

Cover Letter for first Correspondence to the Group - Nov 2, 2018, 11:29 PM:

English:

Our dears,

As you can see from the above addresses, I sent this email to all nine people that we now consider as Group Identification: Surya and I, Mircea, Virginia Faur, Leontina Prodan and Zoli, Remus Tanase, Aurelian Curin (Virginia's friend), and Katharina Hani of Biofarmland. For us it is an identification process that began three years ago, considering that some of you have known about 3 years and discussed the possibility of a group and the work as a group then.

This is the first introductory presentation of the Triangular Group Identification Method based on Color Consultations, the comments of each and the sensitivities that we had through dreams or otherwise. This is the presentation of what we consider a Group Identified possibility, and then, during the following year, we will look at Group Formation starting with the Aries Full Moon (when the sun is Aries and March-April 2019 respectively). with those of you who are interested. From then on, from March to April 2019 until March 2020, it would be the Group Training Process that is especially based on Meditation as a Full Moon Group. It is a simple meditation process that I would tell you, which would be done every Full Moon. This training process should not take too long in everyone's life because we know each and every one of you are very busy.

Any comment, suggestion, sensitivity, thought, inspiration, etc., we are open and eager to hear as it is one of the important parts of working as a triangular group, namely honest and authentic sharing of our experiences. We know that each of you has his sensitivities and his unique way of expressing these sensitivities. We are also aware that there is a link to the inner planes on the more subtle energy plans among all of us, otherwise we do not see why each of you or I would have wanted a color consultation or learn more about the color system and what it means to organize and operate a group. Now we want to see who is willing to put that call into practice.

I, Angel, as personal experience, when I first heard about 5 years ago from Surya, who has been working with these concepts and groups for over 35 years, about groups and how they work, I came after two years of working with people in the field of artistic/musical festivals. In those two, I have seen many times how inspired ideas, wonderful, meant to help the world, failed because of the lack of organization, communication and understanding of the leaders. I personally passed through an experience of working with two other people to see and understand that one of those people had more vision of what we could do, one was more active and more practical and a more sensitive and educative, better with the words. Our project did not come out of half what we know it could have been because, from my point of view, I failed to see the higher spiritual aim of the work that she did and I failed each of us individually in our perform the role, trying to do little of each instead of seeing our own business.

Groups are intentionally spiritual groups, are based on, for lack of a better expression, Spiritual Love, which we define as a magnetic attraction or a magnetic response. Something that attracts different people together for higher goals and at the same time offers the "work" field, that is, the place, the field and the time to be in service. Sometimes, however, that attraction or that magnetic response is not how we expected it to be, with the people we considered the most appropriate, or the moment we considered the best. And this sometimes could mean that really is not the time yet, there are people still for the Group, but sometimes it may mean that we have something new to learn, ideas maybe a bit too fixed or rigid we need to go and can be sensitivity, sensitivity in each person's qualities of others and the triangle, and at the same time a lack of understanding that we must start with three people to form a group and then move on to the training process to see where it goes . And this training process can be easy, beautiful, pleasant and enjoyable, or it can be more difficult, more uncomfortable and more unpleasant, depending on each person's sensibilities, which is what we are looking for. We are also looking for a commitment of each person for a year to enter this Training Process. And I want that after a year, nothing spectacular is happening, or the sensitivities of any of you is that it is not right what happens, at least you would have learned a group formation process that can later be tried with anyone who wants.

As you can see in the attachments sent, this year, 2019, is a good year for outdoor work and to begin work in the Group, a year that will set the energy course for the next seven years. Also in the attachments you have a description of the Full Moon meditations and the description of the Group Festival that happens once every 7 years, 2019 being one of those years. All the information necessary to give you an idea of what we see as groups and how they work, are briefly described in this presentation, and we can discuss extensively with any of you who are interested or answer any questions you have, personally, by phone or by mail.

We would hug you all,
SuryaAngelMiriam

Dragii nostri,

Dupa cum puteti vedea din adresele de mai sus, acest e-mail l-am trimis la toate cele noua persoane pe care noi le consideram acum ca o posibilitate de identificare de Grup: Surya si cu mine, Mircea, Virginia Faur, Leontina Prodan si Zoli, Remus Tanase, Aurelian Curin (prieten al Virginiei) si Katharina Hani de la Biofarmland. Pentru noi este un proces de identificare care a inceput acum trei ani, avand in vedere ca pe unii dintre voi va cunoastem de aproximativ 3 ani si am discutat despre posibilitatea unui grup si a lucrului ca si grup de atunci.

Este prima prezentare introductiva a metodei de Identificare de Grup Triangular, bazata pe Consultatiile de Culori, comentariile fiecaruia si sensitivitatile pe care le-am avut noi prin vise sau in alt fel. Aceasta este prezentarea a ceea ce consideram noi o posibilitate de Grup Identificat si apoi, pe parcursul anului care urmeaza ne-am uita la Formarea Grupului incepand de preferat odata cu Luna Plina din Berbec (cand soarele este Berbec, respectiv Martie-Aprilie 2019), cu cei dintre voi care sunteti interesati. Din acel moment, din martie-aprilie 2019 pana in martie 2020 ar fi Procesul de Formare al Grupului care este in special bazat pe meditatie ca Grup de Luna Plina. Este un proces simplu de meditatie pe care vi l-am spune, care s-ar face la fiecare Luna Plina. Tot acest proces de formare nu ar trebui sa ia prea mult timp din viata fiecaruia pentru ca stim ca fiecare dintre voi/noi suntem foarte ocupati.

Orice fel de comentariu, sugestie, sensitivitate, gand, inspiratie, etc aveti, noi suntem deschisi si dornici sa auzim avand in vedere ca aceasta este una din partile importante in lucrul ca grup triangular, respectiv impartasirea sincera si autentica a experientelor pe care le avem. Stim ca fiecare dintre voi are sensitivitatile lui si modul sau unic de a exprima aceste sensitivitati. Suntem de asemenea constienti ca exista o legatura pe planurile interioare, pe planurile mai subtile energetice, intre noi toti, altfel nu vedem de ce fiecare dintre voi/noi am fi vrut o consultatie de culori, sau sa aflam mai multe despre sistemul de culori si ce inseamna organizarea si functionarea unui grup. Acum vrem sa vedem cine este dispus sa puna in practica acea chemare.

Eu, Angel, ca experienta personala, cand am auzit prima data, respectiv acum 5 ani, de la Surya, care lucreaza cu aceste concepte si grupuri de peste 35 de ani, despre grupuri si cum functioneaza ele, veneam dupa doi ani de lucru cu oameni in domeniul organizarii de festival artistice/muzicale. In acei doi am vazut de nenumarate ori cum idei inspirate, minunate, menite sa ajute lumea, esau din cauza lipsei de organizare, de comunicare si de inteleger a persoanelor din conducere. Am trecut personal printr-o experienta de a lucra cu inca doua persoane, de a vedea si intelege ca una dintre acele persoane avea mai mult viziunea a ce am putea face, una era mai activa si plina de idei practice si una mai sensibila si educativa, mai buna cu cuvintele. Proiectul nostru nu a iesit nici pe jumatate din ce stim ca ar fi putut fi pentru ca, din punctul meu de vedere, am esuat din a vedea scopul mai inalt spiritual al muncii pe care o facea si am esuat fiecare dintre noi individual in a ne indeplinii rolul, incercand sa facem cate putin din fiecare in loc de a ne vedea de propria treaba.

