Atoned with the Blue concrete knowledge of the Green harmonious Soma).
  3. The Red in the Orange Aura and the Yellow in the Turquoise of the Soul-Ution – considered the path of Spiritual Love Wisdom formed when the passions of the Red Aura or Soul submit to the Yellow Intelligent Activities of the Soul-Ution.
  4. And finally the Yellow in the Orange Aura and the Yellow in the Turquoise of the Soul-Ution, considered the path of intelligent activity.

#### **B. SAM Mergration Interpretation Notes:**

1. Indigo Mental considered a more scientific yet intuitive way of thinking and living. This color and ray does not generally match the general nature of the mind and is in its nature generally more powerful than the Astral.
2. Orange Astral considered more loving/wise way of feeling and living. This color and ray matches the general nature of the emotions and is in its nature generally less powerful than the Mental but used more as a governing determining factor than the Mental.

3. Violet Sycal considered more orderly, ceremonial way of functioning and living. This color and ray matches the general nature of the body and is in its nature generally less powerful than the Mental and Astral yet is still used as a governing determining factor significantly in priests, politicians, etc.
4. The Higher Balance relationship of Indigo Mental over Orange Astral should produce an Red Brown of a considered more intuitive sense of the order of living.
5. The Lower Balance relationship of Orange Astral over the Violet Sycal produces a Red Brown of a considered again more intuitive sense of the order of living. Similar 'Paths of least Resistance' must be worked out for the other colors in this combination.
6. The Soma-Ution (union of Mental and Sycal) relationship of Indigo Mental and Violet Sycal is considered to provide a Violet path to a balanced and orderly Soma.
7. The Mergration in this case is Orange over Indigo with similarity to the Orange over Turquoise of the Synthesis with only the Red in the Indigo and the Yellow in the Turquoise to form different paths as below:
  1. Similar to the Synthesis path of, "The Red in the Orange Aura and the Blue in the Turquoise of the Soul-Ution – considered the Violet path of Spiritual order and balance formed when the passions of the Red Aura or Soul submit to the Blue monadic truth." except now on the lower Mergration levels.
  2. Similar to the Synthesis path of, "The Yellow in the Orange Aura and the Blue in the Turquoise of the Soul-Ution – considered the path of Spiritual harmony through conflict, or artistic path of beauty, formed when the intelligence of the Aura or Soul submit to the Blue Cool Refreshing Loving Truth of the Soul-Ution (from the Turquoise of the Blue truth of the Monad joined or at one or Atoned with the Blue concrete knowledge of the Green harmonious Soma)," except now on the lower Mergration levels.
  3. Similar to the Synthesis path of, "The Red in the Orange Aura and the Yellow in the Turquoise of the Soul-Ution – considered the path of Spiritual Love Wisdom formed when the passions of the Red Aura or Soul submit to the Yellow Intelligent Activities of the Soul-Ution." except now on the lower Mergration levels combining with the Red of the Indigo forming a lower Violet path of order and balance.
  4. And finally, similar to the Synthesis path of, "The Yellow in the Orange Aura and the Yellow in the Turquoise of the Soul-Ution, considered the path of intelligent activity." except now on the lower Mergration levels combining with the Red of the Indigo forming a lower Orange path of love and wisdom.

### **SAM FINAL COMMENT NOTE:**

Hopefully everyone can see and focus on the Divine beauty, harmony, dance and game (Lila), symphony, intelligence, glory, universality, mystery, science, order, evolution, progressions, hierarchies, etc. in these concepts, hypothesizes, theories, realities, teachings, techniques, methods, insights, impressions, intuitions, thoughts, 'Kama-manas' (emotional thoughtforms), sensations, kingdoms, realms, etc. and increase their usefulness in our lives and increase the usefulness of our lives.

### **Conclusion (at this point):**

May we consider together entering into that higher state of (group/soul) 'bewilderment', especially at this cycle of Aquarian consciousness, yet strength and unity from our lower state of personal certitude and isolation to possibly obtain a universal group consciousness.