Grupurile sunt grupuri intentionat spirituale, sunt bazate pe, din lipsa de o expresie mai buna, lubire Spirituala, pe care noi o definim ca o atractie magnetica sau un raspuns magnetic. Ceva ce atrage diferite persoane impreuna pentru scopuri mai inalte si in acelasi timp ofera si "campul" de serviciu, adica locul, domeniul si timpul pentru a fi de serviciu. Cateodata, totusi, acea atractie sau acel raspuns magnetic nu este cum ne-am astepta noi sa fie, cu persoanele pe care le consideram noi cele mai

potrivite sau in momentul pe care il consideram noi cel mai bun. Si asta cateodata ar putea semnifica ca intr-adevar nu este momentul inca, nu sunt persoanele inca pentru Grup, dar cateodata poate inseamna si ca avem ceva nou de invatat, idei poate un pic prea fixe sau rigide la care avem nevoie sa dam drumul si poate reprezinta o sensibilitate, o simtire, in fiecare dintre persoane a calitatilor celorlalte persoane si a triunghiului si in acelasi timp lipsa de intelegerere ca trebuie sa incepem cu trei persoane pentru a forma un grup si apoi a trece la procesul de formare sa vedem unde merge. Si acest proces de formare poate sa fie, usor, frumos, placut si bucurios, sau poate sa fie mai dificil, mai inconfortabil si mai neplacut, totul depinzand de sensibilitatile fiecarei persoane, ceea ce este ceea ce cautam noi. Cautam si un angajament a fiecarei persoane pentru un an de a intra in acest Proces de Formare. Si chit ca dupa un an, nu se "intampla" nimic spectacular, sau sensitivitatile vreunui dintre voi este ca nu este potrivit ce se inampla, macar s-ar fi invatztat un proces de formare de grup care poate ulterior fi incercat cu oricine se doreste.

Dupa cum puteti vedea in atasamentele trimise, anul acesta care urmeaza, 2019, este un an bun pentru munca practica exterioara si pentru a incepe munca in Grup, un an care va seta cursul energetic pentru urmatorii sapte ani. Tot in atasamente aveți descrierea meditatilor de Luna Plina si descrierea Festivalului de Grup care se intampla odata la 7 ani, 2019 fiind unul dintre acei ani. Toate informatiile necesare pentru a va face o idee despre ce vedem noi ca si grupuri si cum functioneaza ele, sunt descrise succint in aceasta prezentare, si putem discuta pe larg cu oricare dintre voi care este interesat sau sa va raspunde la orice intrebare aveți, personal, la telefon sau pe mail.

Va imbratisam cu drag pe toti,
SuryaAngelMiriam

Notes on Esoteric Triangle Identification Diagram 1 of (10.17.18) of 9 people (3 Triangles of 3 people each):

The nine people are shown in Esoteric Triangle Identification Diagram 1 of 10.17.18 and are:

Red Triangle: Surya, Angel, Mircea (a friend of Surya and Angel from Bucharest),

Blue Triangle: Zoli, Virginia Faur, Leontina,

Yellow Triangle: Katharina from BioFarmland, Aurelian, and Remus.

We (Surya and Angel) have talked directly or through email with each of you about how this could work for each of you individually based on information from your Color Consultations however these are the first notes for all nine people on how the group might form as a whole.

This is the first update which is for these nine people that have been shown through their Color Consultations as a possibly Identified Group. We (Surya and Angel) could share what we consider as a Group Formation Process over the next year for those who are interested.

Notes on Triangle Methodology Diagram 2 (10.17.18):

At the top is a table of the Three Qualities for each of the three positions of each of the triangles (Red, Blue, Yellow).

Then going down the page is "God's Vertical Top View of the Group" showing that from 'Above' all members of the triangles are of equal importance as a group. Similarly to looking at all people from above and seeing only different color hair.

Then going down the page is "Our Horizontal Side View of the Group" showing that from 'the Side' the way each of the members of the triangles are in relationship as a group. Similarly to looking at all people from the side and seeing some as more focused in the head, some more focused above the diaphragm and some more focused below the diaphragm yet all forming one person. This view shows that the three members of the Exoteric triangles form one 'Managerial Level' and that each holds a specific quality of Leadership (Directive, Educative or Instructive).

As we go down the diagram on the left it shows that the Directive Leader of each triangle would be responsible for directing the Educative aspects of the triangular work that the Blue Educative Leader would be doing for the Triangle (not any of their personal work they may want to do or accomplish). The Directive Leader's responsibility is to find and see clearly the purpose of the Triangular Group Work that the three people of the triangle can accomplish not for themselves but in service for humanity (for lack of a better expression) and to direct the Educative and Active work that the triangular group takes on as its service. This also does not limit the Directive Leader (other than how much energy or capabilities that they may have) from accomplishing their own personal life and work objectives. However, in a group such as this, personal objectives are to be considered as secondary in life awareness (not necessarily from a time spent) to the group objectives that the Directive Leader would direct.

The Blue Educational Leader of each triangle would be responsible for the Educational aspects of the triangular work under the direction of the Directive Leader in relationship to priorities, timing, coordination with the Instructional Leader, etc.

The Yellow Instructional Leader of each triangle is responsible for participation in the triangle as the overall Activity person under the Direction of the Directive Leader of the triangle in relationship to priorities, timing, coordination with the Educational Leader, etc. The Yellow Instructional Leader is also responsible for the various 'sub-activities' or people who will fill the Operational Levels of activity, such as, Art, Science, Devotion/Ceremony and Politics. This means also the Yellow Instructional Leader overseeing any Demonstrative Leadership of the Operational Leaders and Functions at the Functional Level and bringing any other directive concerns back to the Managerial Level of the triangle.

The small diagram on the bottom right shows that there are Phases to the progression of the triangle relationships and how these relationships function (either with equilibrium, tolerance or discipline) and where the major amount of energy is normally required. The First Phase is an equilibrium phase and is led mostly by the Directive Leader, the Second Phase is a tolerant phase and has to do more with the Educative Leader under the direction of the Directive Leader, and the third phase is a disciplined phase and has more to do with the Instructional Leader under the direction of the Directive Leader. When these phases have been accomplished by the people of the triangle working together then the central forth phase is reached when the triangle works as a whole and not just three people cooperating together.

Color and Symbol Keys to the Esoteric Triangle Identification Diagram 1 of (10.17.18):

Color Keys are based on the Position Color (Directive - Red, Educative - Blue, Instructional - Yellow) 'PLUS' the Triangle Color (Red, Blue, Yellow):

Red (Directive) Triangle Directive Position is Red color (Red + Red = Red).

Triangle Symbol shows Directive Position of the Directive Triangle as the Governing Position and includes the Directive Position of the Esoteric Triangle.

Red (Directive) Triangle Educative Position is Violet color (Red + Blue = Violet).

Red (Directive) Triangle Instructional Position is Orange color (Red + Yellow = Orange).

Blue (Educative) Triangle Directive Position is Violet color (Blue + Red = Violet).

Blue (Educative) Triangle Educative Position is Blue color (Blue + Blue = Blue).

Triangle Symbol shows Educative Position of the Educative Triangle as the Governing Position and includes the Educative Position of the Esoteric Triangle.

Blue (Educative) Triangle Instructional Position is Green color (Blue + Yellow = Green).

Yellow (Instructional) Triangle Directive Position is Orange color (Yellow + Red = Orange).

Yellow (Instructional) Triangle Educative Position is Green color (Yellow + Blue = Green).

Yellow (Instructional) Triangle Instructional Position is Yellow color (Yellow + Yellow = Yellow).

Triangle Symbol shows Instructional Position of the Instructional Triangle as the Governing Position and includes the Instructional Position of the Esoteric Triangle.

Full Moon Cycles; Full Moon Keynotes; Group Cycles, Group Cycle Qualities and Group Festivals:

1. Full Moon Cycles: We are working with the approximately 28 day (generally monthly) Full Moon Cycle and the twelve Annual Full moon progression from Aries through Pisces.

We are considering that the Zodiac Year starts with the Aries Full Moon (when the Full Moon occurs in the Sun Sign of Aries, generally in March or April). We are also considering that the first three Full Moons of the Zodiac Year beginning with the Full Moon of Aries are a 'building-up' of energy and consciousness for the year and that the remaining nine months of the year are a distribution of that built energy and consciousness. Therefore starting with the Full Moon of Aries the energy builds to the Full Moon of Taurus (generally in April or May) and then builds to the Full Moon of Gemini (generally in May or June). Then the energy and consciousness are distributed over the next nine Full Moons of Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces.

2. The Keynotes for the twelve Annual Full Moons are:

- | | |
|-----------------------------|--|
| 1. ARIES (Build-Up) | I come forth and from the plane of mind, I rule. |
| 2. TAURUS (Build-Up) | I see and when the Eye is opened, all is light. |
| 3. GEMINI (Build-Up) | I recognize my other self and in the waning of that self, I grow & glow. |
| 4. CANCER (Distribute) | I build a lighted house and therein dwell. |
| 5. LEO (Distribute) | I am That and That am I. |
| 6. VIRGO (Distribute) | I am the mother and the child. I, God, I, matter am. |
| 7. LIBRA (Distribute) | I choose the way which leads between the two great lines of force. |
| 8. SCORPIO (Distribute) | Warrior I am and from the battle I emerge triumphant. |
| 9. SAGITTARIUS (Distribute) | I see the goal. I reach that goal and then I see another. |
| 10. CAPRICORN (Distribute) | Lost am I in light supernal, yet on that light I turn my back. |
| 11. AQUARIUS (Distribute) | Water of life am I, poured forth for thirsty men. |
| 12. PISCES (Distribute) | I leave the Father's home and turning back, I save. |

3. Group Cycles and Qualities: We are working with 27 year cycles that we are considering started in 1933 and begin at the time of the Taurus Full Moon (generally April or May) each year. The 27 year cycles are composed of three 9 year cycles. The 9 year cycles are composed of three 3 year cycles. The three year cycles are composed of three annual cycles. The qualities of the cycles rotate from: A. First Cycle - Crisis/Consolidation; B. Second Cycle - Tension/Expansion; C. Third Cycle - Emergence/Impact on Public Consciousness. So each year has the quality of the year, the quality of the three years and the quality of the nine years. The year 2019 is a year cycle of Emergence/Impact on Public Consciousness (within a three year cycle of Tension/Expansion; within a nine year cycle of Crisis/Consolidation). So according to these cycles 2019 is a good year to start outer work, such as, this group.

4. Group Festivals: In addition to the Group Cycles there is a Group Festival held the week of December 21st to December 28th (seven days) once every seven years. Next year, 2019, is a Group Festival Year. The festival is celebrated by the group meditating each of the seven days with a similar type of meditation to the Full Moon Meditations in order to unite the group and the group objectives in meditation. These seven meditations are considered to be of a higher quality than the Full Moon Meditations (which build-up the energy and consciousness for the year). These seven days of meditation build-up the energy and consciousness of the group for the next seven years.

Each person might consider what significant happened after the years 2012, 2005, 1998, 1991, 1984, 1977, 1970, 1963, 1956, 1949, 1943, etc. in their own lives which might have been as a result of these impulses.

Notite despre Identificarea celor 9 persoane (3 triunghiuri de cate 3 persoane) in Triunghiul Ezoteric:

Cele 9 persoane sunt aratare in Identificarea Triunghiului Ezoteric Diagrama 1 din (10.10.18) si sunt:

Triunghiul Rosu: Surya, Angel, Mircea (un prieten din Bucuresti al lui Surya si al lui Angel)

Triunghiul Albastru: Zoli, Virginia Faur, Leontina

Triunghiul Galben: Katharina (de la Biofarmland), Aurelian, Remus

Noi (Surya si Angel) am vorbit cu fiecare dintre voi direct sau prin email despre cum ar putea sa functioneze asta pentru fiecare dintre voi individual, bazat pe informatia fiecaruia din Consulatia de Culori, totusi acestea sunt primele notite pentru toate cele 9 persoane despre cum ar putea sa se formeze grupul ca un tot unitar.

Aceasta este prima actualizare facuta pentru cele 9 persoane care s-au aratat prin Consultatiile de Culori ca o posibilitate de Grup Identificat. Noi (Surya si Angel) putem sa impartasim cu voi ceea ce consideram noi ca un Process de Formare a Grupului pe parcursul urmatorului an, celor dintre voi care sunteți interesati.

Notite despre Metodologia Triunghiului Diagrama 2 (10.10.18):

Sus pe pagina este un tabel care arata cele Trei Calitati ale fiecareia dintre cele trei pozitii a fiecarui triunghi.

Apoi mergand mai jos in pagina este "Vedere Verticala de Sus a lui Dumnezeu asupra Grupului" aratand ca de "Deasupra" toti membrii sunt egal de importanți ca un grup. Similar cu a ne uita la toti oamenii de deasupra si a vedea numai culori diferite de par.

Apoi mergand din nou mai in jos pe pagina este "Vederea Noastră Orizontală Laterală a Grupului" aratand "dintr-o Parte" modul in care fiecare dintre membrii sunt in relatie ca un grup. Similar cu o ne uita la toate persoanele din lateral si a vedea ca unele sunt mai focusate in cap, altele deasupra diafragmei si altele sub diafragma, si cu toate astea toate formeaza o persoana. Aceasta vedere arata ca cei trei membri ai Triunghiurilor Exoterice formeaza un "Nivel Managerial" si ca fiecare detine o calitate specifica de "Conducere" (Directiva, Educativa sau Instructiva).

Cum mergem mai jos pe diagrama in stanga arata ca Conducatorul Directiv al fiecarui triunghi este responsabil cu directionarea aspectelor Educative ale muncii triangulare pe care Conducatorul Albastru Educativ le intreprinde pentru Triunghi (nu pentru orice fel de munca personala pe care ar vrea sa o indeplineasca). Responsabilitatea Conducatorilor Directivi este sa gaseasca si sa vada clar scopul Lucrului/Muncii Grupului Triangular pe care cele trei persoane ale triunghiului il pot implini impreuna, nu pentru ei personal ci in serviciu, din lipsa de o expresie mai buna, in folosul umanitatii si sa directioneze munca Educativa si Activa la care grupul se "angajeaza" ca si serviciu. Asta nu limiteaza Conducatorul Directiv (in afara de cat de multa energie si ce capacitatii ar putea avea) din a-si implini propriile obiective personale de viata sau munca. Si cu toate acestea, intr-un astfel de grup , obiectivele personale ar trebui considerate pe plan secundar in constientizare (nu neaparat ca si cantitate de timp petrecut) fata de obiectivele grupului pe care Conducatorul Directiv le-ar directiona.

Conducatorul Albastru Educational al fiecarui triunghi ar fi responsabil cu aspectele Educationale ale muncii triangulare sub directia oferita de Conducatorul Directiv in relatie cu prioritati, sincronizare si coordonare cu Conducatorul Instructiv, etc.

Conducatorul Galben Instructiv al fiecarui triunghi este responsabil de participarea in triunghi ca persoana Activitatii per total sub Directia Conducatorului Directiv al triunghiului in relatie cu prioritati, sincronizare si coordonare cu Conducatorul Educational, etc. Conducatorul Galben Instructiv este de asemenea responsabil pentru diversele "sub-activitati" sau persoane care umplu Nivelul Operational al activitatii, precum Arte, Stiinta, Devotie/Ceremonie si Politica. Asta inseamna de asemenea ca Conducatorul Galben Instructiv supravegheaza orice fel de Conducere Demonstrativa a Conducatorilor Operationali si a Functiilor la Nivelul Functional aducand orice preocupari ce ar avea nevoie de directie, inapoi la Nivelul Managerial al triunghiului.

Diagrama mica din dreapta jos de tot arata ca exista trei Faze ale progresiei relatiilor din triunghi si cum functioneaza aceste relatii. Prima Faza este faza echilibrului si este condusa in principal de Conducatorul Directiv, cea de-a Doua Faza este o faza toleranta si are mai mult legatura cu Conducatorul Educativ sub directia Conducatorului Directiv, si cea de-a Treia Faza este o faza disciplinata si are mai mult legatura cu Conducatorul Instructiv sub directia Conducatorului Directiv. In momentul in care aceste faze au fost implinite de catre membrii triunghiului lucrând împreună atunci ce-a de-a Patra Faza centrală este atinsă atunci cand triunghiul lucreaza ca un tot unitar nu doar ca și trei persoane care cooperează împreună.

Notite despre Identificarea celor 9 persoane (3 triunghiuri de cate 3 persoane) in Triunghiul Ezoteric:

Cheia Culorilor si Simbolurilor din Diagrama 1 Identificarea Triunghiului Ezoteric (10.17.18):

Cheia Culorilor este bazata pe Culoarea Pozitiilor (Director - Rosu, Educator - Albastru, Instructor - Galben) "PLUS" Culoarea Triunghiului (Rosu, Albastru, Galben):

In triunghiul Rosu (Directiv) pozitia de Director este Rosie (Rosu + Rosu = Rosu)

Forma(Simbolul) de triunghi a pozitiei Directive din triunghiul Directiv arata ca aceea este pozitia Guvernanta si include Pozitia Directiva din Triunghiul Ezoteric

In triunghiul Rosu (Directiv) pozitia de Educator este Violet (Rosu + Albastru = Violet)

In triunghiul Rosu (Directiv) pozitia de Instructor este Portocalie (Rosu + Galben = Portocaliu)

In triunghiul Albastru (Educativ) pozitia de Director este Violet (Albastru + Rosu = Violet)

In triunghiul Albastru (Educativ) pozitia de Educator este Albastra (Albastru + Albastru = Albastru)

Forma(Simbolul) de triunghi a pozitiei Educative din triunghiul Educativ arata ca aceea este pozitia Guvernanta si include Pozitia Educativa din Triunghiul Ezoteric

In triunghiul Albastru (Educativ) pozitia de Instructor este Verde (Albastru + Galben = Verde)

In triunghiul Galben (Instructiv) pozitia de Director este Portocalie (Galben + Rosu = Portocaliu)

In triunghiul Galben (Instructiv) pozitia de Educator este Verde (Galben + Albastru = Verde)

In triunghiul Galben (Instructiv) pozitia de Instructor este Galbena (Galben + Galben = Galben)

Forma(Simbolul) de triunghi a pozitiei Instructive din triunghiul Instructiv arata ca aceea este pozitia Guvernanta si include Pozitia Educativa din Triunghiul Ezoteric

Ciclurile Lunii Pline; Ideile principale ale Lunii Pline; Ciclurile Grupurilor, Calitatile Ciclurilor de Grup si Festivalurile Grupurilor:

1. Ciclurile Lunii Pline: Lucram cu Ciclurile Lunii Pline de aproximativ 28 de zile (in general lunare) si cu progresia Anuala de doisprezece Luni Pline de la Berbec pana la Pesti.

Noi consideram ca Anul Zodiacal incepe cu Luna plina din Berbec (Cand luna plina este in luna in care Soarele se afla in Berbec, general in Martie sau Aprilie). Noi de asemenea consideram ca primele trei Luni Pline ale Anului Zodiacal incepand cu luna plina din Berbec sunt "o constructie" de energie si

constiinta pentru an si cele noua luni care au ramas din an sunt o distributie a acelei "constructii" de energie si constiinta. Asa ca incepand cu Luna Plina din Berbec energia creste pana la Luna Plina din Taur (general in Aprilie sau Mai) si apoi creste pana la Luna Plina din Gemeni (general in Mai sau Iunie) si se distribuie in urmatoarele noua Luni Pline din Rac, Leu, Fecioara, Balanta, Scorpion, Sagetator, Capricorn, Varsator si Pesti.

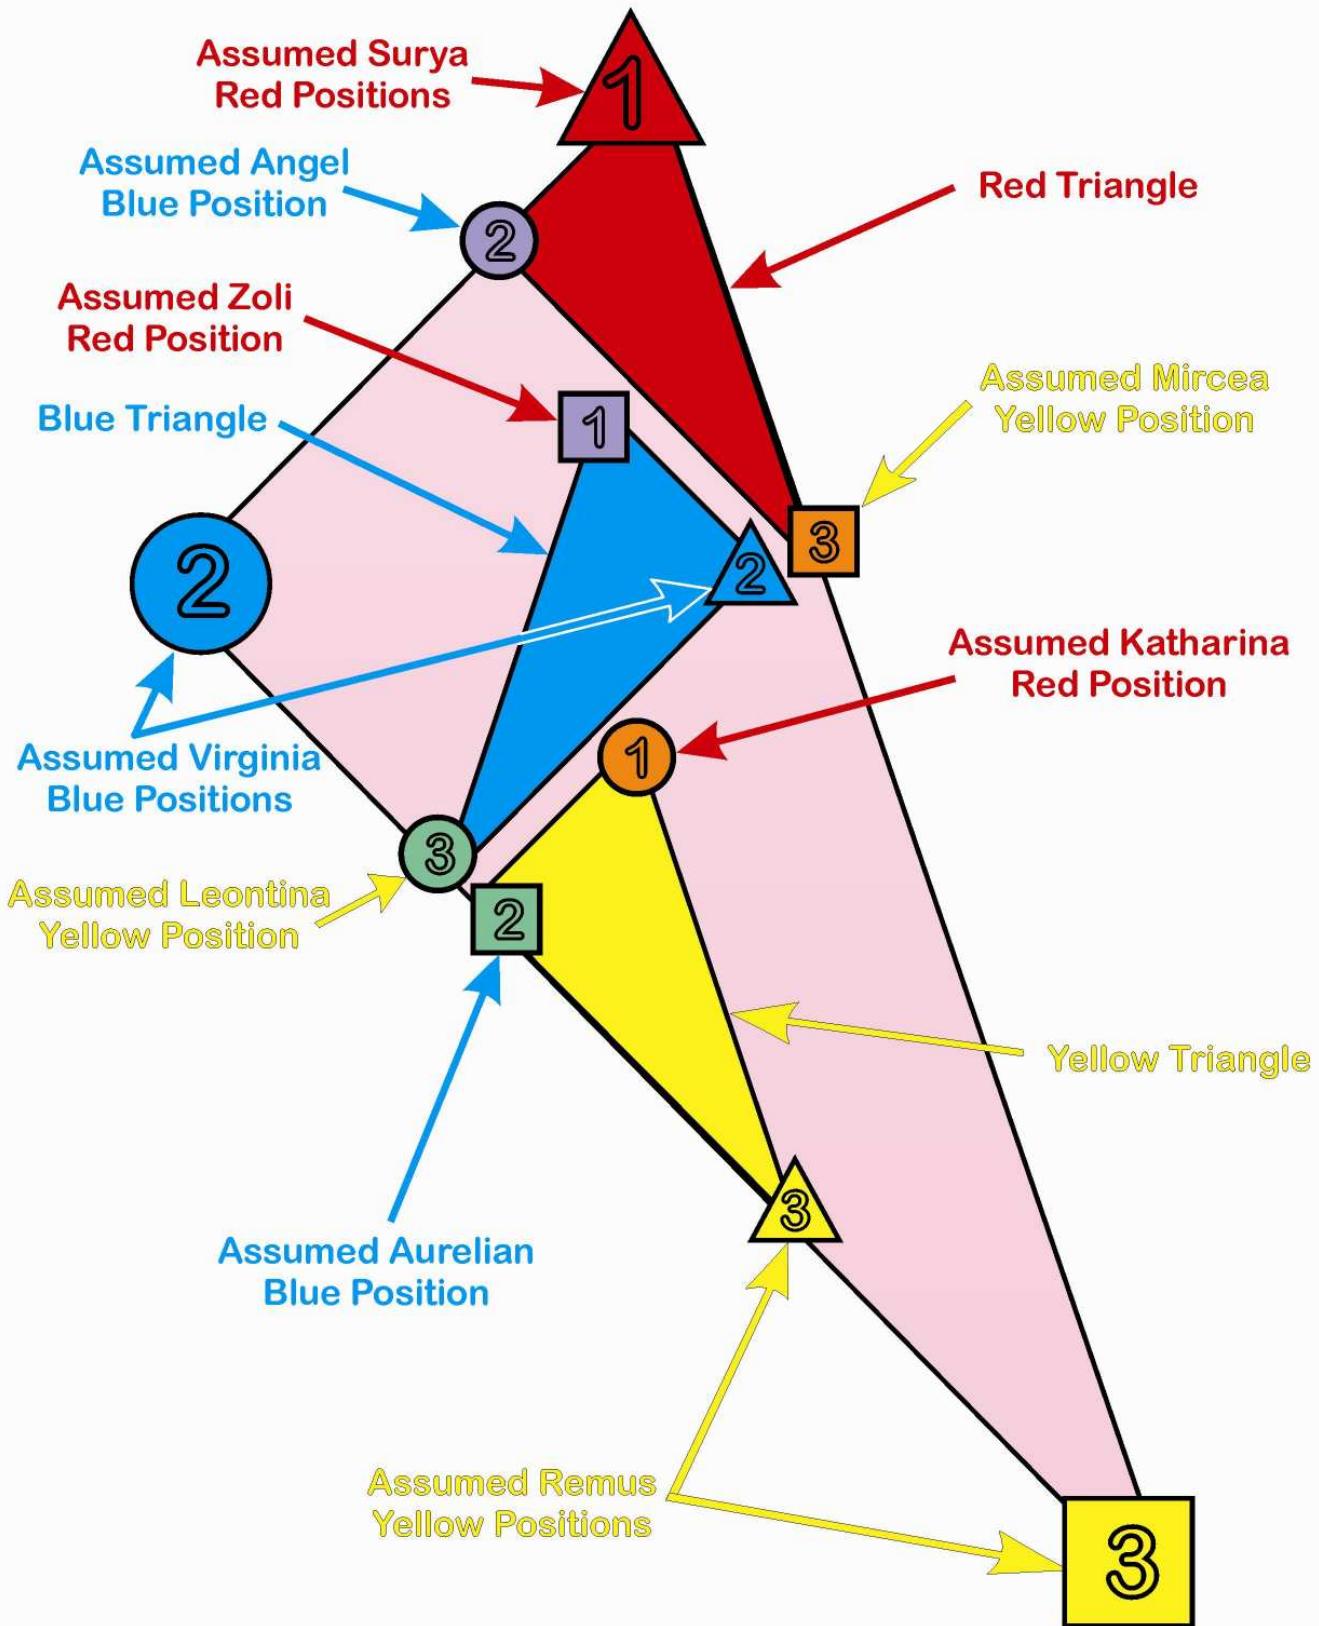

2. Ideile Principale ale celor doisprezece Luni Pline Anuale sunt:

1. BERBEC (Construire)	Eu vin si din planul mintii, eu conduc.
2. TAUR (Construire)	Văd si când Ochiul este deschis, totul este lumină.
3. GEMENI (Construire)	Îmi recunosc celălalt sine si, în descresterea acelui sine, cresc si strălucesc.
4. RAC (Distribuire)	Construiesc o casă luminată si acolo locuiesc.
5. LEU (Distribuire)	Eu sunt Asta si Asta sunt. (Si prin Asta este vorba de Dumnezeu, Spirit)
6. FECIOARA (Distribuire)	Eu sunt mama si copilul. Eu, Dumnezeu, Eu, materie sunt.
7. BALANTA (Distribuire)	Aleg calea care conduce printre cele doua mari linii de forta.
8. SCORPION (Distribuire)	Luptator sunt eu si din batalie reies triumfant.
9. SAGETATOR (Distribuire)	Vad scopul. Ating acel scop si apoi văd altul.
10. CAPRICORN (Distribuire)	Pierduta(a) sunt in lumina celesta, si totusi acestei lumini ii intorc spatele.
11. VARSATOR (Distribuire)	Apa vietii sunt eu, varsata pentru oameni insetati.
12. PESTI (Distribuire)	Parasesc casa Tatului si intorcandu-ma, salvez.

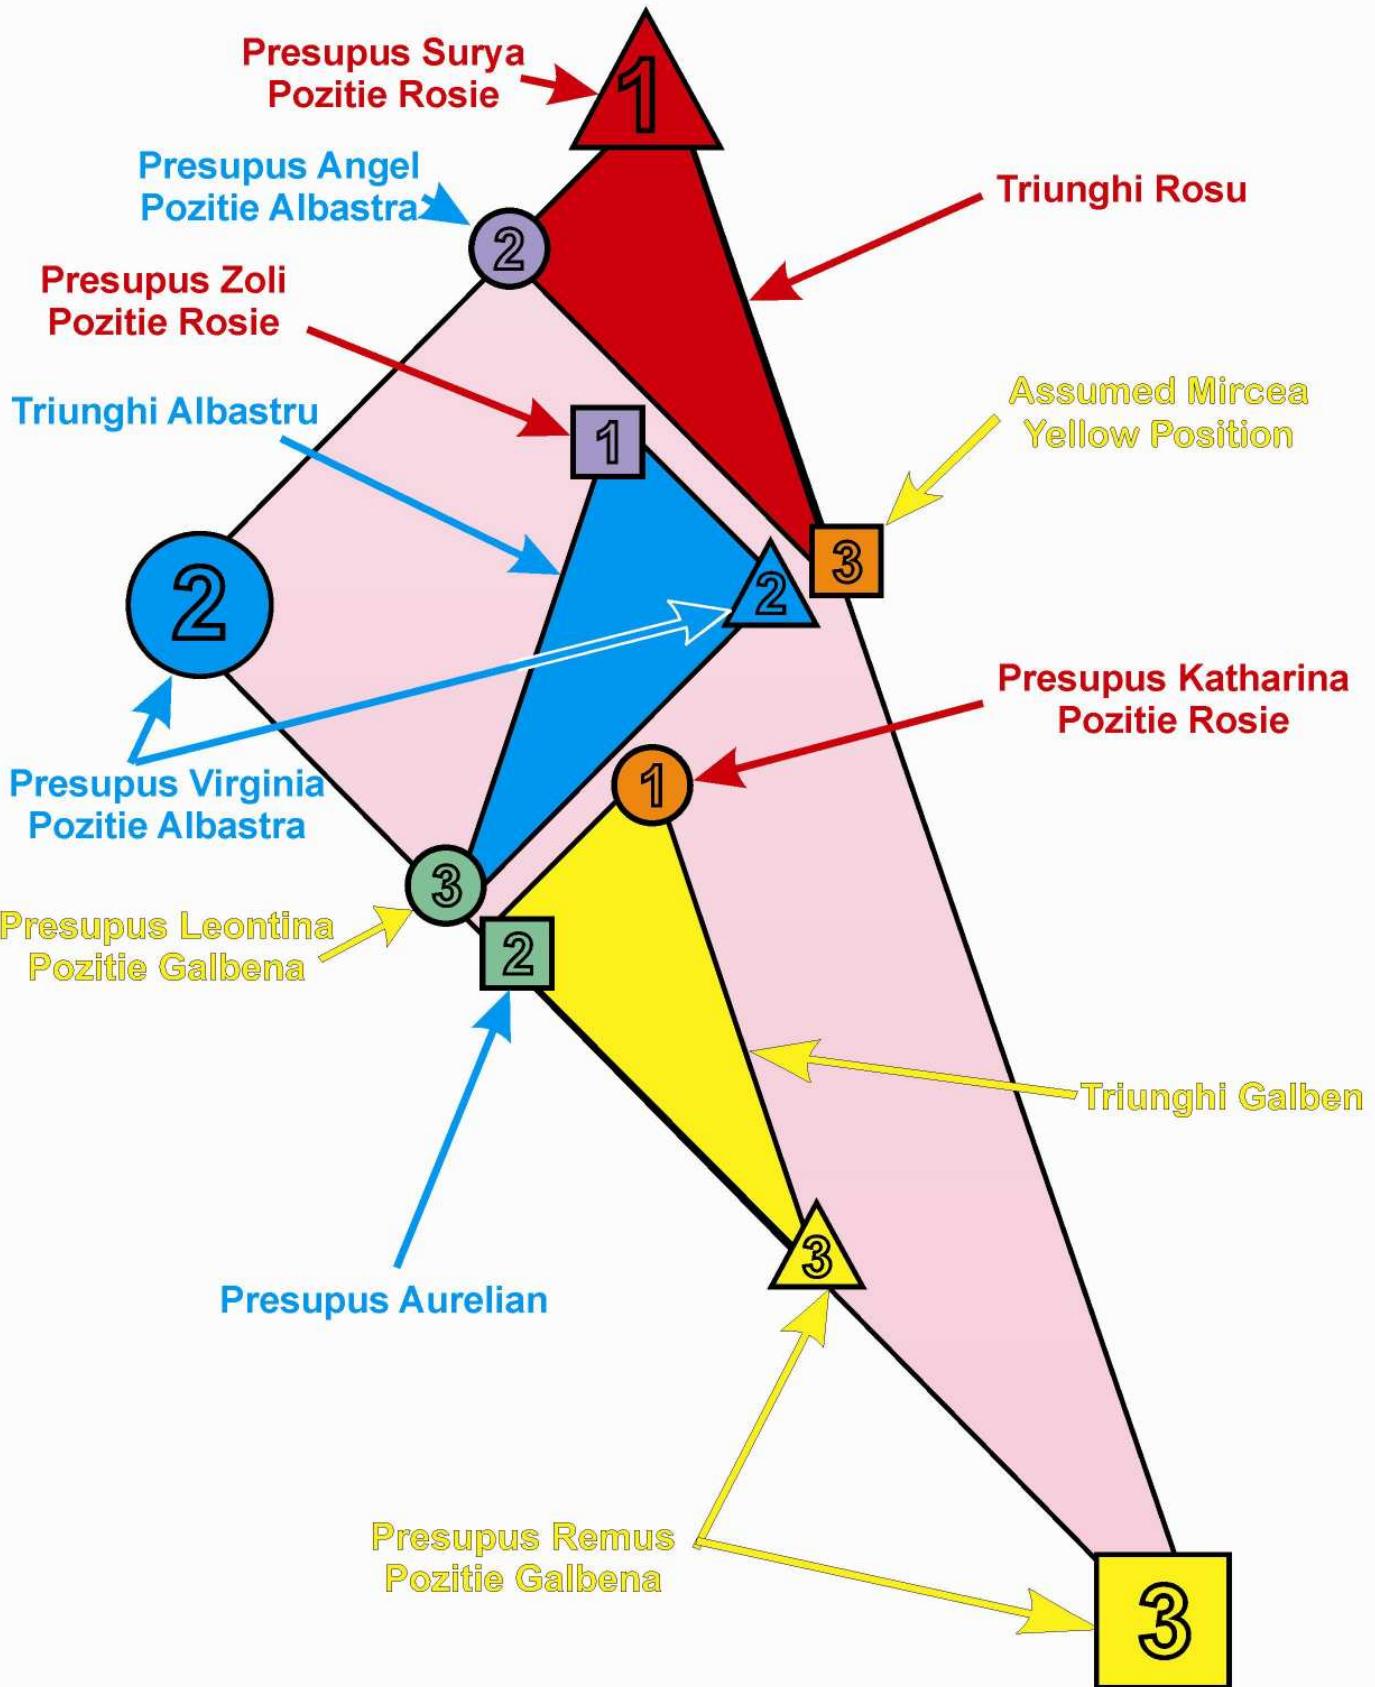

3. Ciclurile si Calitatile de Grup: Noi lucram cu grupuri de 27 de ani care noi consideram ca au inceput in 1933 si care incep cu Luna Plina din Taur (general Aprilie sau Mai) in fiecare an. Ciclurile de 27 de ani sunt compuse din 3 cicluri de cate 9 ani. Ciclurile de 9 ani sunt compuse din trei cicluri de cate 3 ani. Ciclurile de 3 ani sunt compuse din trei cicluri anuale. Calitatile ciclurilor se rotesc de la: A. Primul Ciclu - Criza/Consolidare; B. Al Doilea Ciclu - Tensiune/Expansiune; C. Al Treilea Ciclu - Aparitie/Impact asupra Constiintei Publice. Asa ca fiecare an are calitatea anului, calitatea celor trei ani si calitatea celor noua ani. Anul 2019 este un ciclu anual de Aparitie/Impact asupra Constiintei Publice (intr-un ciclu de trei ani de Tensiune/Expansiune; intr-un ciclu de noua anu de Criza/Consolidare). Asa ca potrivit acestor cicluri, 2019 este un an bun de a incepe munca exterioara precum ar fi acest grup.

4. Festivalurile de Grup: In plus fata de Ciclurile de Grup exista un Festival de Grup care se tine in saptamana 21-28 Decembrie (sapte zile) o data la fiecare sapte ani. Urmatorul an, 2019, este un An de Festival de Grup. Festivalul este sarbatorit prin grupul meditand in fiecare dintre dintre cele sapte zile impreuna cu o meditatie similara cu cele pentru Lunile Pline pentru a uni grupul si obiectivele grupului in meditatie.. Aceste sapte meditatii sunt considerate a fi de o calitate mai inalta decat Meditatiiile de Luna Plina (care construiesc energia si constiinta pentru an). Aceste sapte zile de meditatie construiesc energia si constiinta grupului pentru urmatorii sapte ani

Fiecare persoana ar putea considera ce s-a intamplat semnificativ dupa anii: 2012, 2005, 1998, 1991, 1964, 1977, 1970, 1963, 1956, 1949, 1943, etc. in viata lor ca si rezultat al acestor impulsuri.

Notes on Esoteric Triangle Identification Diagram 1 of (10.17.18) of 9 people (3 Triangles of 3 people each):

The nine people are shown in Esoteric Triangle Identification Diagram 1 of 10.17.18 and are:

Red Triangle: Surya, Angel, Mircea (a friend of Surya and Angel from Bucharest),

Blue Triangle: Zoli, Virginia Faur, Leontina,

Yellow Triangle: Katharina from BioFarmland, Aurelian, and Remus.

We (Surya and Angel) have talked directly or through email with each of you about how this could work for each of you individually based on information from your Color Consultations however these are the first notes for all nine people on how the group might form as a whole.

This is the first update which is for these nine people that have been shown through their Color Consultations as a possibly Identified Group. We (Surya and Angel) could share what we consider as a Group Formation Process over the next year for those who are interested.

Notes on Triangle Methodology Diagram 2 (10.17.18):

At the top is a table of the Three Qualities for each of the three positions of each of the triangles (Red, Blue, Yellow)

Then going down the page is “God’s Vertical Top View of the Group” showing that from ‘Above’ all members of the triangles are of equal importance as a group. Similarly to looking at all people from above and seeing only different color hair.

Then going down the page is “Our Horizontal Side View of the Group” showing that from ‘the Side’ the way each of the members of the triangles are in relationship as a group. Similarly to looking at all people from the side and seeing some as more focused in the head, some more focused above the diaphragm and some more focused below the diaphragm yet all forming one person. This view shows that the three members of the Exoteric triangles form one ‘Managerial Level’ and that each holds a specific quality of Leadership (Directive, Educative or Instructive).

As we go down the diagram on the left it shows that the Directive Leader of each triangle would be responsible for directing the Educative aspects of the triangular work that the Blue Educative Leader would be doing for the Triangle (not any of their personal work they may want to do or accomplish). The Directive Leader’s responsibility is to find and see clearly the purpose of the Triangular Group Work that the three people of the triangle can accomplish not for themselves but in service for humanity (for lack of a better expression) and to direct the Educative and Active work that the triangular group takes on as its service. This also does not limit the Directive Leader (other than how much energy or capabilities that they may have) from accomplishing their own personal life and work objectives. However, in a group such as this, personal objectives are to be considered as secondary in life awareness (not necessarily from a time spent) to the group objectives that the Directive Leader would direct.

The Blue Educational Leader of each triangle would be responsible for the Educational aspects of the triangular work under the direction of the Directive Leader in relationship to priorities, timing, coordination with the Instructional Leader, etc.

The Yellow Instructional Leader of each triangle is responsible for participation in the triangle as the over-all Activity person under the Direction of the Directive Leader of the triangle in relationship to priorities, timing, coordination with the Educational Leader, etc. The Yellow Instructional Leader is also responsible for the various ‘sub-activities’ or people who will fill the Operational Levels of activity, such as, Art, Science, Devotion/Ceremony and Politics. This means also the Yellow Instructional Leader over seeing any Demonstrative Leadership of the Operational Leaders and Functions at the Functional Level and bringing any other directive concerns back to the Managerial Level of the triangle.

The small diagram on the bottom right shows that there are Phases to the progression of the triangle relationships and how these relationships function (either with equilibrium, tolerance or discipline) and where the major amount of energy is normally required. The First Phase is an equilibrium phase and is led mostly by the Directive Leader, the Second Phase is a tolerant phase and has to do more with the Educative Leader under the direction of the Directive Leader, and the third phase is a disciplined phase and has more to do with the Instructional Leader under the direction of the Directive Leader. When these phases have been accomplished by the people of the triangle working together then the central forth phase is reached when the triangle works as a whole and not just three people cooperating together.

Color and Symbol Keys to the Esoteric Triangle Identification Diagram 1 of (10.17.18):

Color Keys are based on the Position Color (Directive - Red, Educative - Blue, Instructional - Yellow) ‘PLUS’ the Triangle Color (Red, Blue, Yellow):

Red (Directive) Triangle Directive Position is Red color (Red + Red = Red).

English (continuation):

Triangle Symbol shows Directive Position of the Directive Triangle as the Governing Position and includes the Directive Position of the Esoteric Triangle.

Red (Directive) Triangle Educative Position is Violet color (Red + Blue = Violet).

Red (Directive) Triangle Instructional Position is Orange color (Red + Yellow = Orange).

Blue (Educative) Triangle Directive Position is Violet color (Blue + Red = Violet).

Blue (Educative) Triangle Educative Position is Blue color (Blue + Blue = Blue).

Triangle Symbol shows Educative Position of the Educative Triangle as the Governing Position and includes the Educative Position of the Esoteric Triangle.

Blue (Educative) Triangle Instructional Position is Green color (Blue + Yellow = Green).

Yellow (Instructional) Triangle Directive Position is Orange color (Yellow + Red = Orange).

Yellow (Instructional) Triangle Educative Position is Green color (Yellow + Blue = Green).

Yellow (Instructional) Triangle Instructional Position is Yellow color (Yellow + Yellow = Yellow).

Triangle Symbol shows Instructional Position of the Instructional Triangle as the Governing Position and includes the Instructional Position of the Esoteric Triangle.

Full Moon Cycles; Full Moon Keynotes; Group Cycles, Group Cycle Qualities and Group Festivals:

- 1. Full Moon Cycles:** We are working with the approximately 28 day (generally monthly) Full Moon Cycle and the twelve Annual Full moon progression from Aries through Pisces.

We are considering that the Zodiac Year starts with the Aries Full Moon (when the Full Moon occurs in the Sun Sign of Aries, generally in March or April). We are also considering that the first three Full Moons of the Zodiac Year beginning with the Full Moon of Aries are a 'building-up' of energy and consciousness for the year and that the remaining nine months of the year are a distribution of that built energy and consciousness. Therefore starting with the Full Moon of Aries the energy builds to the Full Moon of Taurus (generally in April or May) and then builds to the Full Moon of Gemini (generally in May or June). Then the energy and consciousness are distributed over the next nine Full Moons of Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius and Pisces.

- 2. The Keynotes for the twelve Annual Full Moons are:**

1. ARIES (Build-Up)	I come forth and from the plane of mind, I rule.
2. TAURUS (Build-Up)	I see and when the Eye is opened, all is light.
3. GEMINI (Build-Up)	I recognize my other self and in the waning of that self, I grow and glow.
4. CANCER (Distribute)	I build a lighted house and therein dwell.
5. LEO (Distribute)	I am That and That am I.
6. VIRGO (Distribute)	I am the mother and the child. I, God, I, matter am.
7. LIBRA (Distribute)	I choose the way which leads between the two great lines of force.
8. SCORPIO (Distribute)	Warrior I am and from the battle I emerge triumphant.
9. SAGITTARIUS (Distribute)	I see the goal. I reach that goal and then I see another.
10. CAPRICORN (Distribute)	Lost am I in light supernal, yet on that light I turn my back.
11. AQUARIUS (Distribute)	Water of life am I, poured forth for thirsty men.
12. PISCES (Distribute)	I leave the Father's home and turning back, I save.

- 3. Group Cycles and Qualities:** We are working with 27 year cycles that we are considering started in 1933 and begin at the time of the Taurus Full Moon (generally April or May) each year. The 27 year cycles are composed of three 9 year cycles. The 9 year cycles are composed of three 3 year cycles. The three year cycles are composed of three annual cycles. The qualities of the cycles rotate from: A. First Cycle - Crisis/Consolidation; B. Second Cycle - Tension/Expansion; C. Third Cycle - Emergence/Impact on Public Consciousness. So each year has the quality of the year, the quality of the three years and the quality of the nine years. The year 2019 is a year cycle of Emergence/Impact on Public Consciousness (within a three year cycle of Tension/Expansion; within a nine year cycle of Crisis/Consolidation). So according to these cycles 2019 is a good year to start outer work, such as, this group.

- 4. Group Festivals:** In addition to the Group Cycles there is a Group Festival held the week of December 21st to December 28th (seven days) once every seven years. Next year, 2019, is a Group Festival Year. The festival is celebrated by the group meditating each of the seven days with a similar type of meditation to the Full Moon Meditations in order to unite the group and the group objectives in meditation. These seven meditations are considered to be of a higher quality than the Full Moon Meditations (which build-up the energy and consciousness for the year). These seven days of meditation build-up the energy and consciousness of the group for the next seven years.

Each person might consider what significant happened after the years 2012, 2005, 1998, 1991, 1984, 1977, 1970, 1963, 1956, 1949, 1943, etc. in their own lives which might have been as a result of these impulses.

Notite despre Identificarea celor 9 persoane (3 triunghiuri de cate 3 persoane) in Triunghiul Ezoteric:

Cele 9 persoane sunt aratare in Identificarea Triunghiului Ezoteric Diagrama 1 din (10.10.18) si sunt:

Triunghiul Rosu: Surya, Angel, Mircea (un prieten din Bucuresti al lui Surya si al lui Angel)

Triunghiul Albastru: Zoli, Virginia Faur, Leontina

Triunghiul Galben: Katharina (de la Biofarmland), Aurelian, Remus

Noi (Surya si Angel) am vorbit cu fiecare dintre voi direct sau prin email despre cum ar putea sa functioneze asta pentru fiecare dintre voi individual, bazat pe informatia fiecaruia din Consulatia de Culori, totusi acestea sunt primele notite pentru toate cele 9 persoane despre cum ar putea sa se formeze grupul ca un tot unitar.

Aceasta este prima actualizare facuta pentru cele 9 persoane care s-au aratat prin Consultatiile de Culori ca o posibilitate de Grup Identificat. Noi (Surya si Angel) putem sa impartasim cu voi ceea ce consideram noi ca un Process de Formare a Grupului pe parcursul urmatorului an, celor dintre voi care sunteti interesati.

Notite despre Metodologia Triunghiului Diagrama 2 (10.10.18):

Sus pe pagina este un tabel care arata cele Trei Calitati ale fiecarei dintre cele trei pozitii a fiecarui triunghi.

Apoi mergand mai jos in pagina este **"Vedere Verticala de Sus a lui Dumnezeu asupra Grupului"** aratand ca de "Deasupra" toti membrii sunt egal de importanți ca un grup. Similar cu a ne uita la toti oamenii de deasupra si a vedea numai culori diferite de par.

Apoi mergand din nou mai in jos pe pagina este **"Vederea Noastră Orizontală Laterală a Grupului"** aratand "dintr-o Parte" modul in care fiecare dintre membrii sunt in relatie ca un grup. Similar cu oa ne uita la toate persoanele din lateral si a vedea ca unele sunt mai focusate in cap, altele deasupra diafragmei si altele sub diafragma, si cu toate asta toate formeaza o persoana. Aceasta vedere arata ca cei trei membri ai Triunghiurilor Exoterice formeaza un "Nivel Managerial" si ca fiecare detine o calitate specifica de "Conducere" (Directiva, Educativa sau Instructiva).

Cum mergem mai jos pe diagrama in stanga arata ca Conducatorul Directiv al fiecarui triunghi este responsabil cu directionarea aspectelor Educativ ale muncii triangulare pe care Conducatorul Albastru Educativ le intreprinde pentru Triunghi (nu pentru orice fel de munca personala pe care ar vrea sa o indeplineasca). Responsabilitatea Conducatorilor Directivi este sa gaseasca si sa vada clar scopul Lucrului/Muncii Grupului Trianghiular pe care cele trei persoane ale triunghiului il pot implementa impreuna, nu pentru ei personal ci in serviciu, din lipsa de o expresie mai buna, in folosul umanitatii si sa directioneze munca Educativa si Activa la care grupul se "angajeaza" ca si serviciu. Asta nu limiteaza Conducatorul Directiv (in afara de cat de multa energie si ce capacitatii ar putea avea) din a-si implementa propriile obiective personale de viata sau munca. Si cu toate acestea, intr-un astfel de grup, obiectivele personale ar trebui considerate pe plan secundar in constientizare (nu neaparat ca si cantitate de timp petrecut) fata de obiectivele grupului pe care Conducatorul Directiv le-ar directiona.

Conducatorul Albastru Educational al fiecarui triunghi ar fi responsabil cu aspectele Educationale ale muncii triangulare sub directia oferita de Conducatorul Directiv in relatie cu prioritati, sincronizare si coordonare cu Conducatorul Instructiv, etc.

Conducatorul Galben Instructiv al fiecarui triunghi este responsabil de participarea in triunghi ca persoana Activitatii per total sub Directia Conducatorului Directiv al triunghiului in relatie cu prioritati, sincronizare si coordonare cu Conducatorul Educational, etc. Conducatorul Galben Instructiv este de asemenea responsabil pentru diversele "sub-activitati" sau persoane care umplu Nivelul Operational al activitatii, precum Arte, Stiinta, Devotie/Ceremonie si Politica. Asta inseamna de asemenea ca Conducatorul Galben Instructiv supravegheaza orice fel de Conducere Demonstrativa a Conducatorilor Operationali si a Functiilor la Nivelul Functional aducand orice preocupari ce ar avea nevoie de directie, inapoi la Nivelul Managerial al triunghiului.

Diagrama mica din dreapta jos de tot arata ca exista trei Faze ale progresiei relatiilor din triunghi si cum functioneaza aceste relatii. Prima Faza este faza echilibrului si este condusa in principal de Conducatorul Directiv, cea de-a Doua Faza este o faza toleranta si are mai mult legatura cu Conducatorul Educativ sub directia Conducatorului Directiv, si cea de-a Treia Faza este o faza disciplinata si are mai mult legatura cu Conducatorul Instructiv sub directia Conducatorului Directiv. In momentul in care aceste faze au fost implinite de catre membrii triunghiului lucrand impreuna atunci ce-a de-a Patra Faza centrala este atinsa atunci cand triunghiul lucreaza ca un tot unitar nu doar ca si trei persoane care cooperaza impreuna.

Ciclurile Lunii Pline; Ideile principale ale Lunii Pline; Ciclurile Grupurilor, Calitatile Ciclurilor de Grup si Festivalurile Grupurilor:

1. Ciclurile Lunii Pline: Lucram cu Ciclurile Lunii Pline de aproximativ 28 de zile (in general lunare) si cu progresia Anuala de doisprezece Luni Pline de la Berbec pana la Pesti.

Noi consideram ca Anul Zodiacal incepe cu Luna plina din Berbec (Cand luna plina este in luna in care Soarele se afla in Berbec, general in Martie sau Aprilie). Noi de asemenea consideram ca primele trei Luni Pline ale Anului Zodiacal incepand cu luna plina din Berbec sunt "o constructie" de energie si constiinta pentru an si cele noua luni care au ramas din an sunt o distributie a acelei "constructii" de energie si constiinta. Asa ca incepand cu Luna Plina din Berbec energia creste pana pana la Luna Plina din Taur (general in Aprilie sau Mai) si apoi creste pana la Luna Plina din Gemeni (general in Mai sau Iunie) si se distribuie in urmatoarele noua Luni Pline din Rac, Leu, Fecioara, Balanta, Scorpion, Sagetator, Capricorn, Varsator si Pesti.

2. Ideile Principale ale celor doisprezece Luni Pline Anuale sunt:

1. BERBEC (Construire)	Eu vin si din planul mintii, eu conduc.
2. TAUR (Construire)	Văd si când Ochiul este deschis, totul este lumină.
3. GEMENI (Construire)	Îmi recunosc celălalt sine si, în descreșterea acelui sine, cresc și strălucesc.
4. RAC (Distribuire)	Construiesc o casă luminată și acolo locuiesc.
5. LEU (Distribuire)	Eu sunt Asta și Asta sunt. (Si prin Asta este vorba de Dumnezeu, Spirit)
6. FECIOARA (Distribuire)	Eu sunt mama și copilul. Eu, Dumnezeu, Eu, materie sunt.
7. BALANTA (Distribuire)	Aleg calea care conduce printre cele două mari linii de forță.
8. SCORPION (Distribuire)	Luptator sunt eu și din batalie reies triumfant.
9. SAGETATOR (Distribuire)	Vad scopul. Ating acel scop și apoi văd altul.
10. CAPRICORN (Distribuire)	Pierduta(a) sunt în lumina celestă, și totuși acestei lumini îi întorc spatele.
11. VARSATOR (Distribuire)	Apa vietii sunt eu, varsata pentru oameni insetați.
12. PESTI (Distribuire)	Parasesc casa Tatălui și întorcându-mă, salvez.

3. Ciclurile si Calitatile de Grup: Noi lucram cu grupuri de 27 de ani care noi consideram ca au inceput in 1933 si care incep cu Luna Plina din Taur (general Aprilie sau Mai) in fiecare an. Ciclurile de 27 de ani sunt compuse din 3 cicluri de cate 9 ani. Ciclurile de 9 ani sunt compuse din trei cicluri de cate 3 ani. Ciclurile de 3 ani sunt compuse din trei cicluri anuale. Calitatele ciclurilor se rotesc de la: A. Primul Ciclu - Criza/Consolidare; B. Al Doilea Ciclu - Tensiune/Expansiune; C. Al Treilea Ciclu - Aparitie/Impact asupra Constituintei Publice. Asa ca fiecare an are calitatea anului, calitatea celor trei ani si calitatea celor noua ani. Anul 2019 este un ciclu anual de Aparitie/Impact asupra Constituintei Publice (intr-un ciclu de trei ani de Tensiune/Expansiune; intr-un ciclu de noua ani de Criza/Consolidare). Asa ca potrivit acestor cicluri, 2019 este un an bun de a incepe munca exteroara precum ar fi acest grup.

4. Festivalurile de Grup: In plus fata de Ciclurile de Grup exista un Festival de Grup care se tine in saptamana 21-28 Decembrie (sapte zile) o data la fiecare sapte ani. Urmatorul an, 2019, este un An de Festival de Grup. Festivalul este sarbatorit prin grupul meditand in fiecare dintre dintre cele sapte zile impreuna cu o meditatie similara cu cele pentru Lunile Pline pentru a uni grupul si obiectivele grupului in meditatie.. Aceste sapte meditatii sunt considerate a fi de o calitate mai inalta decat Meditatatile de Luna Plina (care construiesc energia si constiinta pentru an). Aceste sapte zile de meditatie construiesc energia si constiinta grupului pentru urmatorii sapte ani

Fiecare persoana ar putea considera ce s-a intamplat semnificativ dupa anii: 2012, 2005, 1998, 1991, 1964, 1977, 1970, 1963, 1956, 1949, 1943, etc. in viata lor ca si rezultat al acestor impulsuri.
